Splash

The app opens here. Continue goes to onboarding.

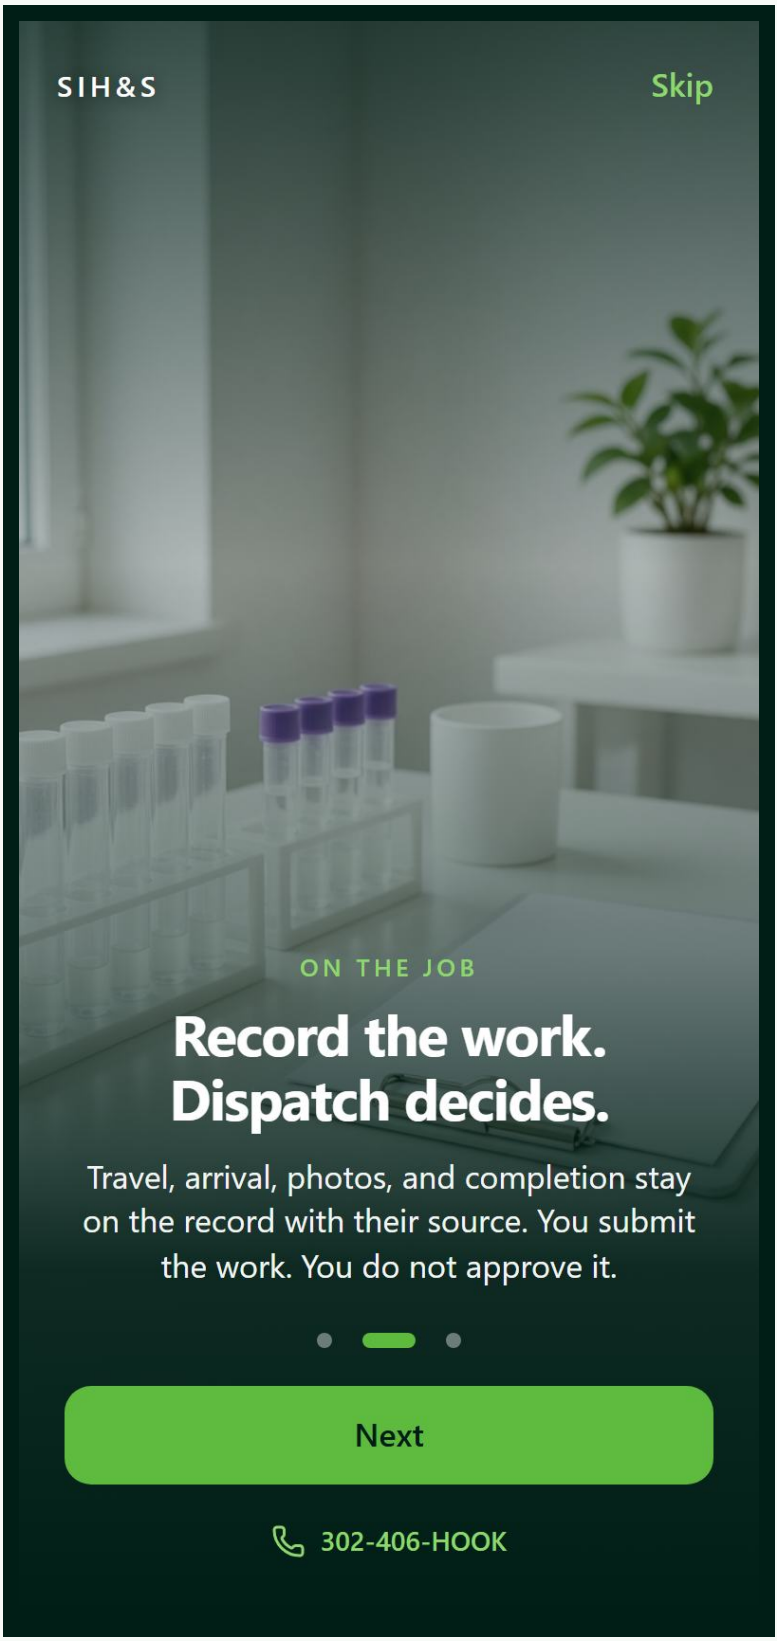

Onboarding - Today's assignment

First of three staff introductions, shown every time after the splash.

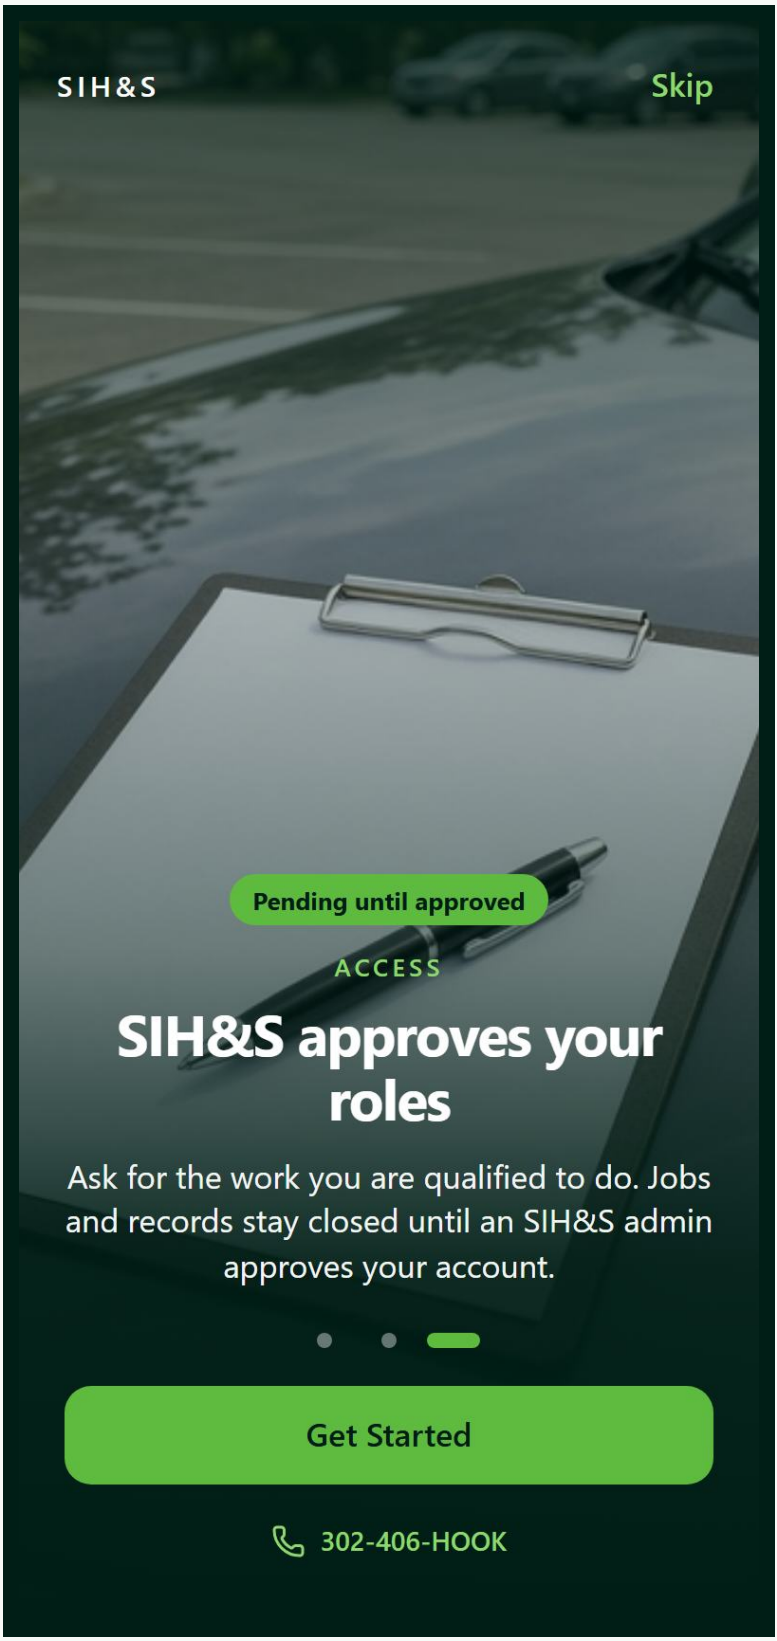

Onboarding - Record the work

Second introduction. Next continues.

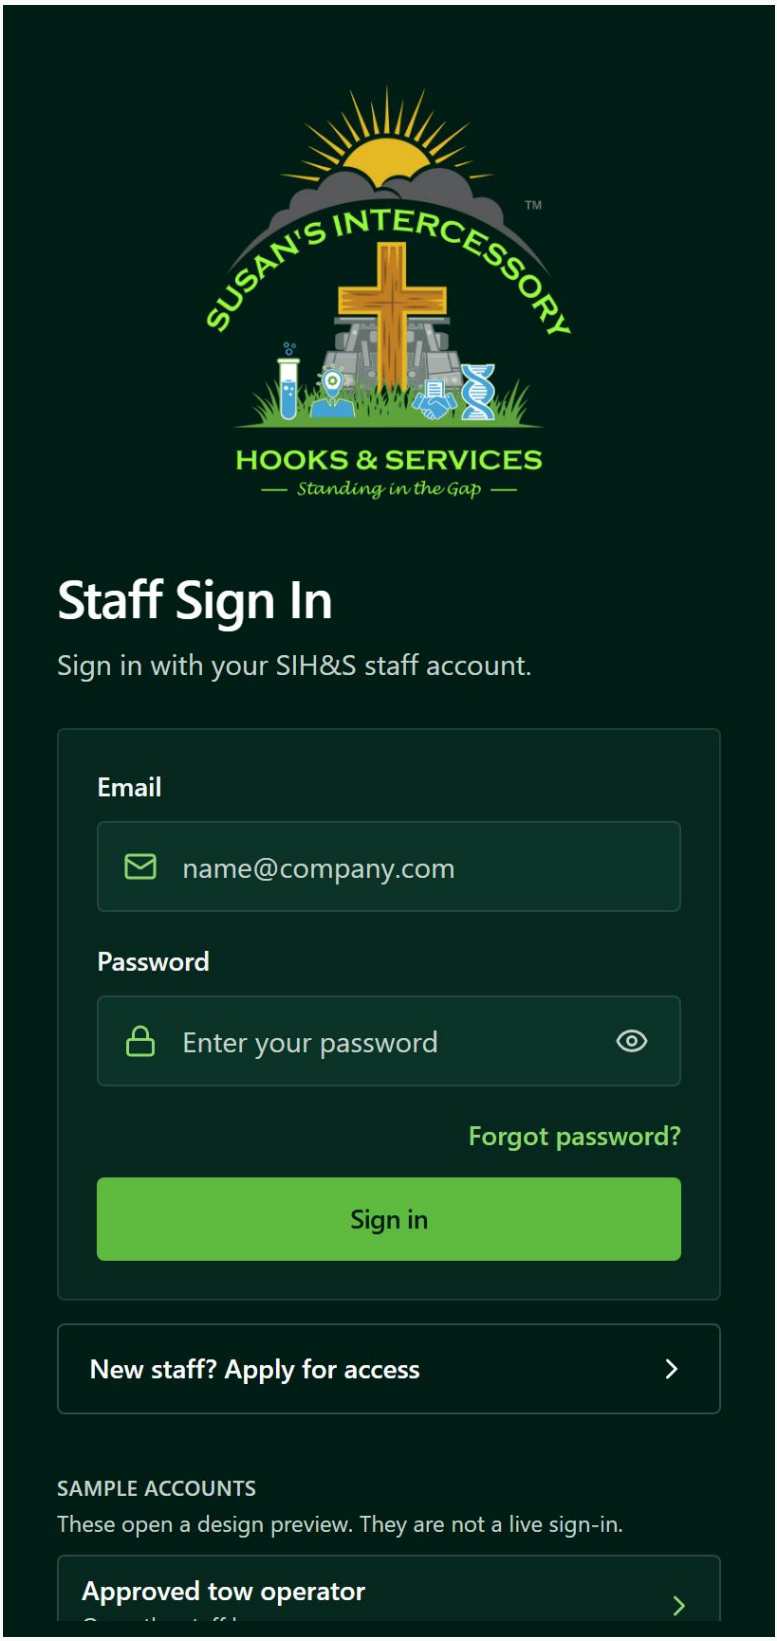

Onboarding - Roles stay pending

Get Started opens Staff Sign In.

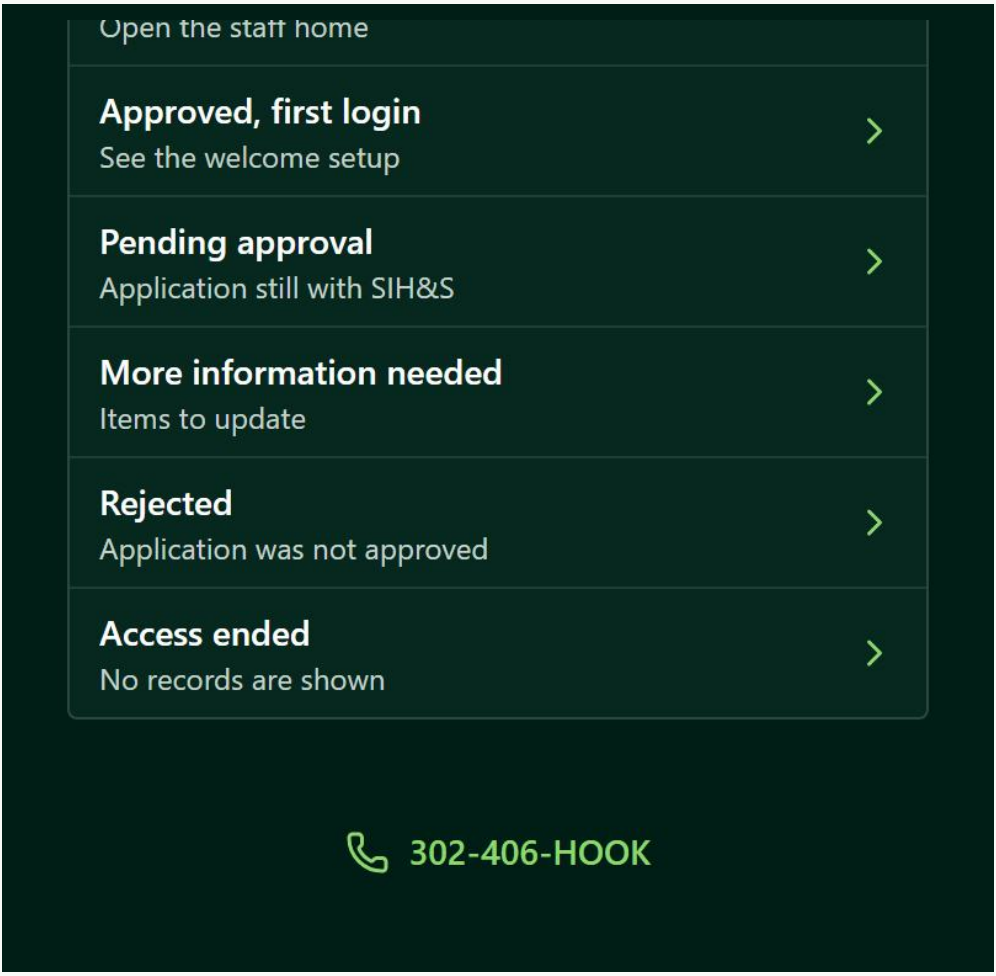

Staff Sign In 1 of 2

Any email continues. A sample-account email opens that account.

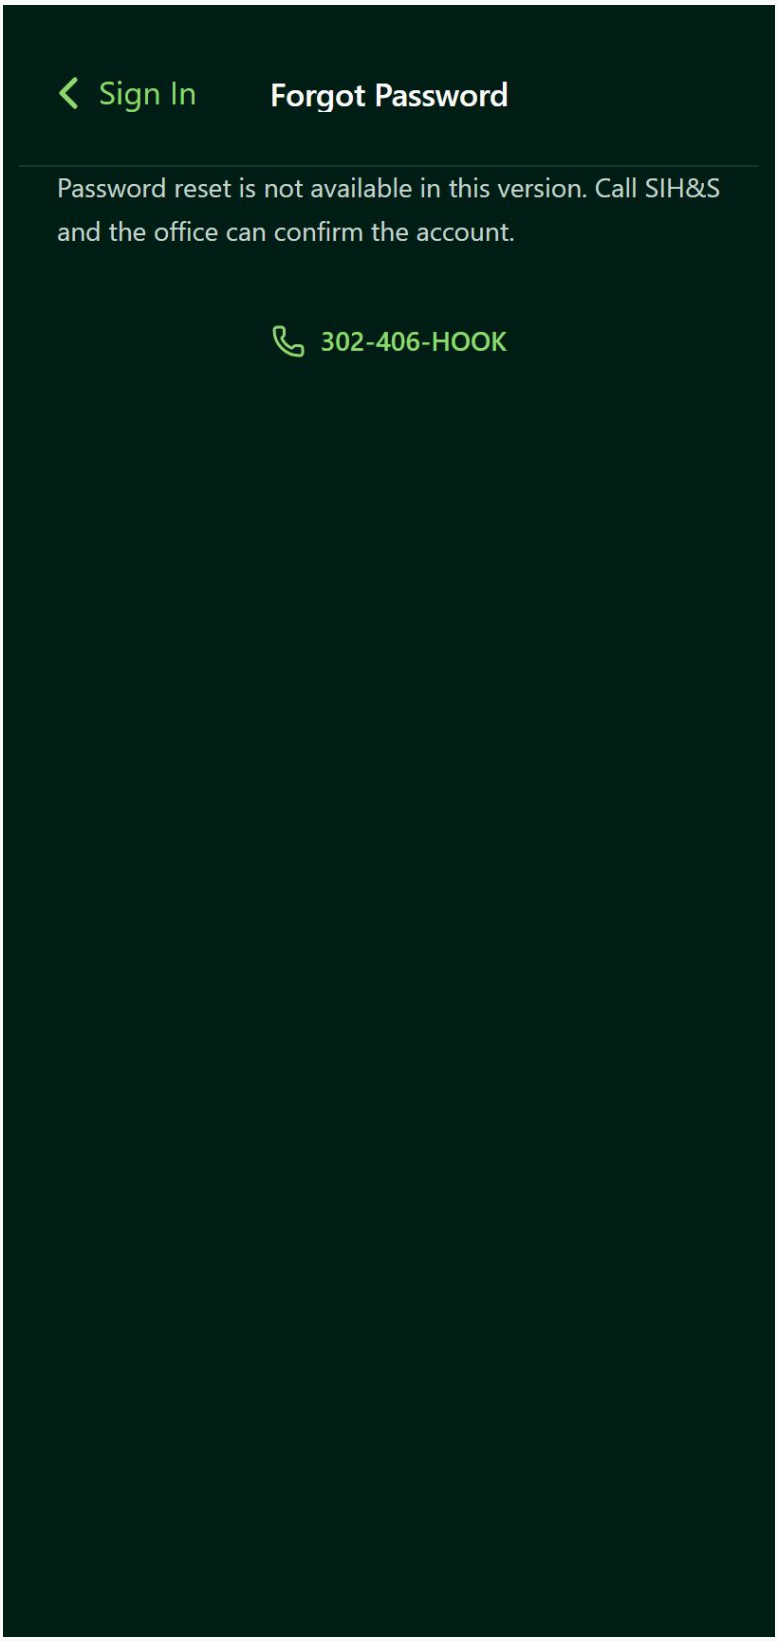

Staff Sign In 2 of 2

Any email continues. A sample-account email opens that account.

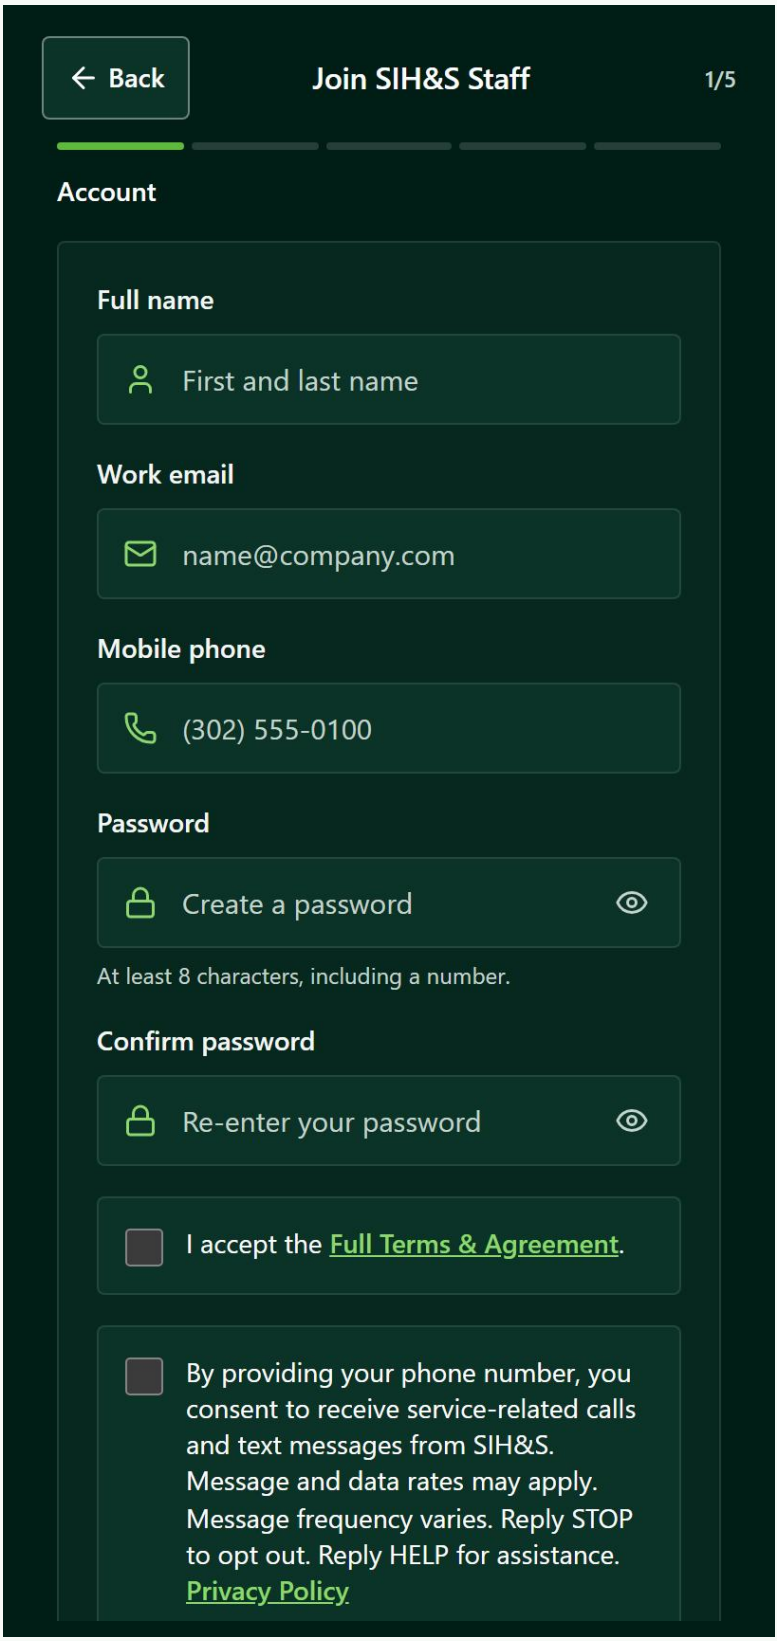

Forgot password

Reached from Staff Sign In. Reset is by phone in this version.

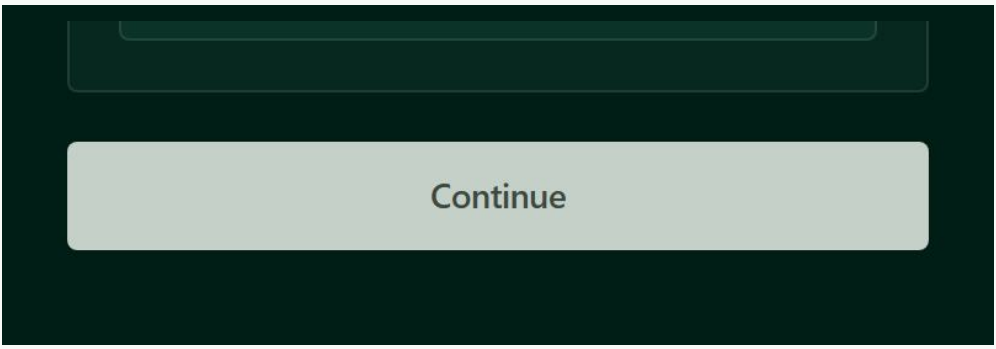

Apply - Account 1 of 2

Step 1 of 5. Continue stays off until terms and SMS are accepted.

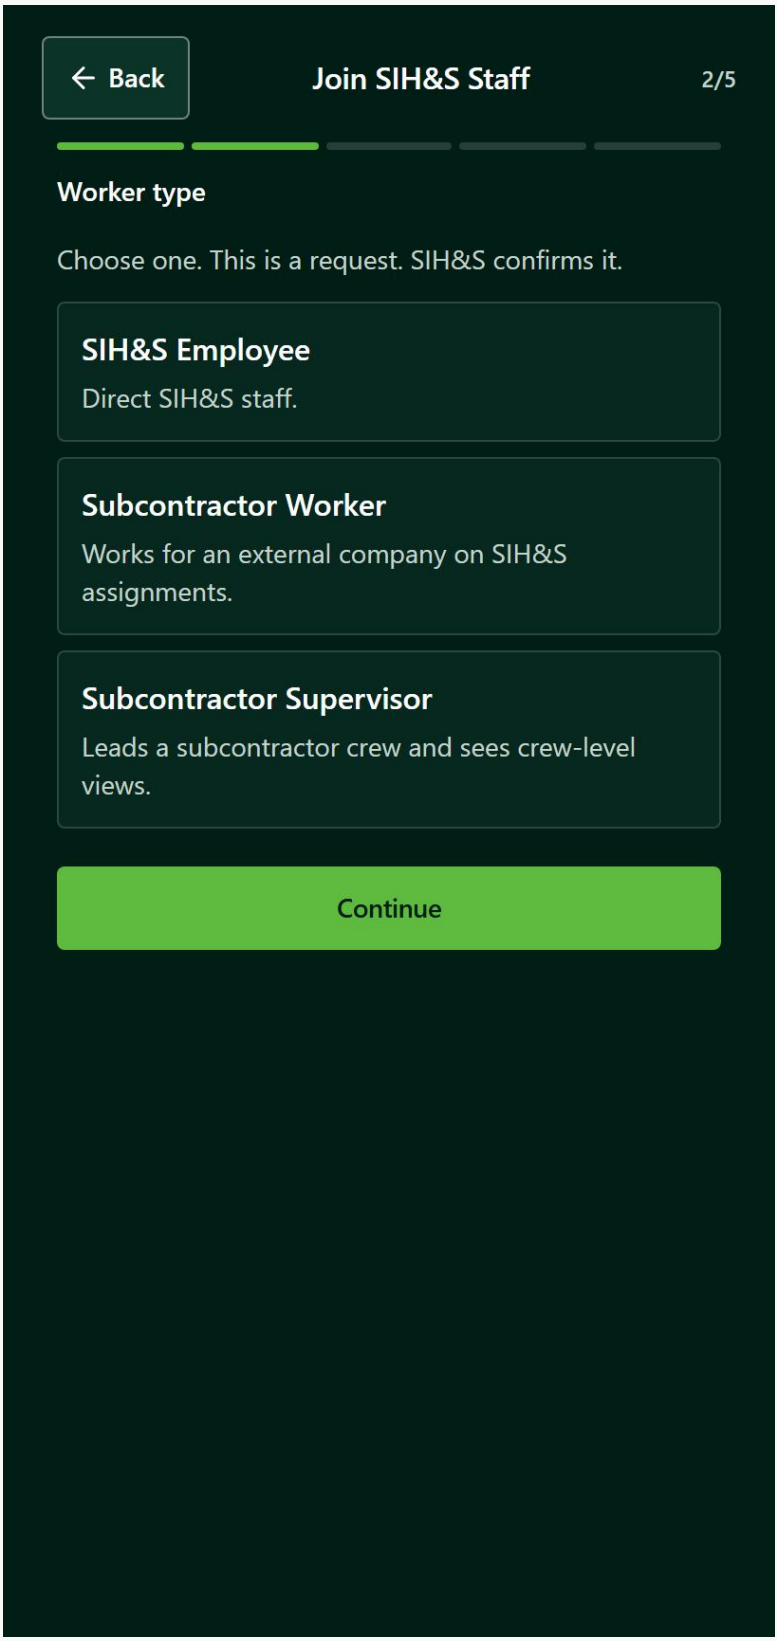

Apply - Account 2 of 2

Step 1 of 5. Continue stays off until terms and SMS are accepted.

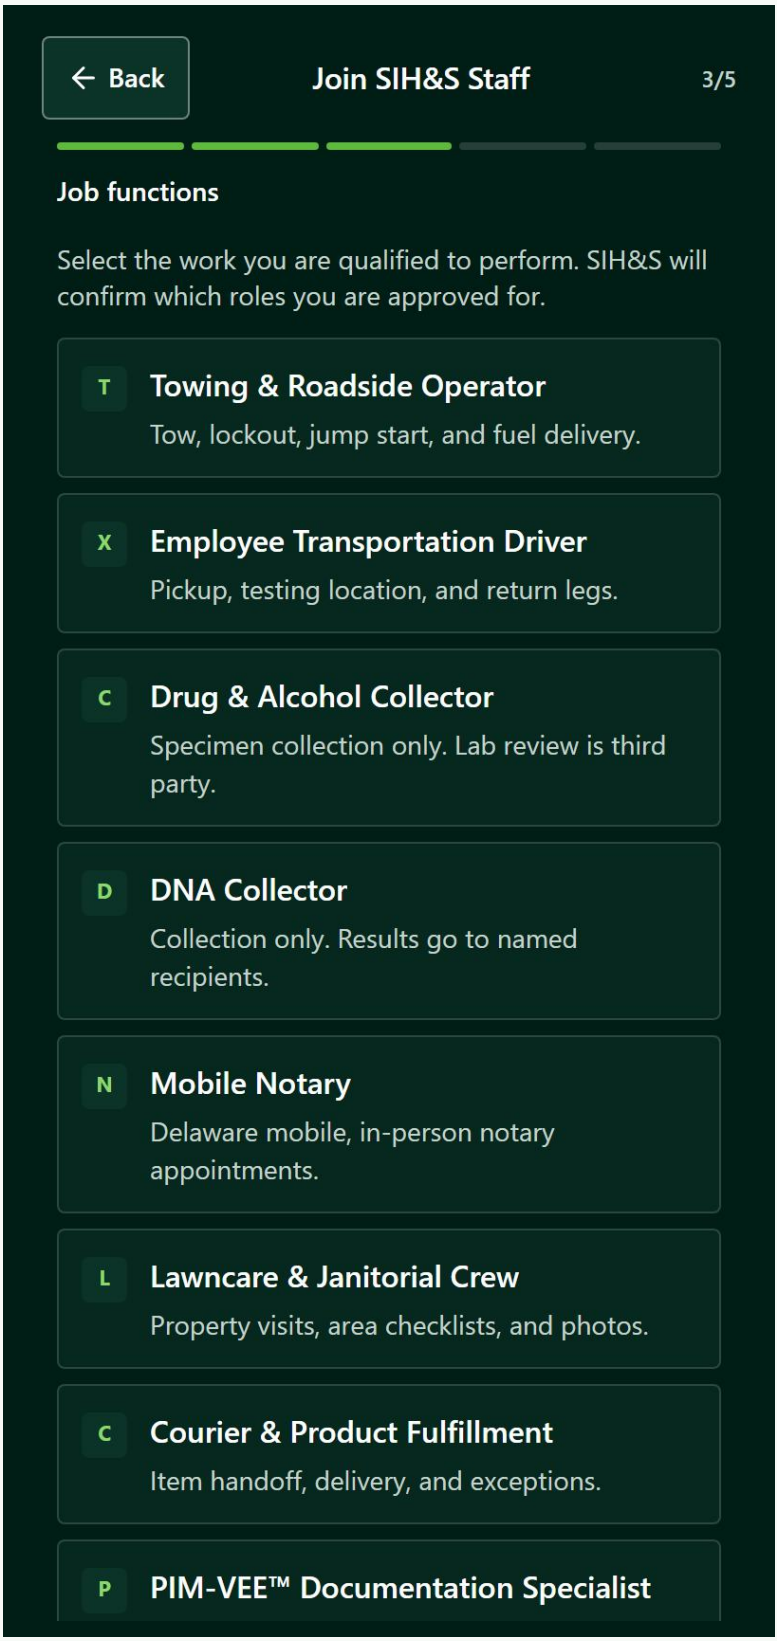

Apply - Worker type

Step 2 of 5. One type is a request. SIH&S confirms it.

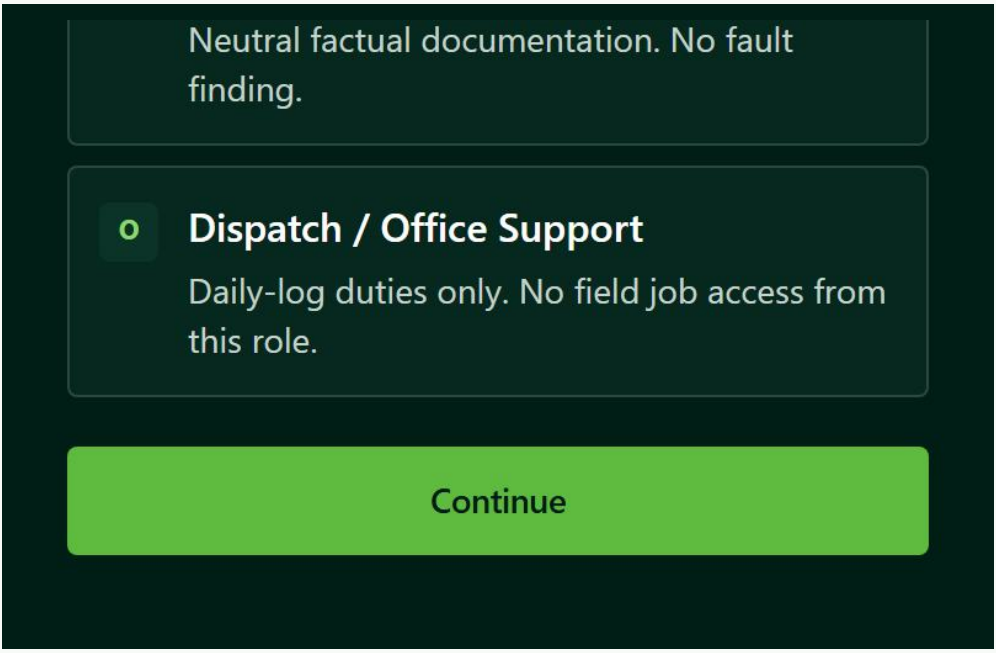

Apply - Job functions 1 of 2

Step 3 of 5. Choose the work you are qualified to request.

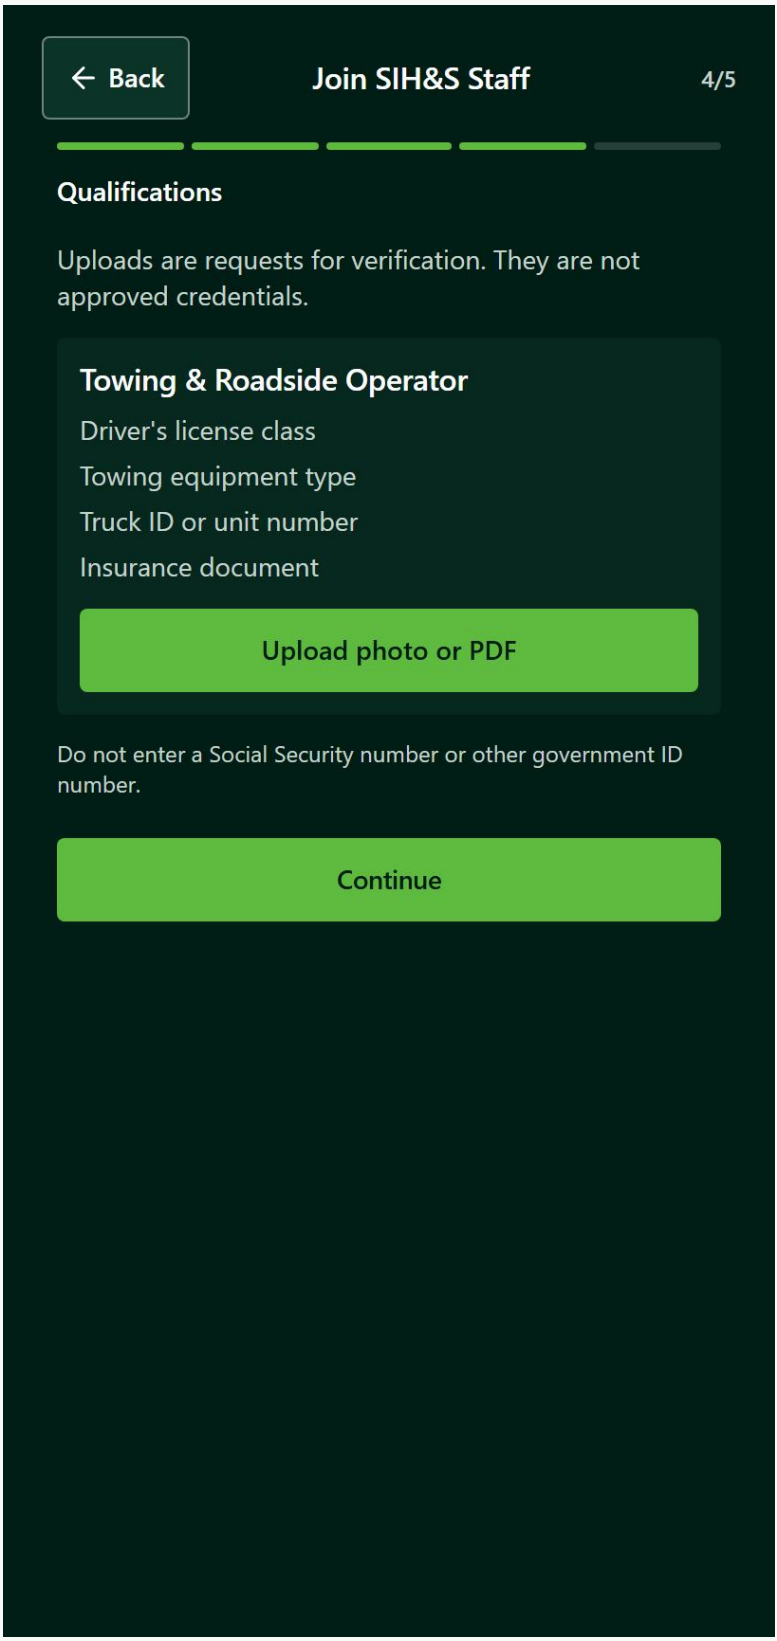

Apply - Job functions 2 of 2

Step 3 of 5. Choose the work you are qualified to request.

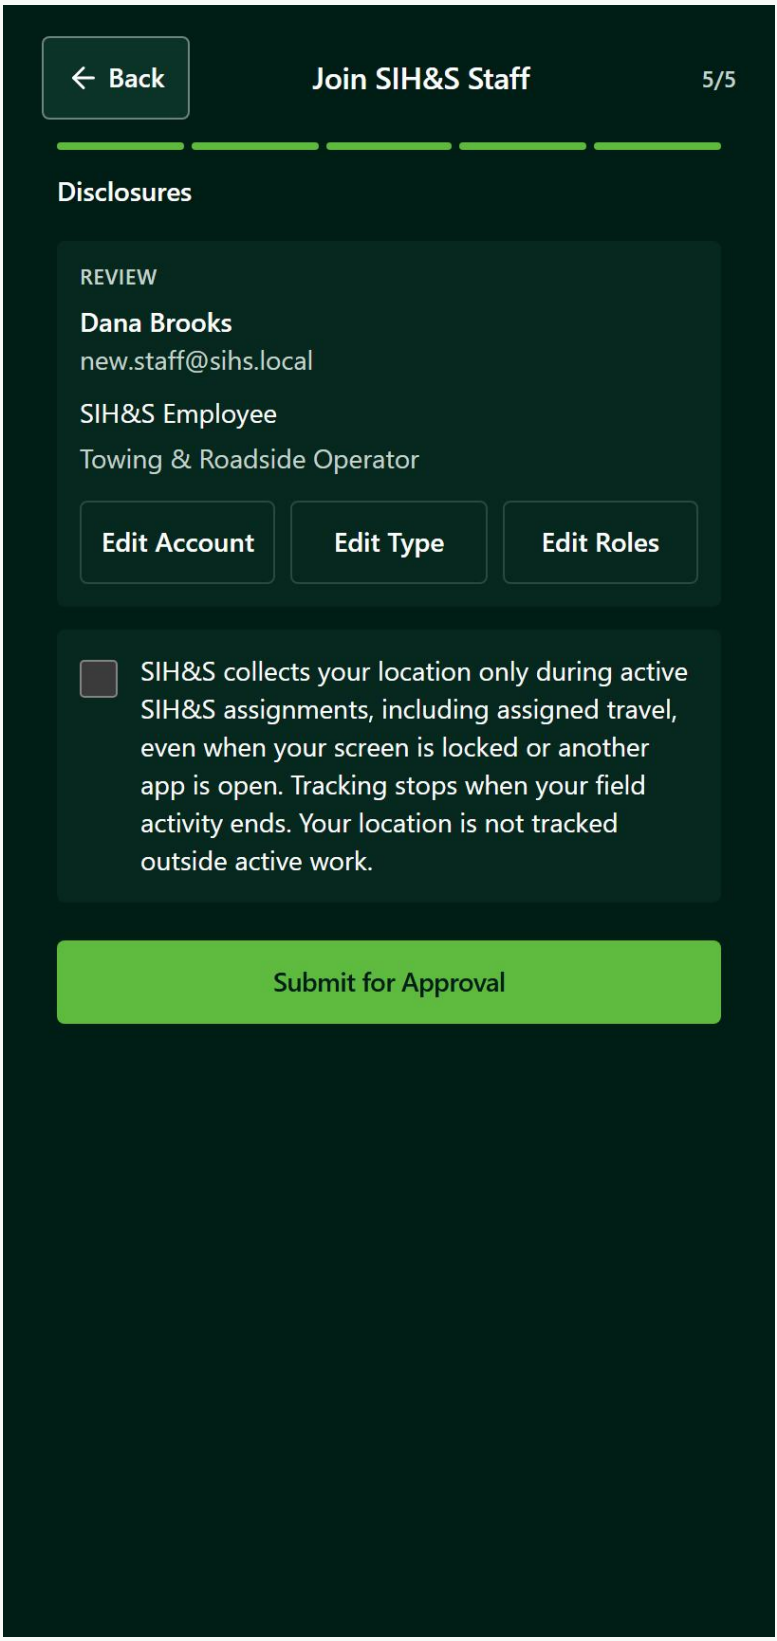

Apply - Qualifications

Step 4 of 5. An upload stays pending until SIH&S verifies it.

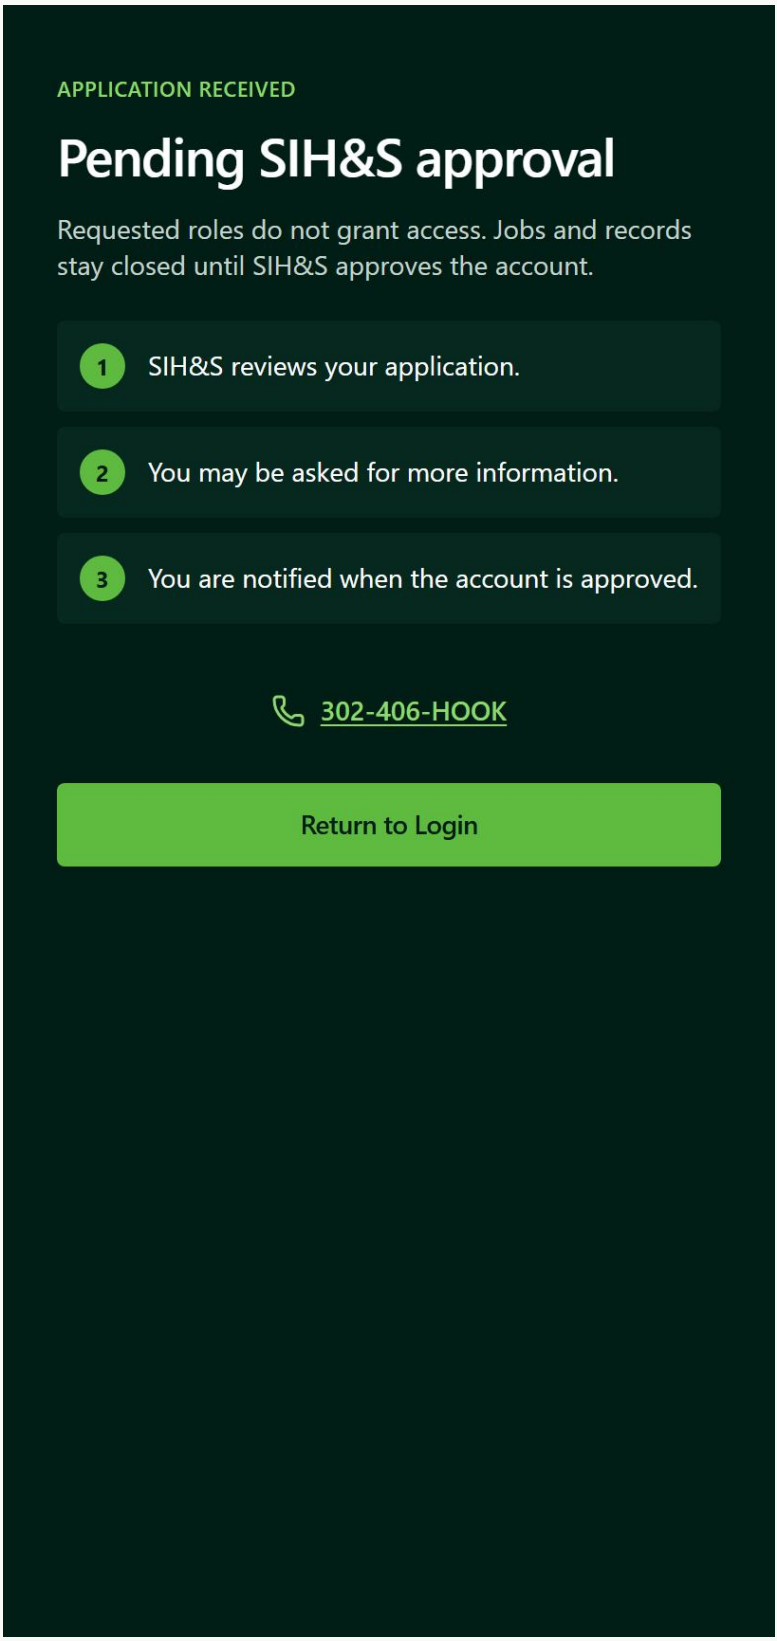

Apply - Review

Step 5 of 5. Location tracking must be acknowledged before submit.

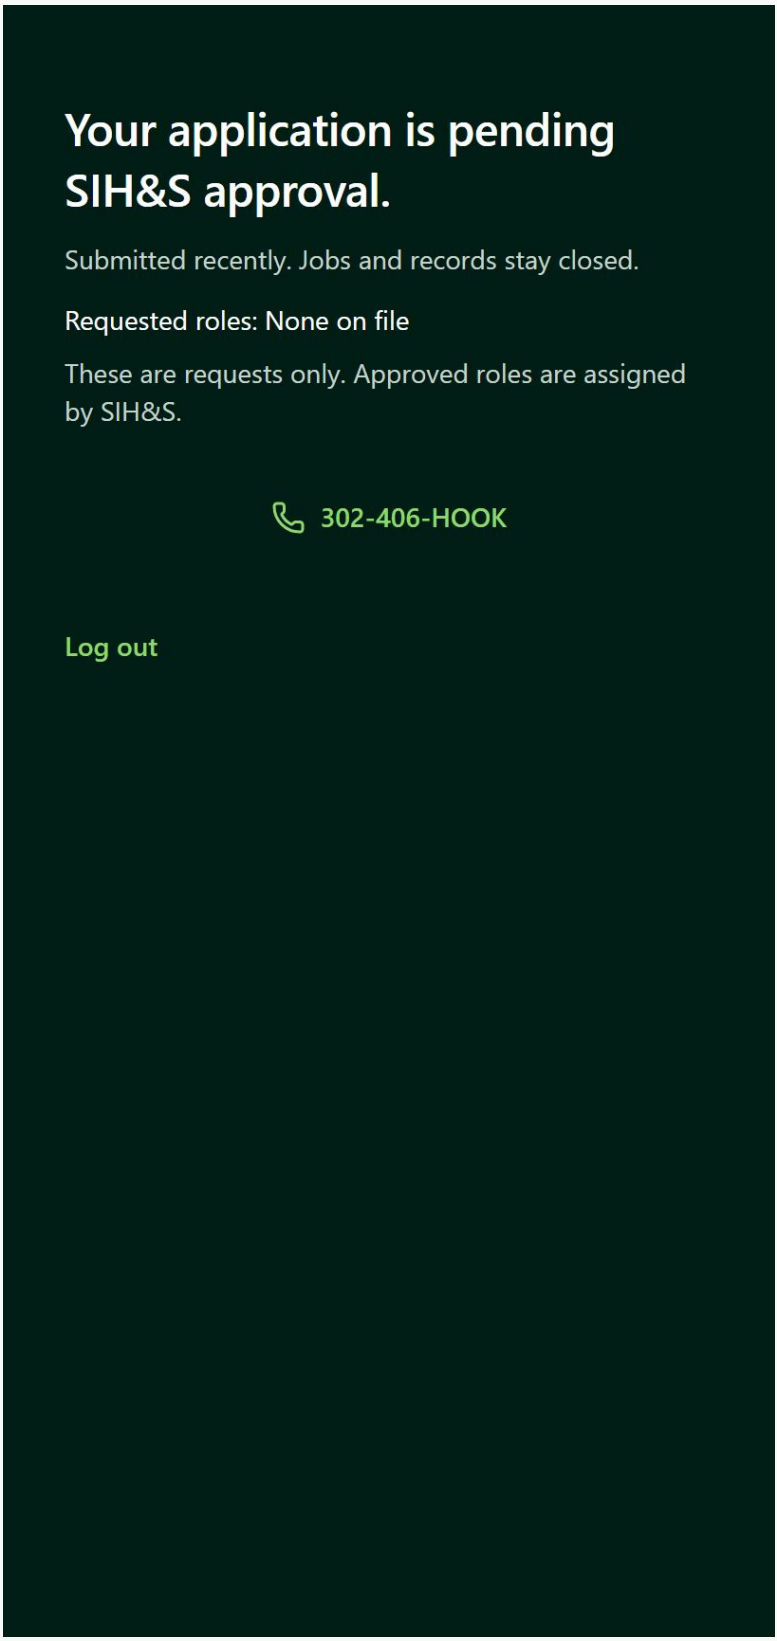

Application received

The account stays pending. Jobs stay closed until SIH&S approves it.

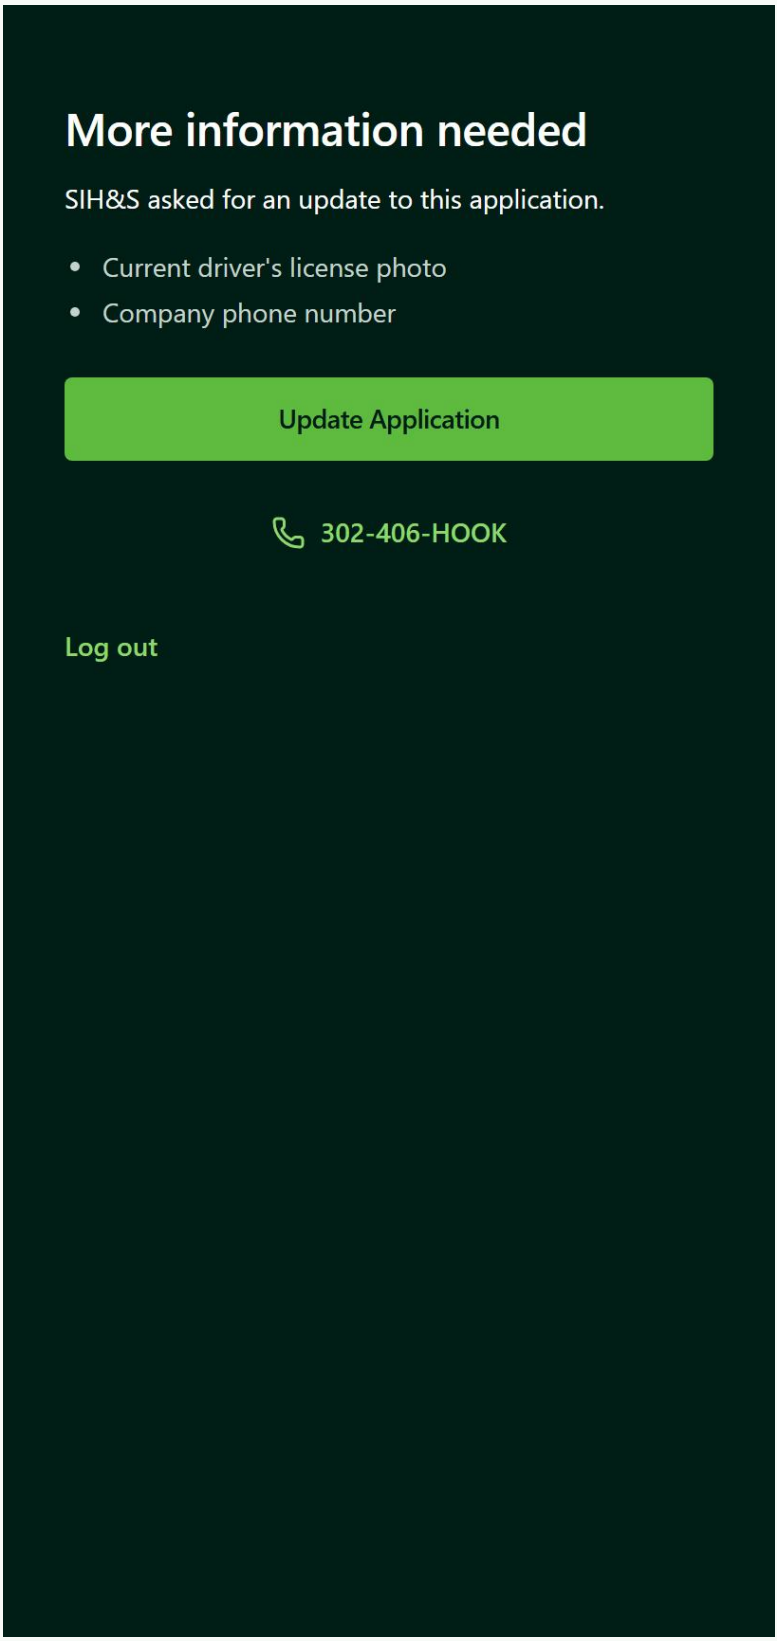

Pending approval

After sign-in, an application that SIH&S has not decided yet.

More information needed

SIH&S asked for items before the application can move on.

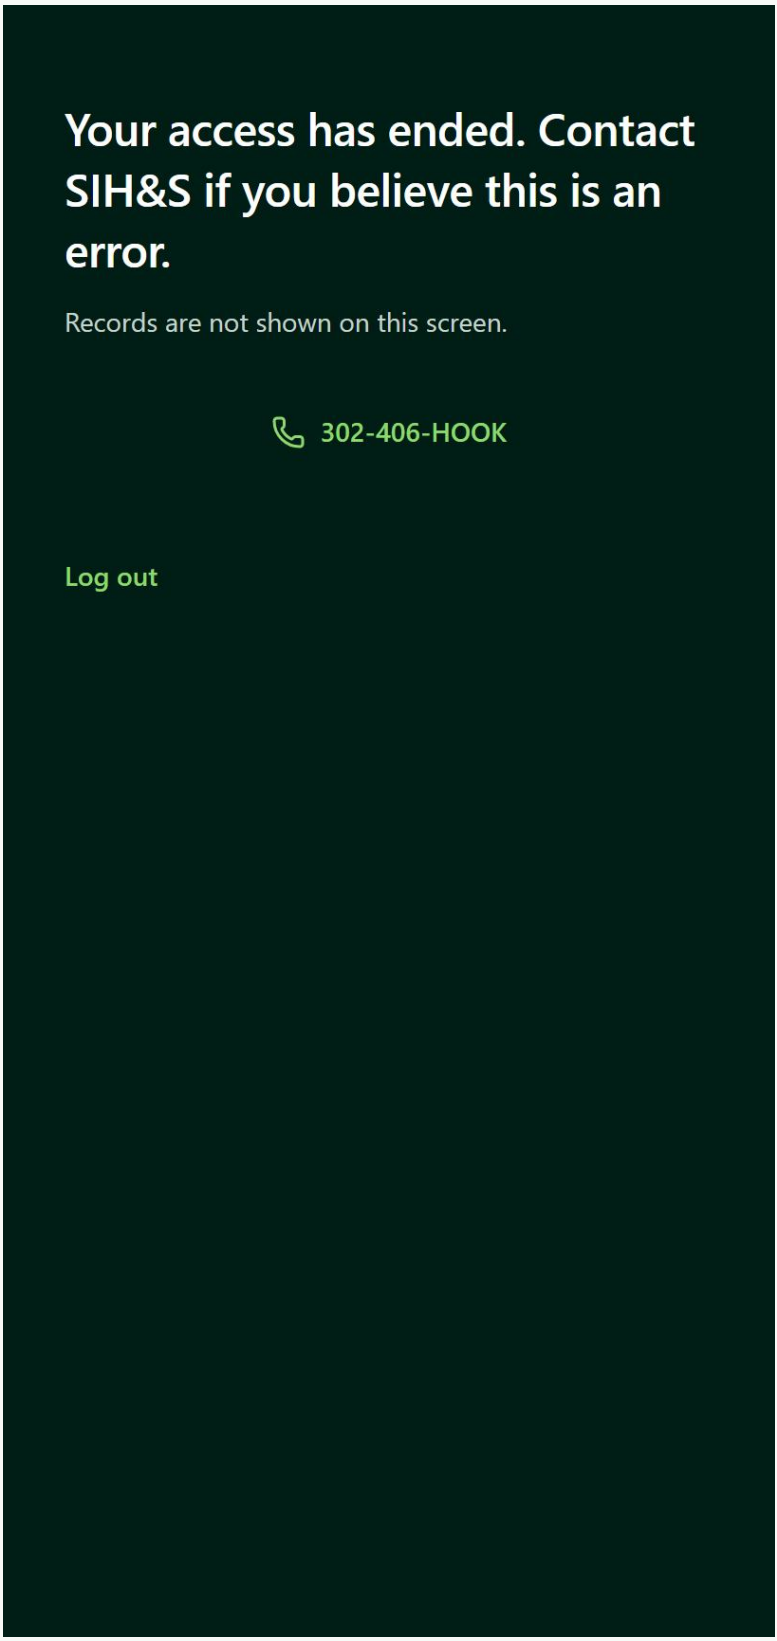

Application not approved

The application was declined. Records are not opened.

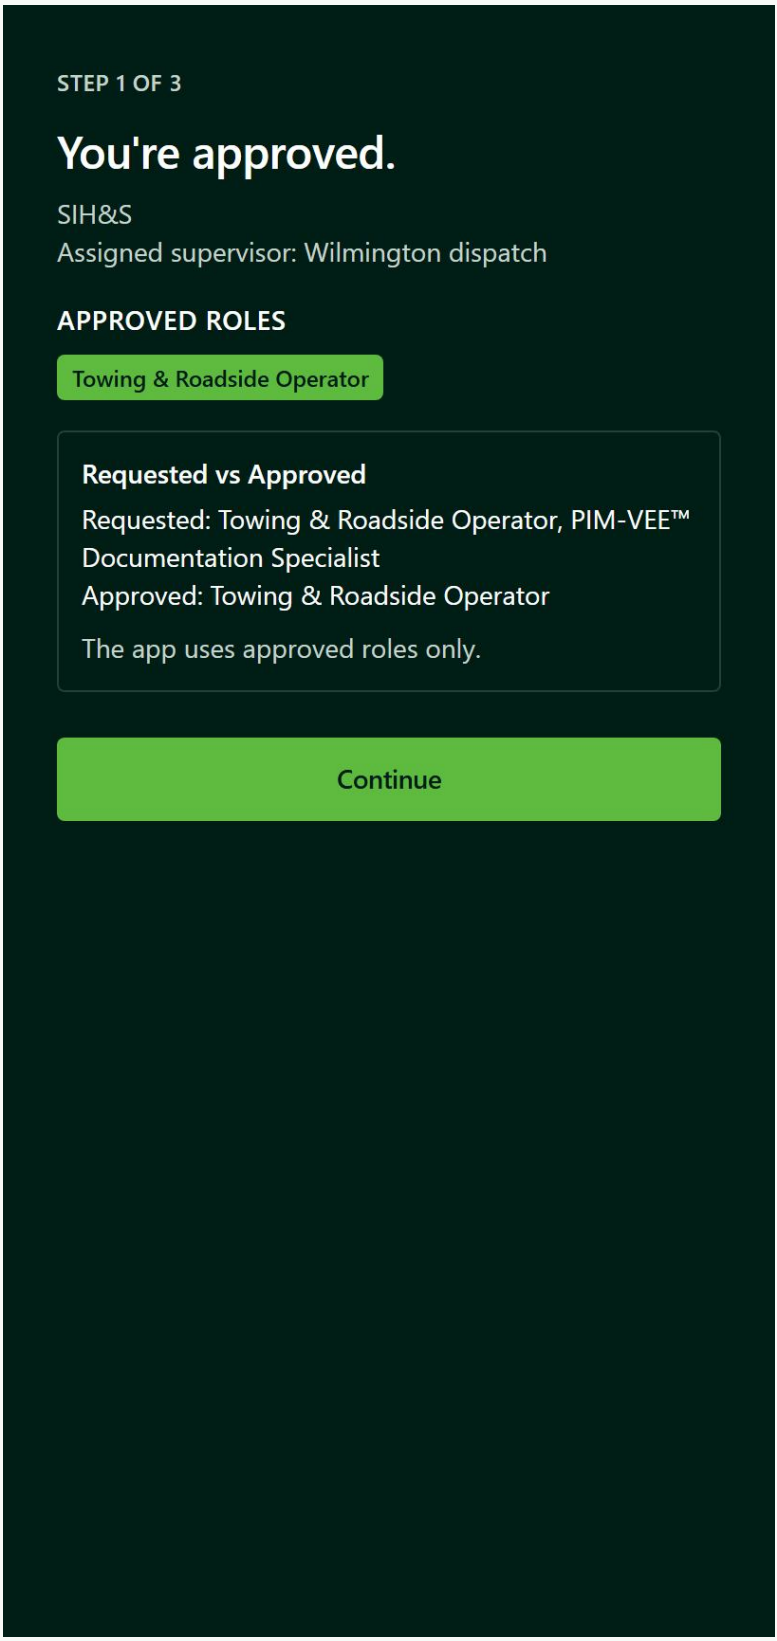

Access ended

A suspended account. No job records are shown.

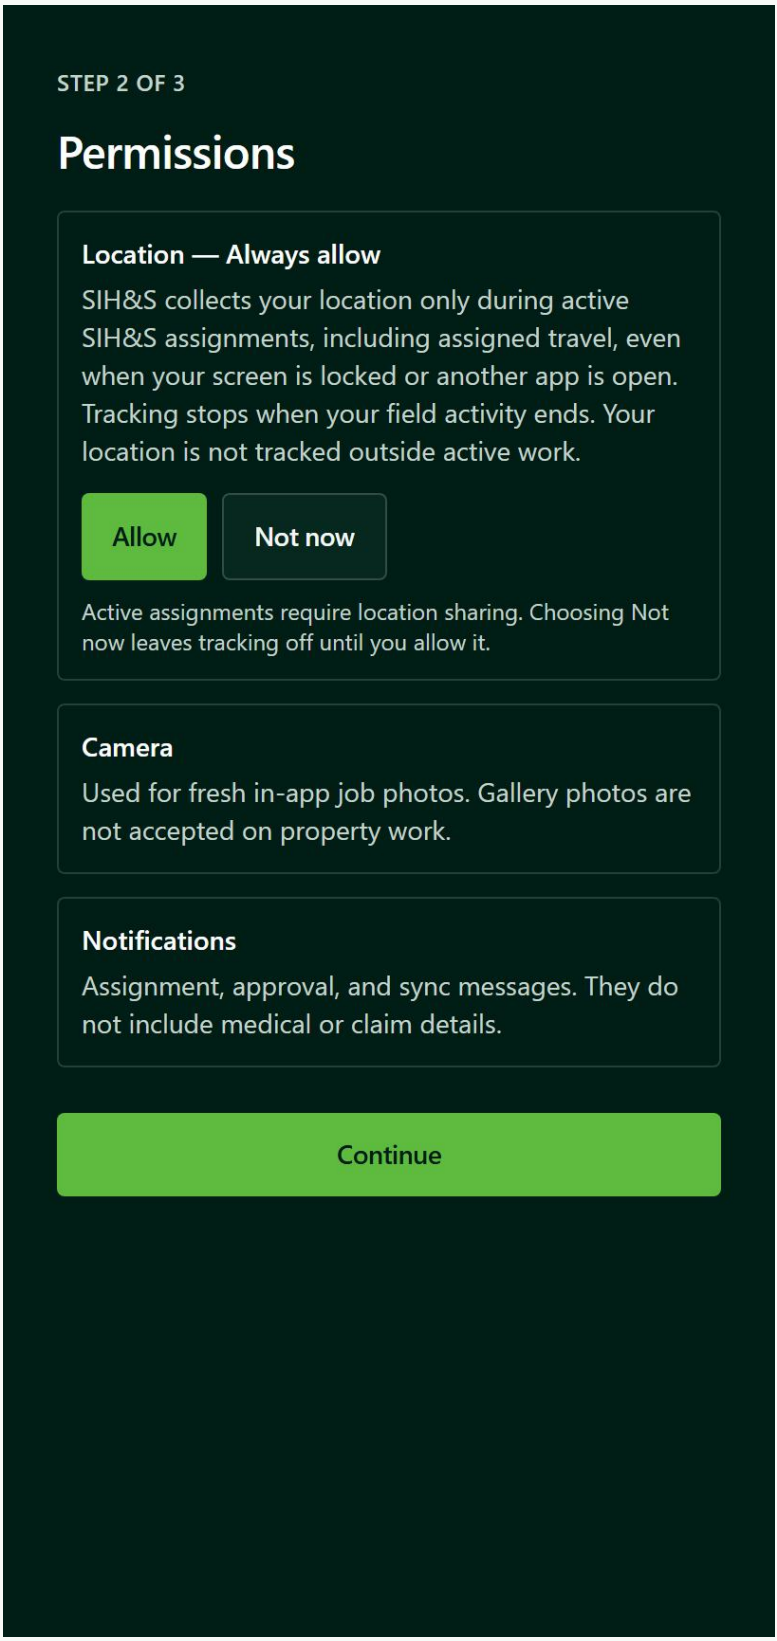

First login - Approved roles

An approved account, before setup is finished. Requested roles and approved roles can differ.

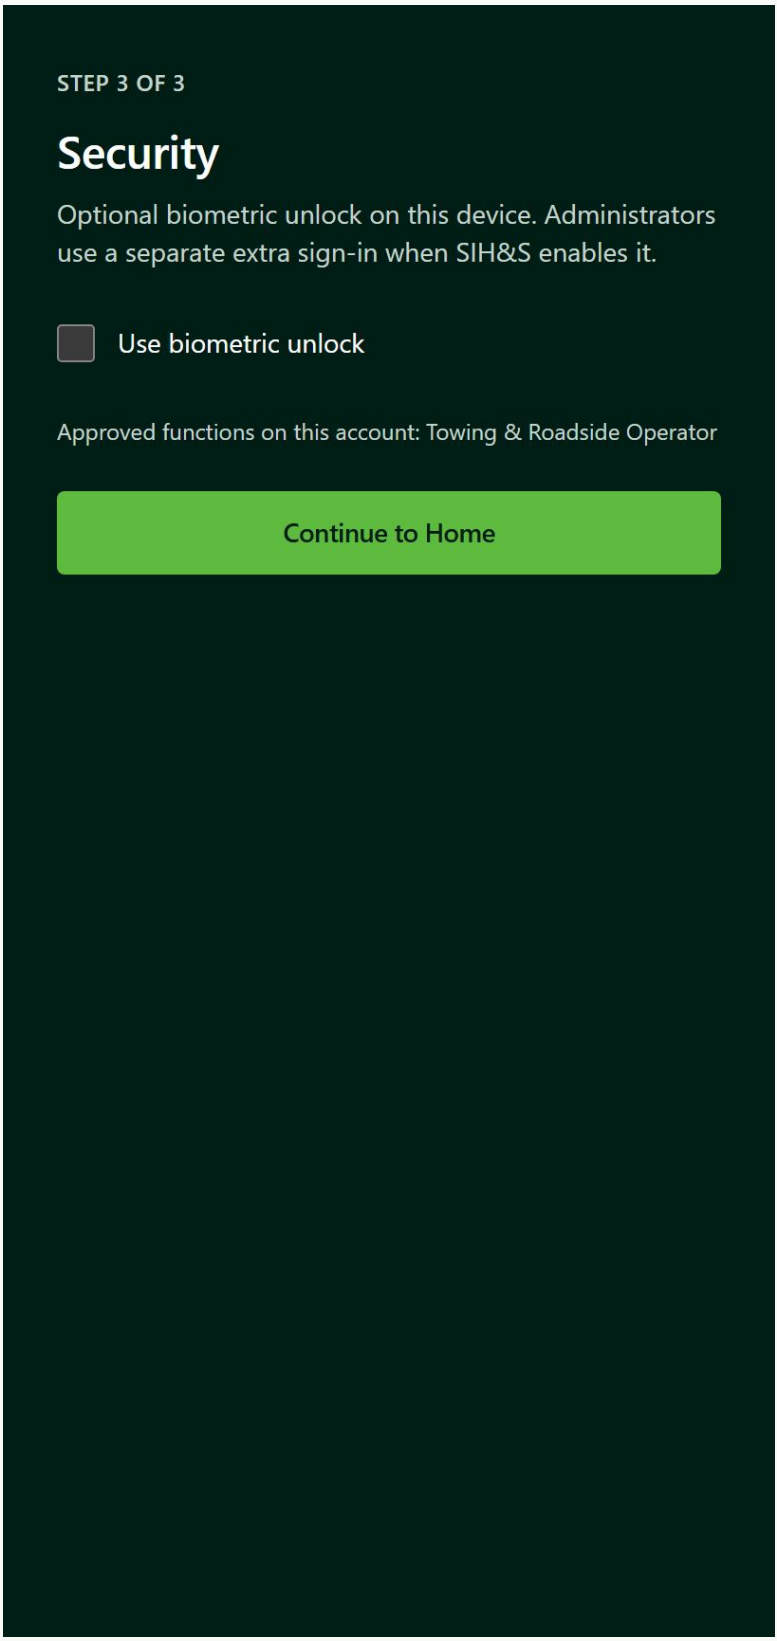

First login - Permissions

Location, camera, and notification disclosure.

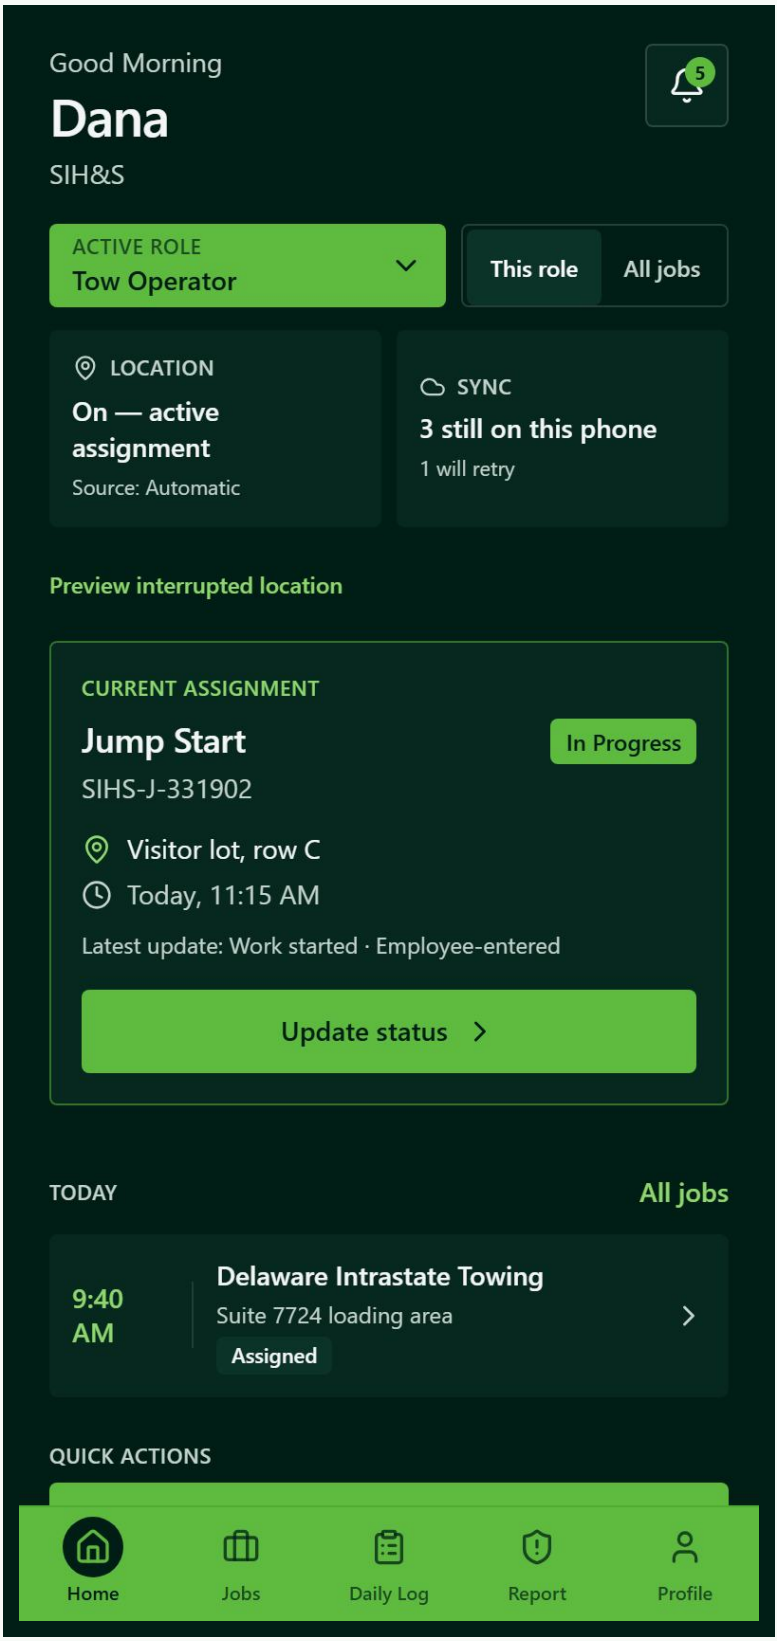

First login - Security

Optional biometric unlock, then Continue to Home.

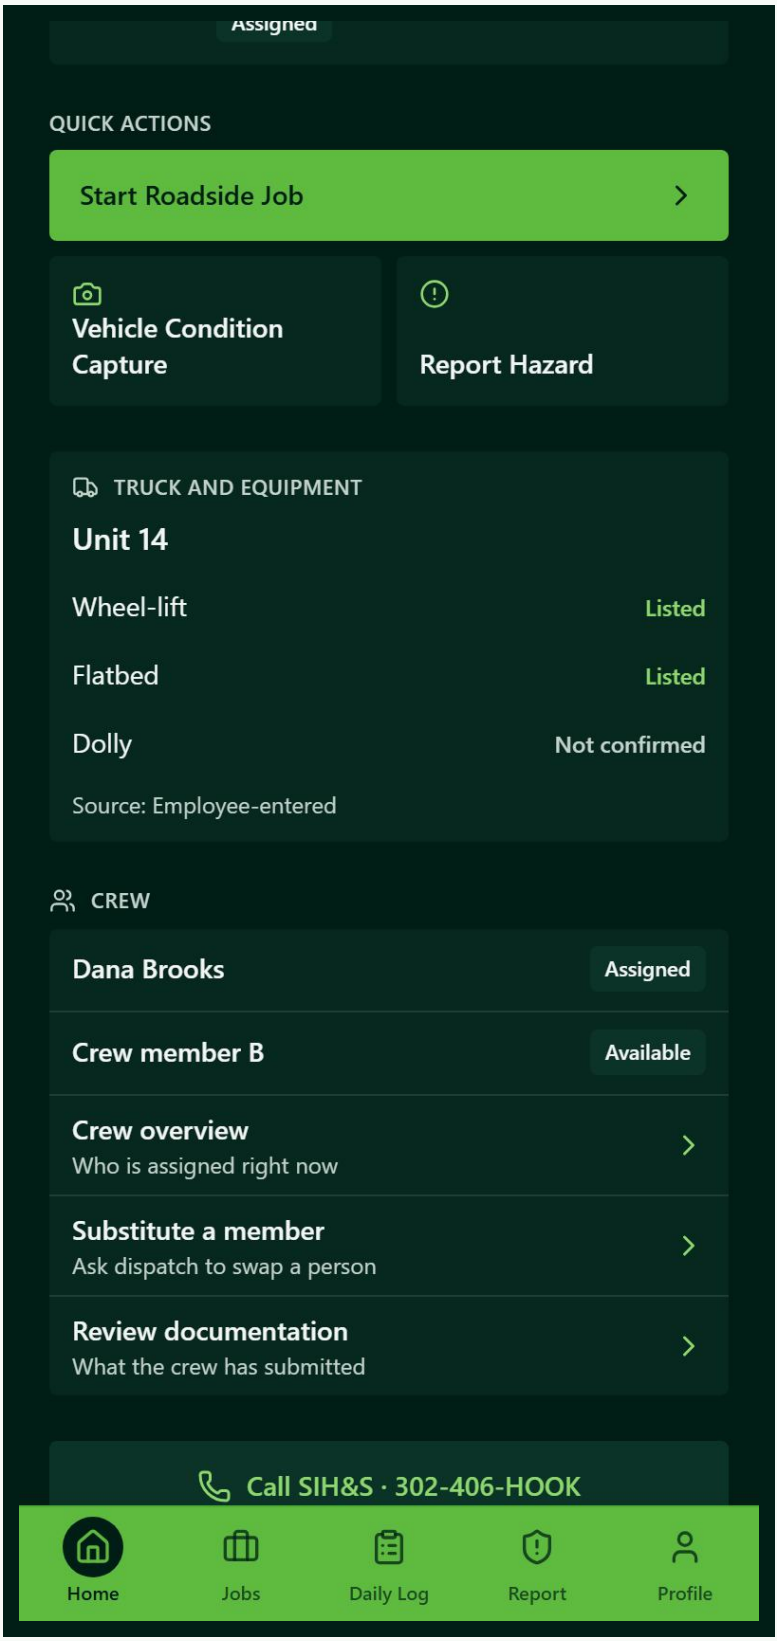

Home 1 of 3

Approved staff home. The tabs are Home, Jobs, Daily Log, Report, and Profile.

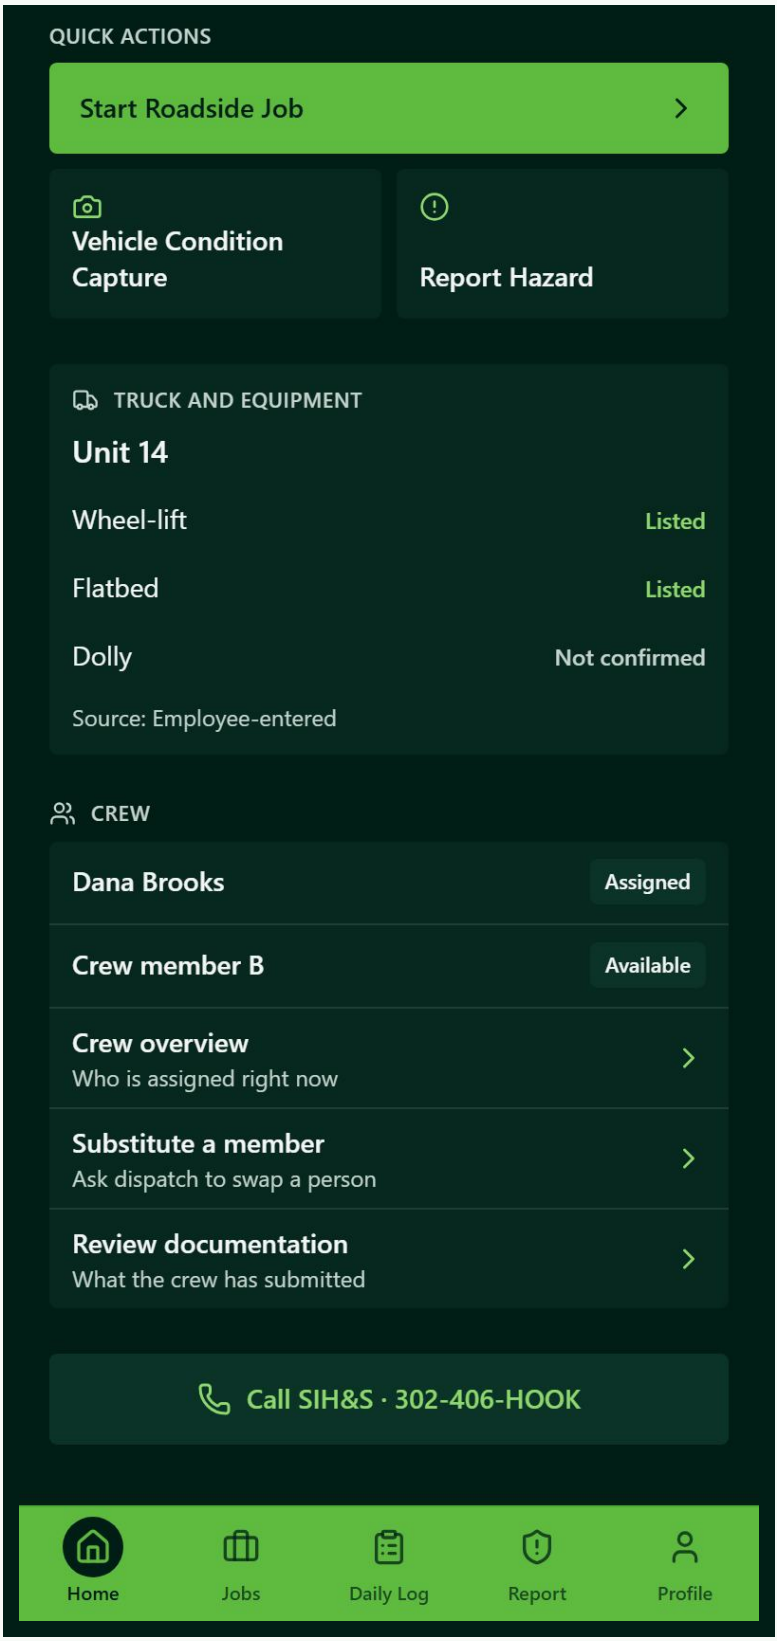

Home 2 of 3

Approved staff home. The tabs are Home, Jobs, Daily Log, Report, and Profile.

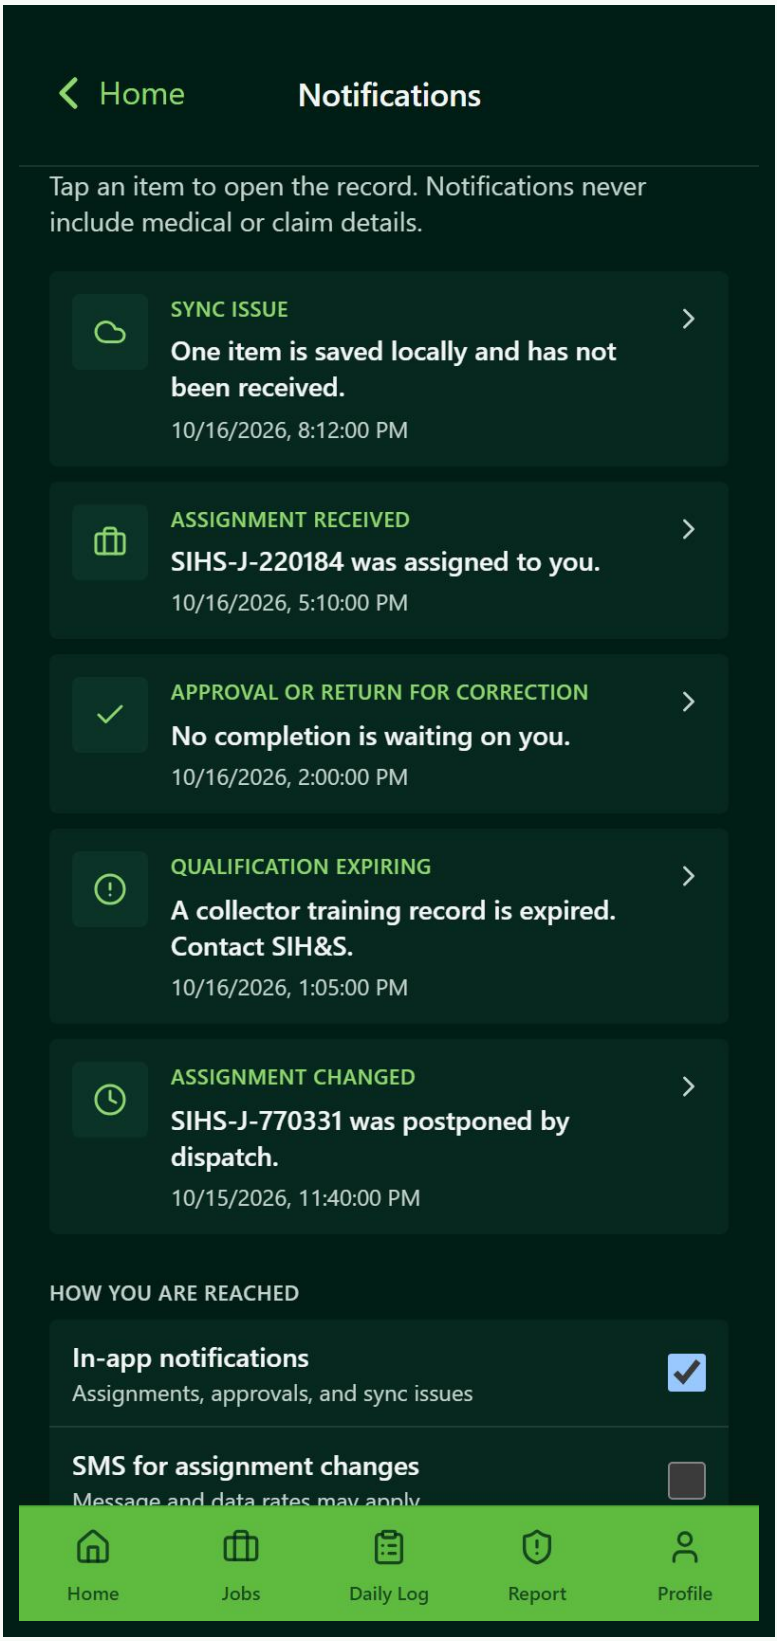

Home 3 of 3

Approved staff home. The tabs are Home, Jobs, Daily Log, Report, and Profile.

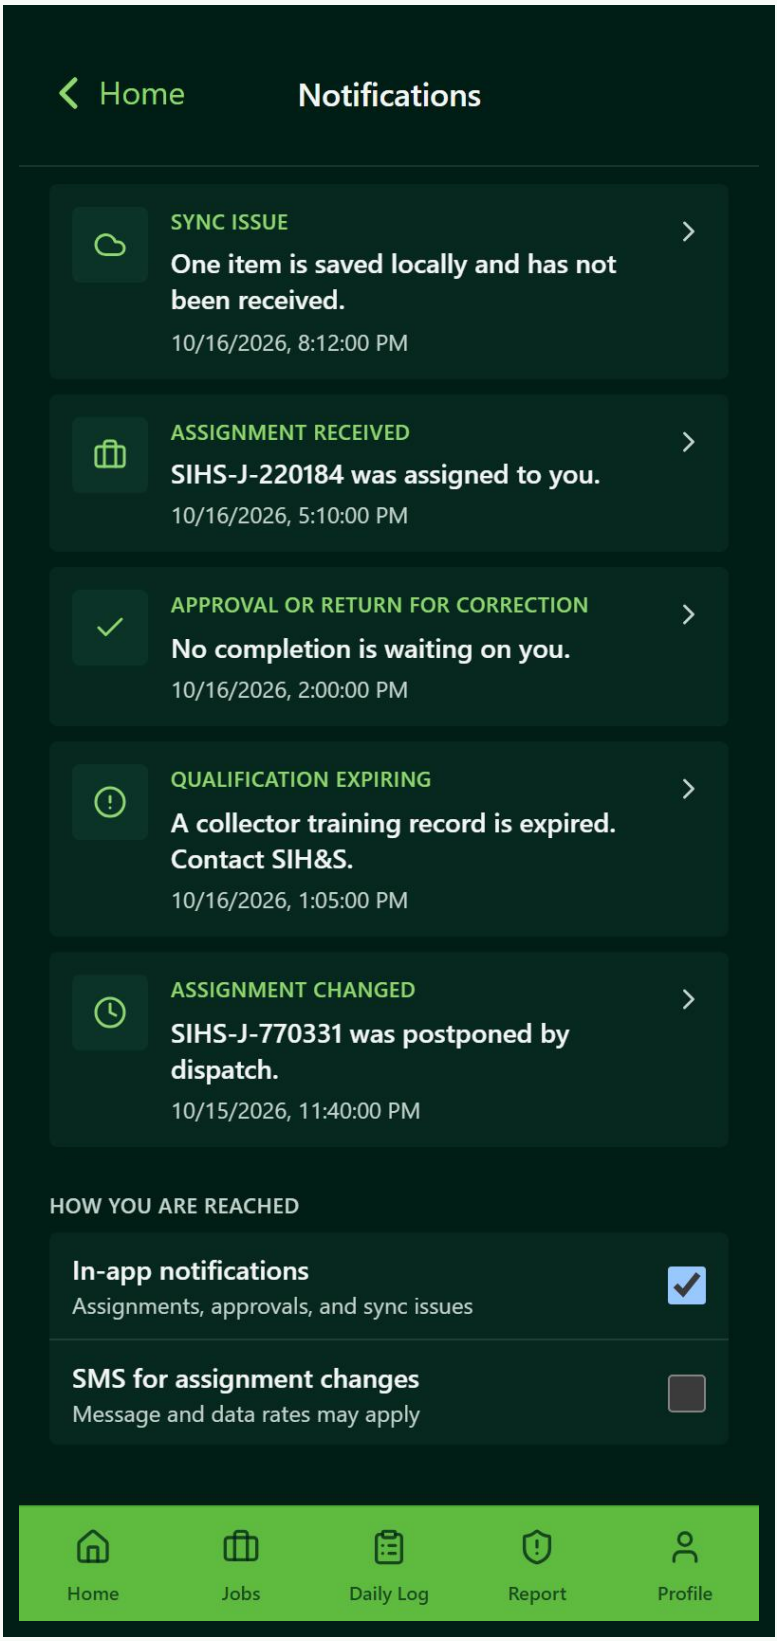

Notifications 1 of 2

Opened from the bell on Home.

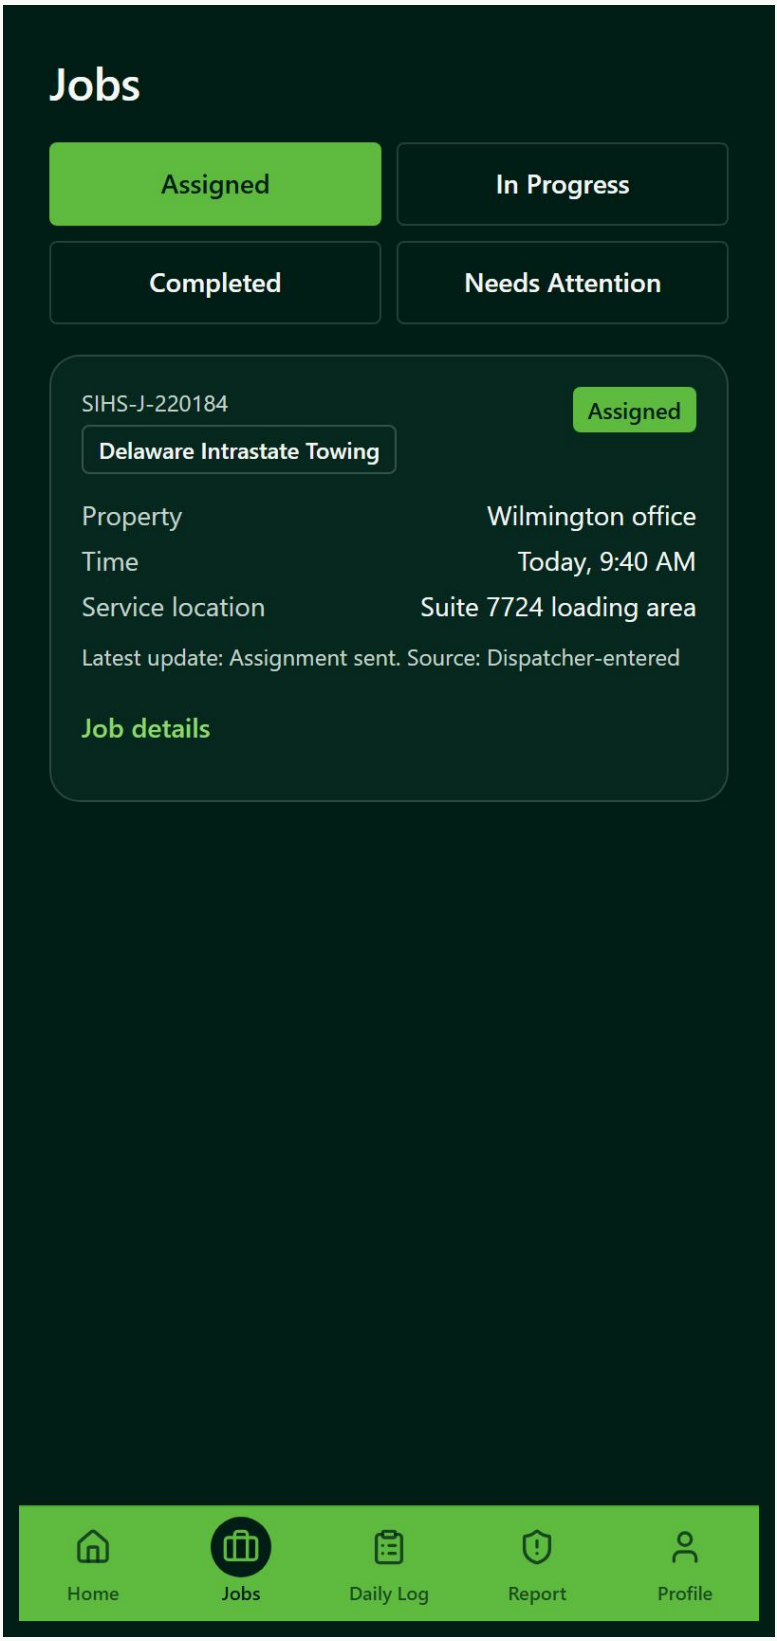

Notifications 2 of 2

Opened from the bell on Home.

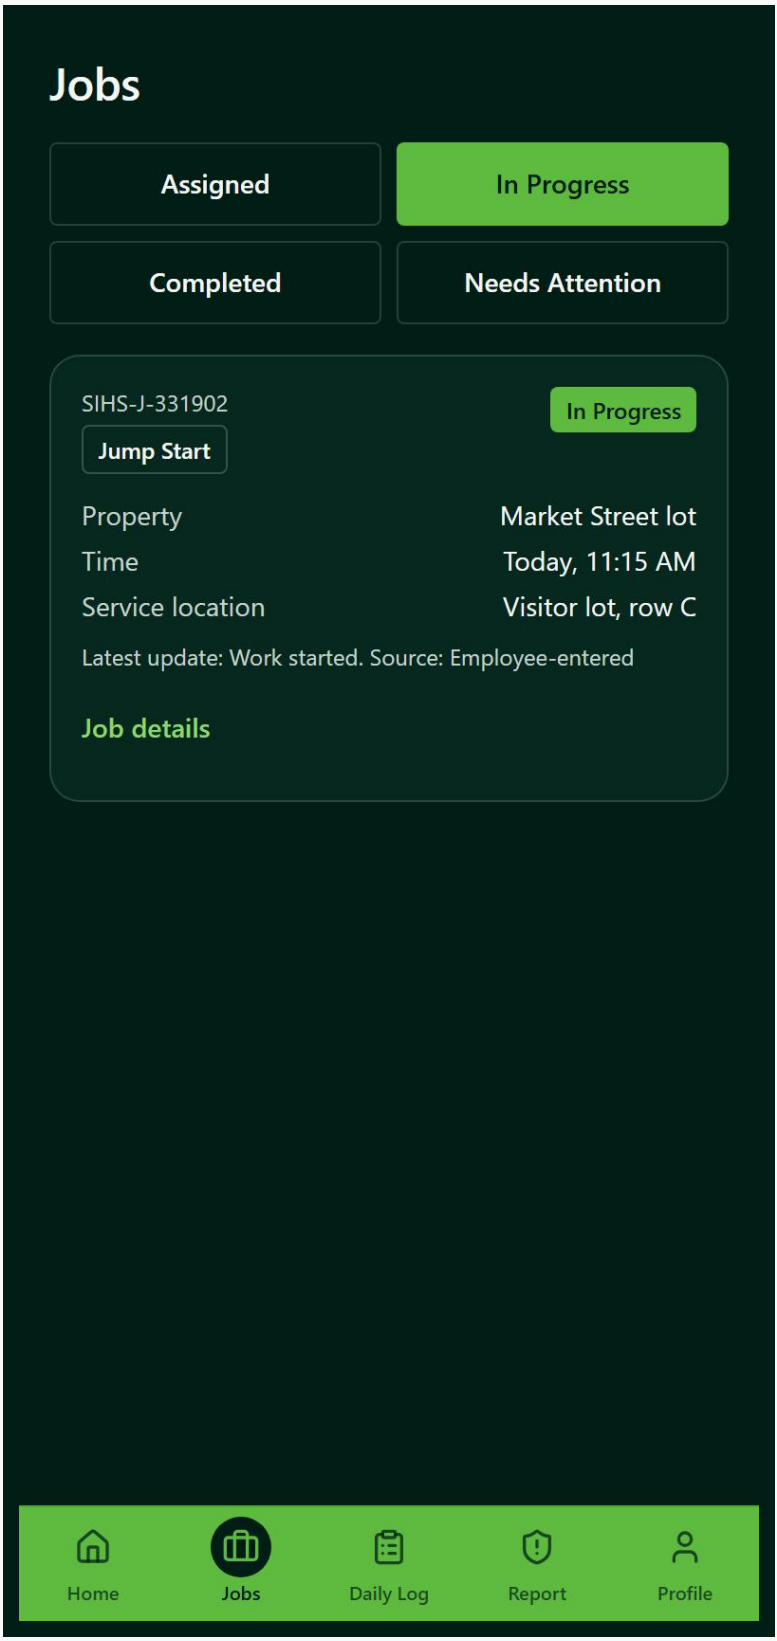

Jobs - Assigned

The Jobs tab. Assigned is the first status.

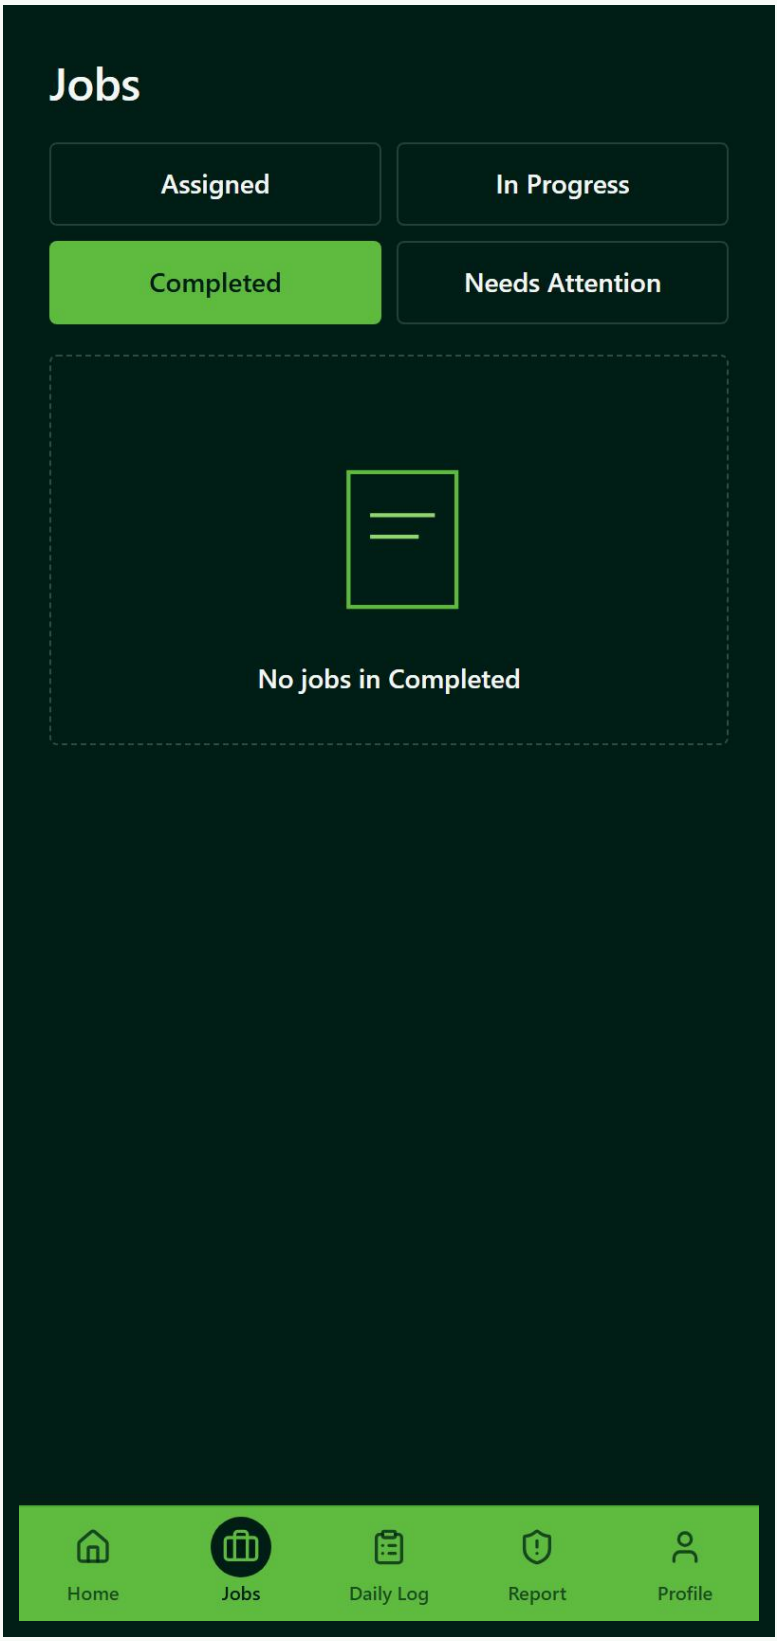

Jobs - In Progress

Same Jobs screen, filtered by status.

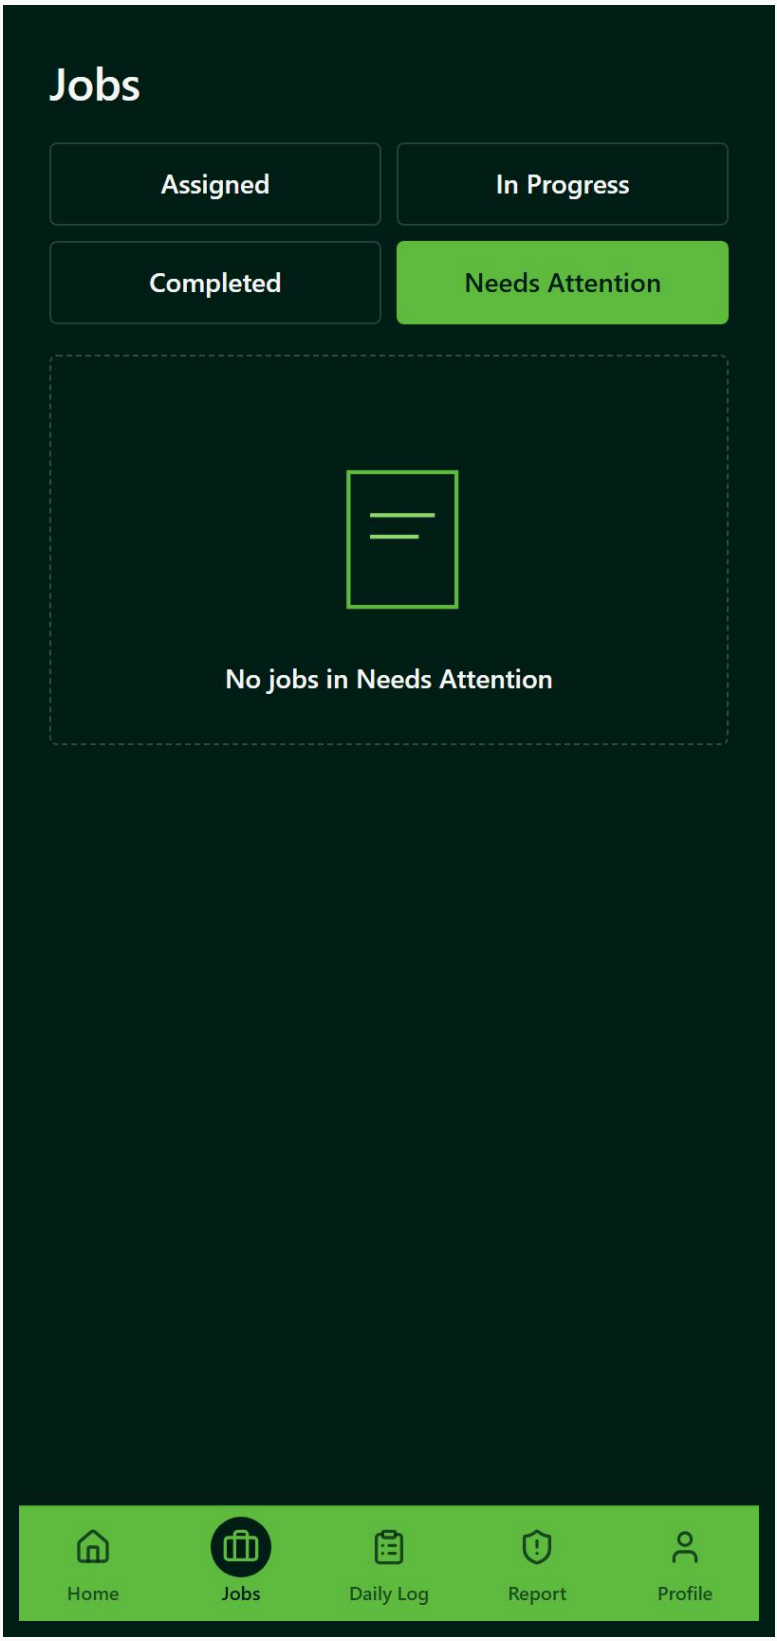

Jobs - Completed

Same Jobs screen, filtered by status.

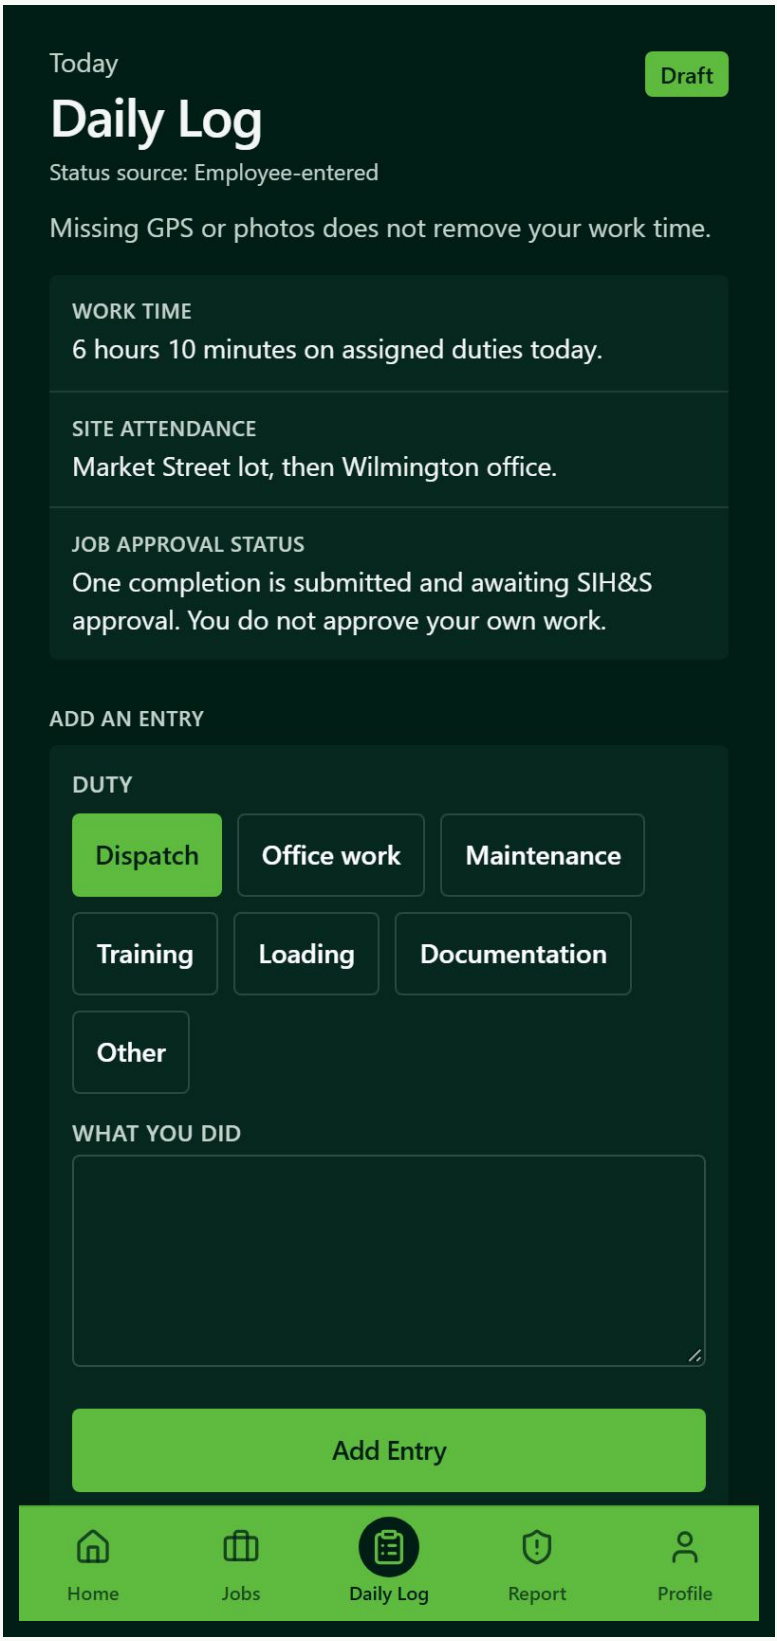

Jobs - Needs Attention

Same Jobs screen, filtered by status.

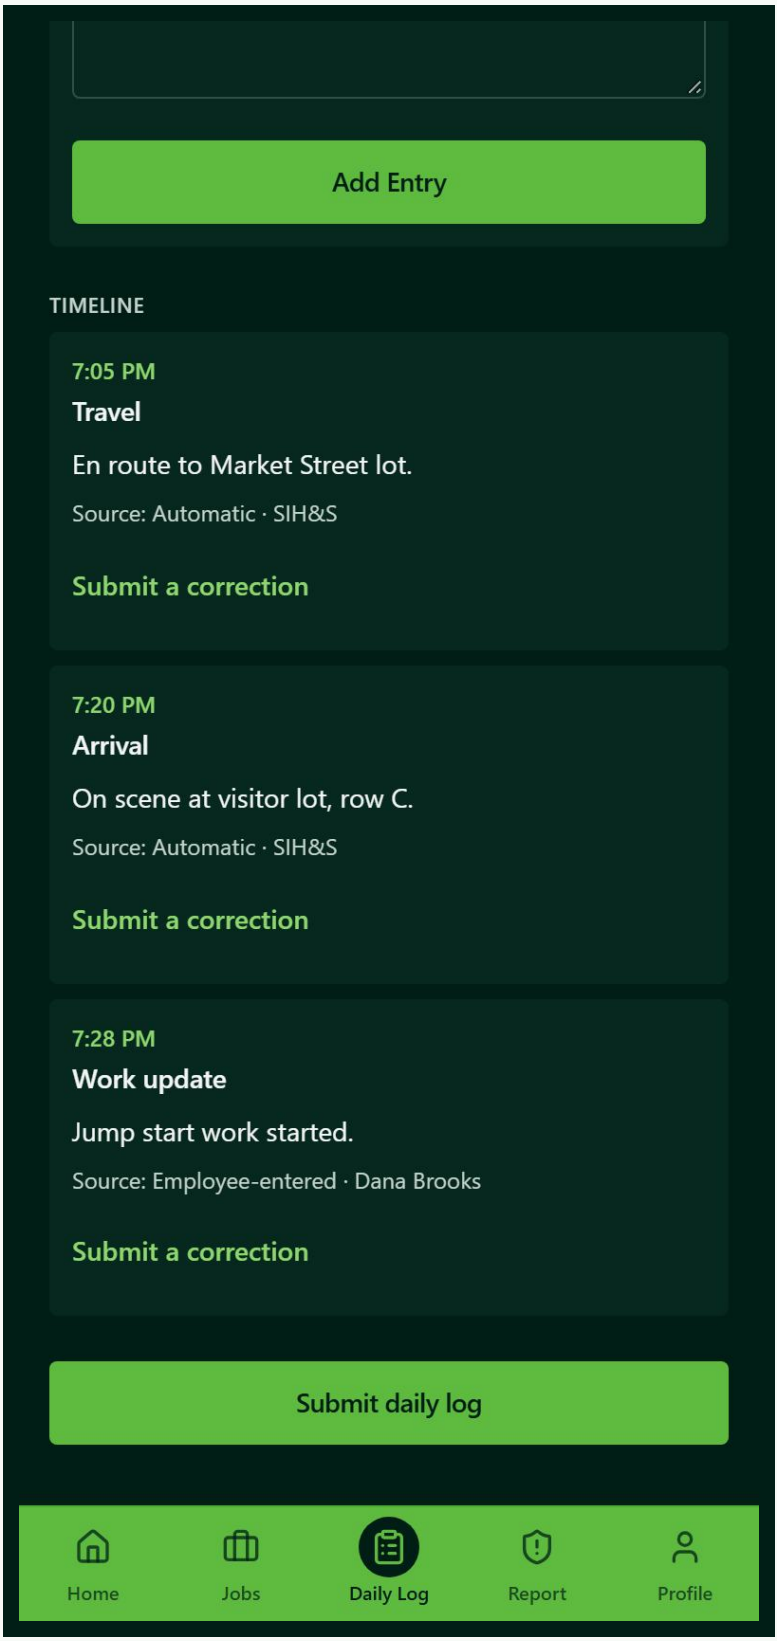

Daily Log 1 of 2

The Daily Log tab. Add an entry, or correct one without erasing the original.

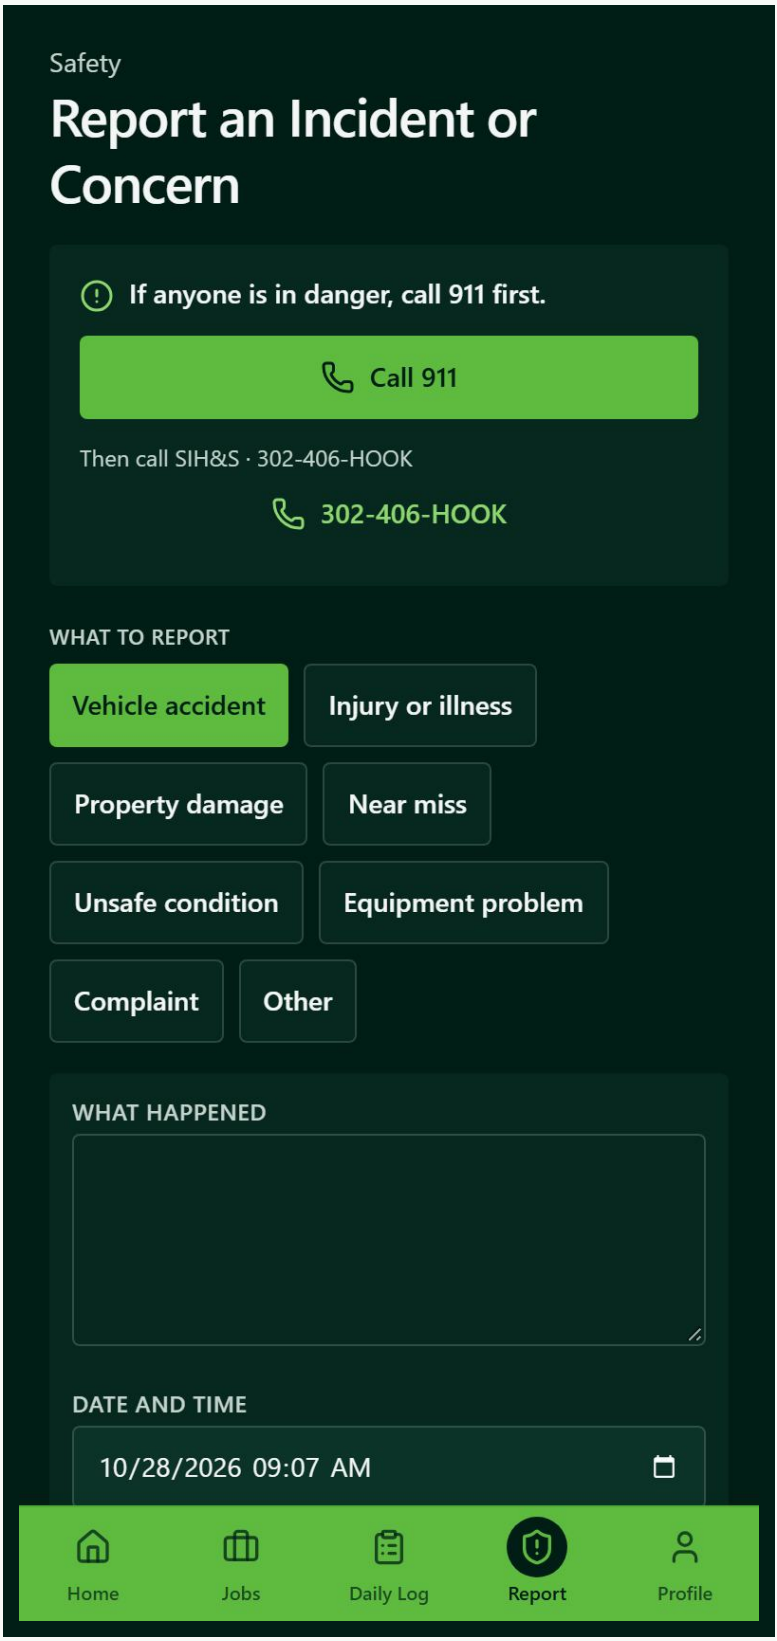

Daily Log 2 of 2

The Daily Log tab. Add an entry, or correct one without erasing the original.

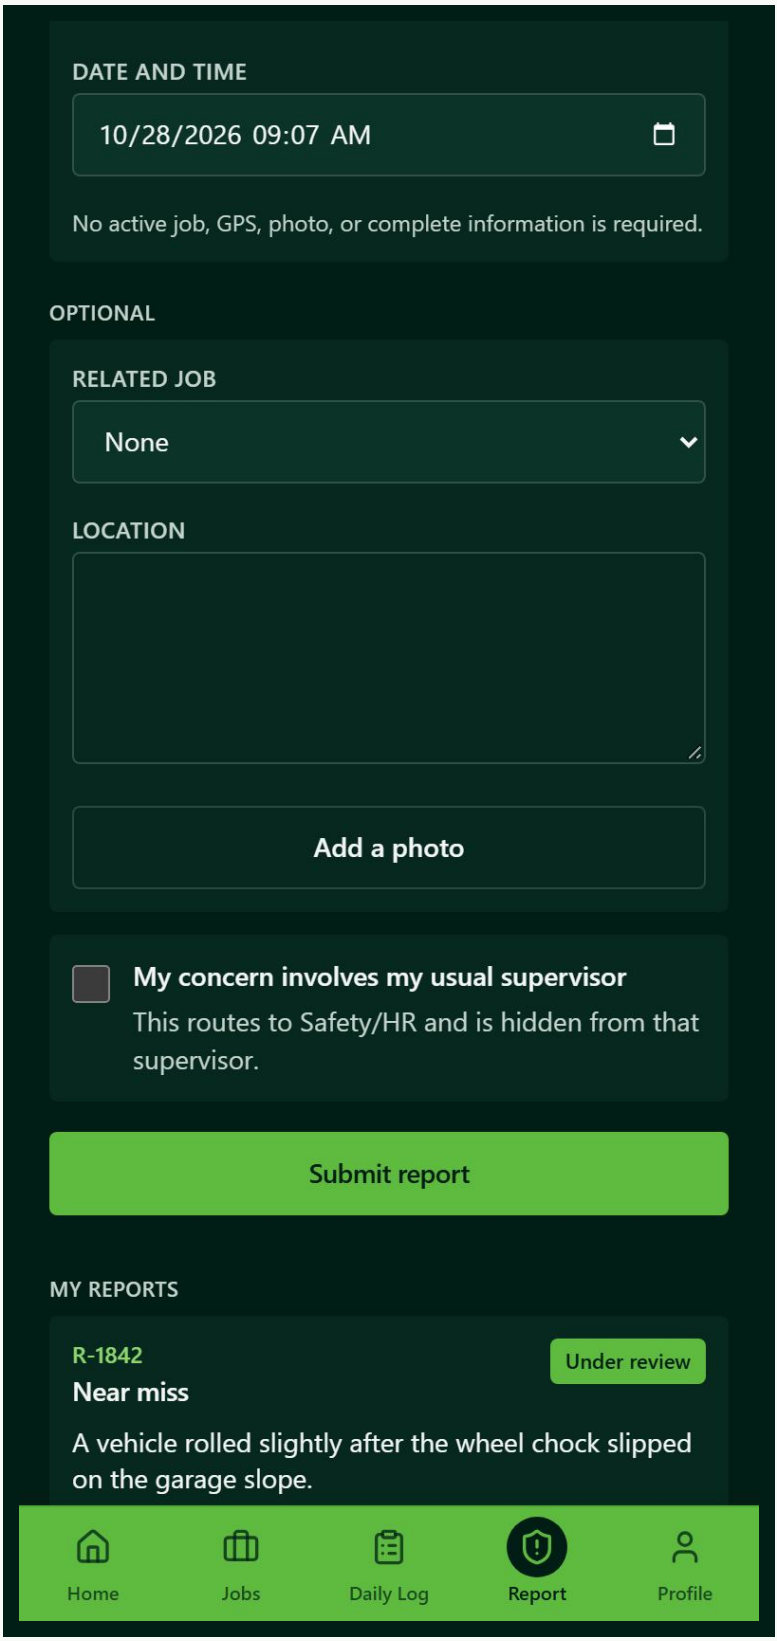

Report an incident or concern 1 of 3

The Report tab. Call 911 first when there is an emergency.

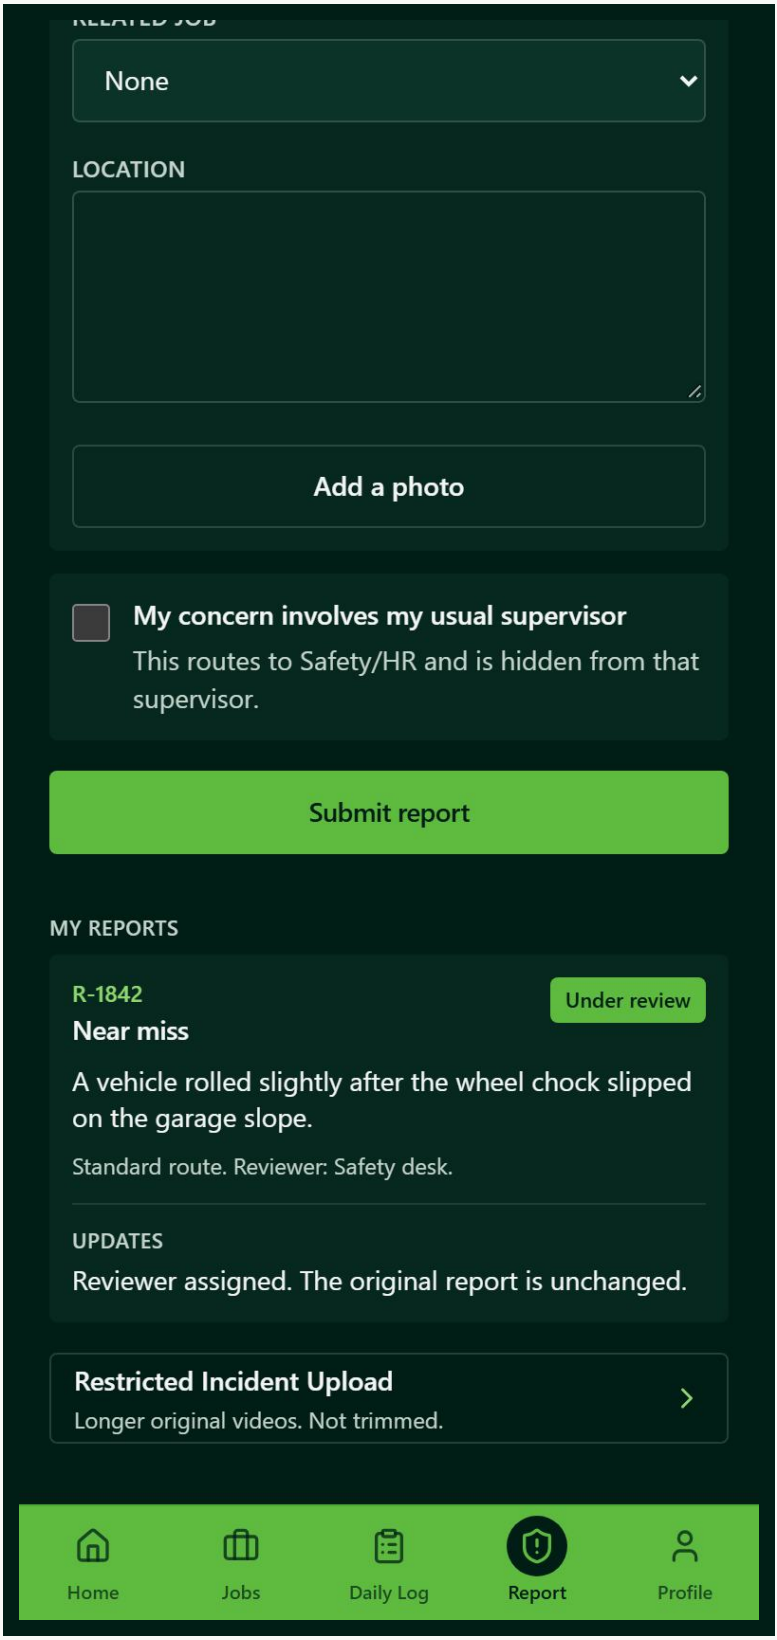

Report an incident or concern 2 of 3

The Report tab. Call 911 first when there is an emergency.

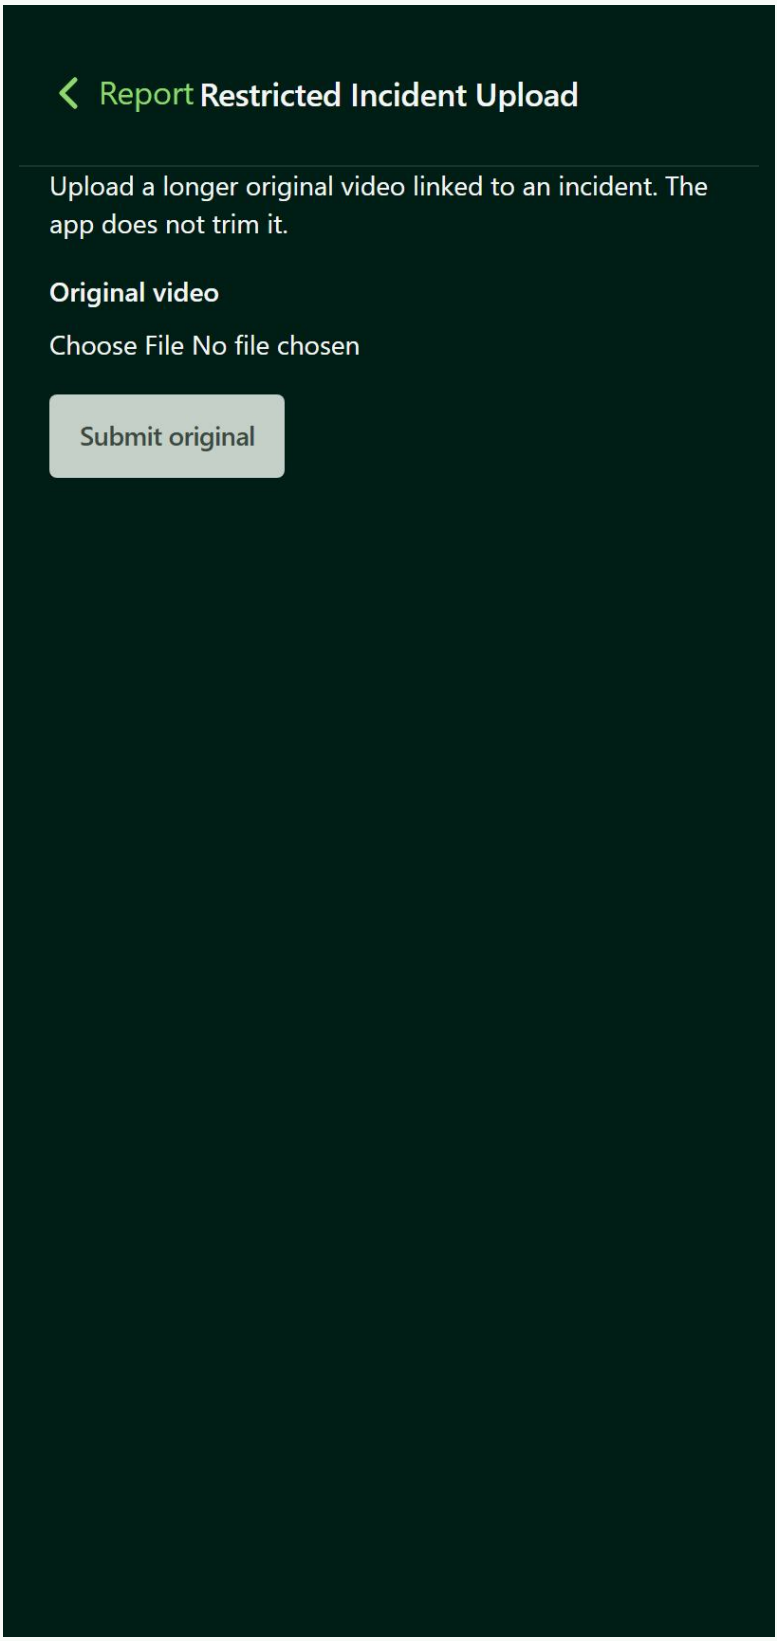

Report an incident or concern 3 of 3

The Report tab. Call 911 first when there is an emergency.

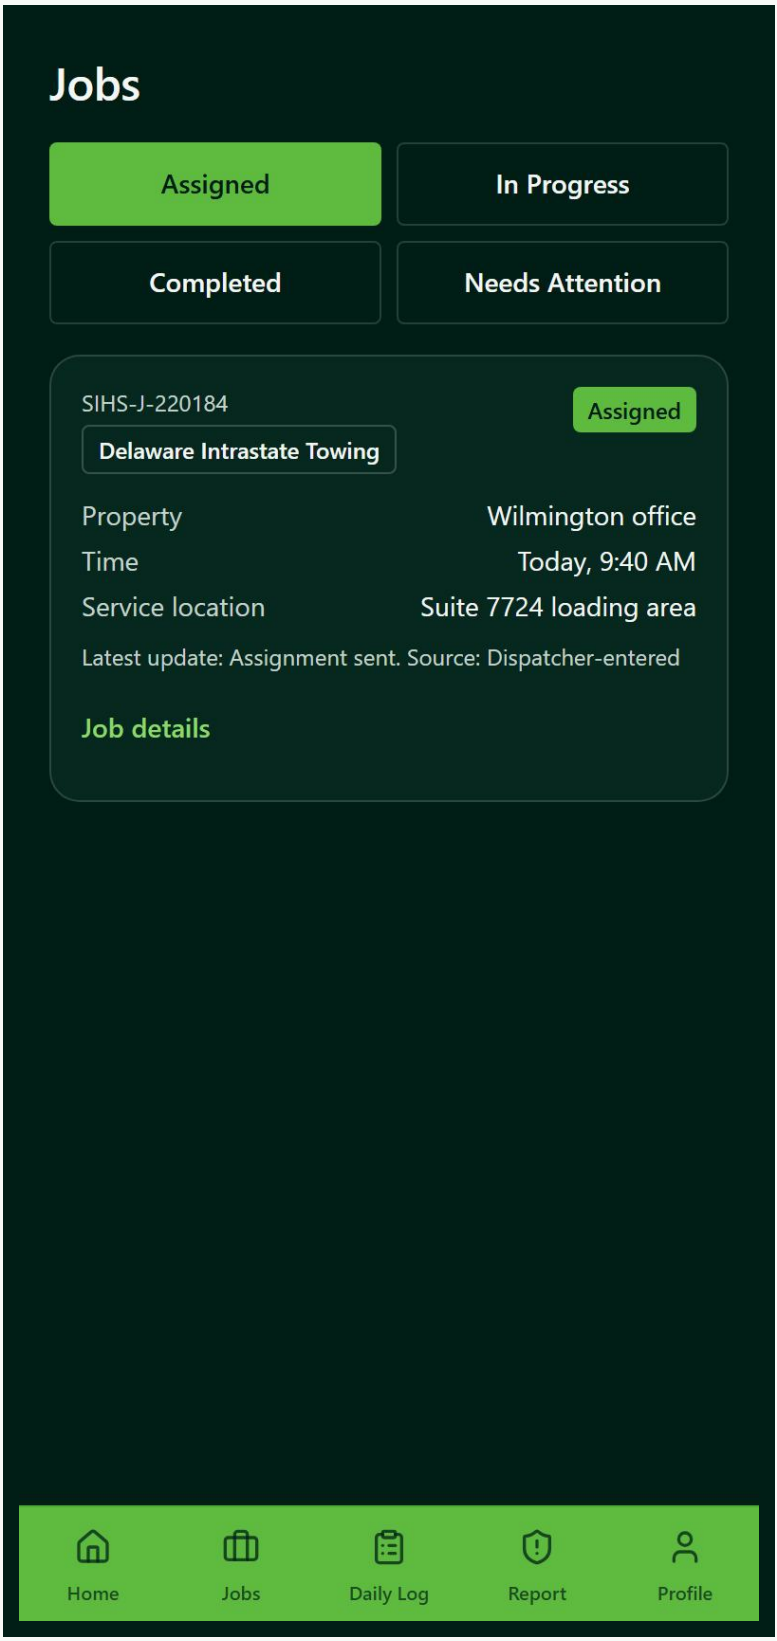

Restricted incident upload

Opened from the report screen for a longer original video.

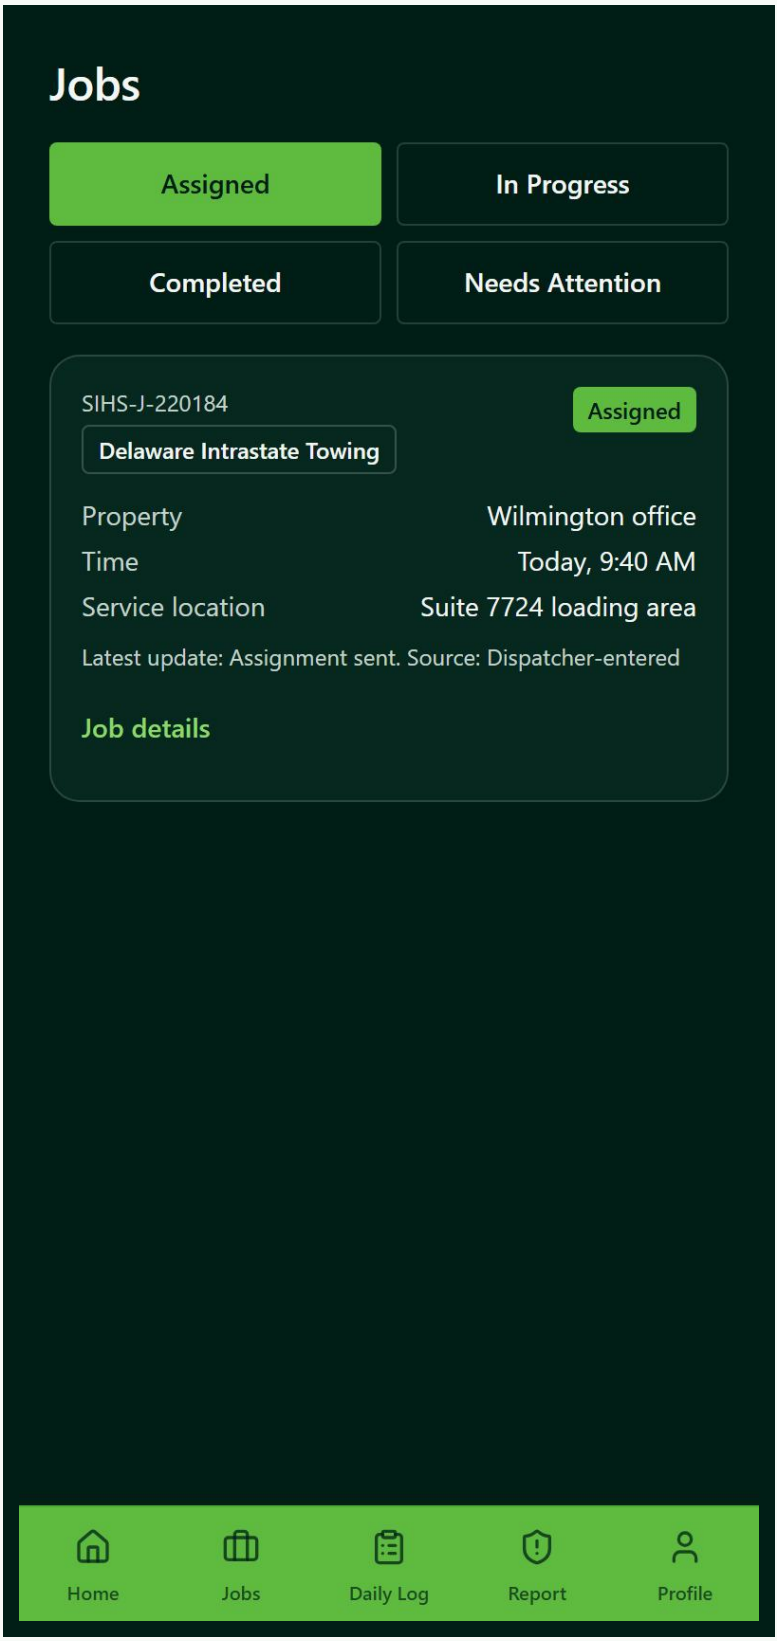

Job details - Assigned tow 1 of 2

Opened from a job card. Shows the job, the problem, the work, the location, and client photos.

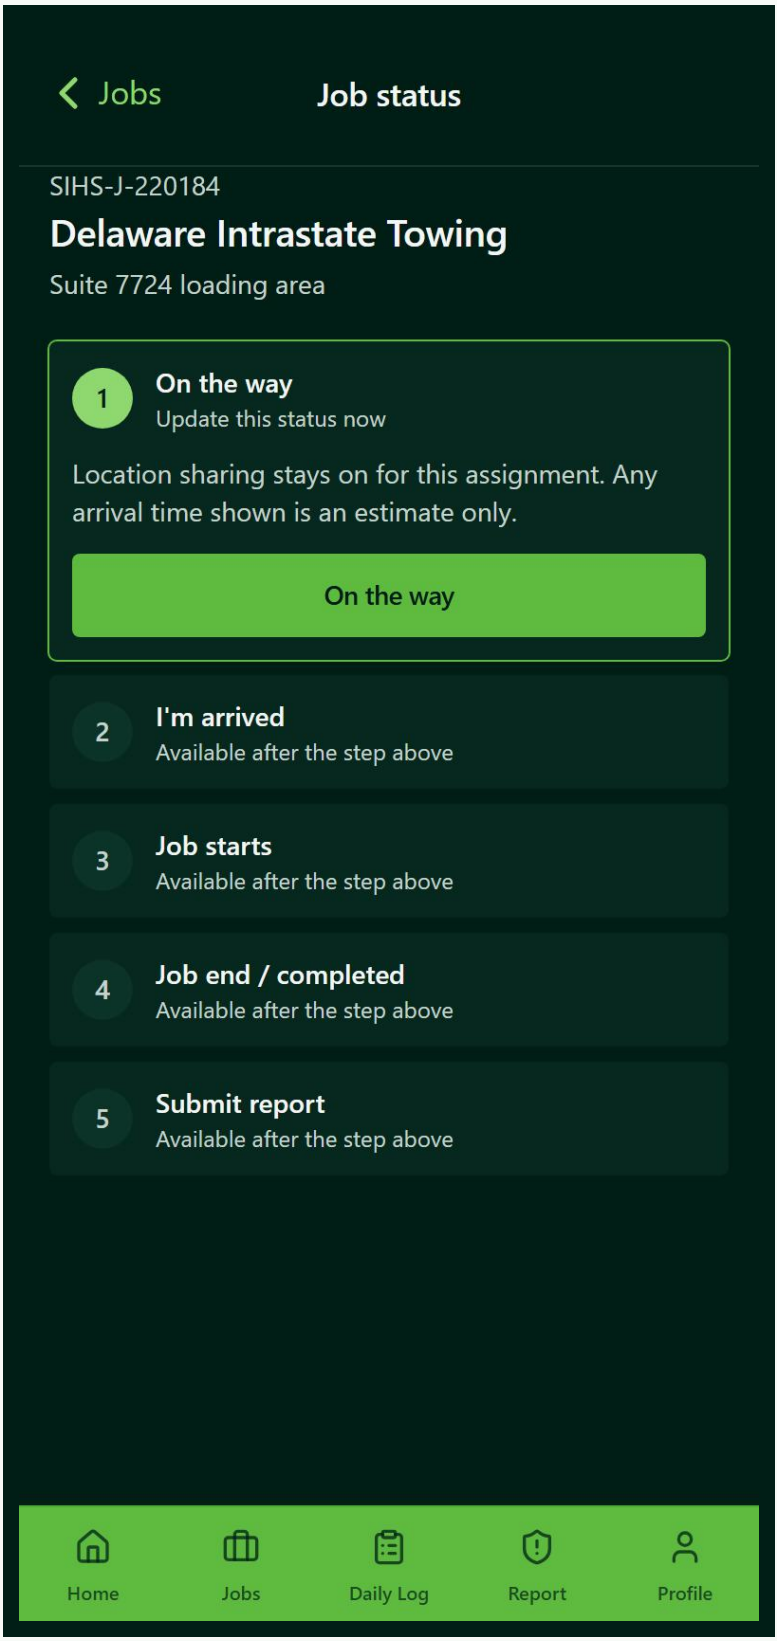

Job details - Assigned tow 2 of 2

Opened from a job card. Shows the job, the problem, the work, the location, and client photos.

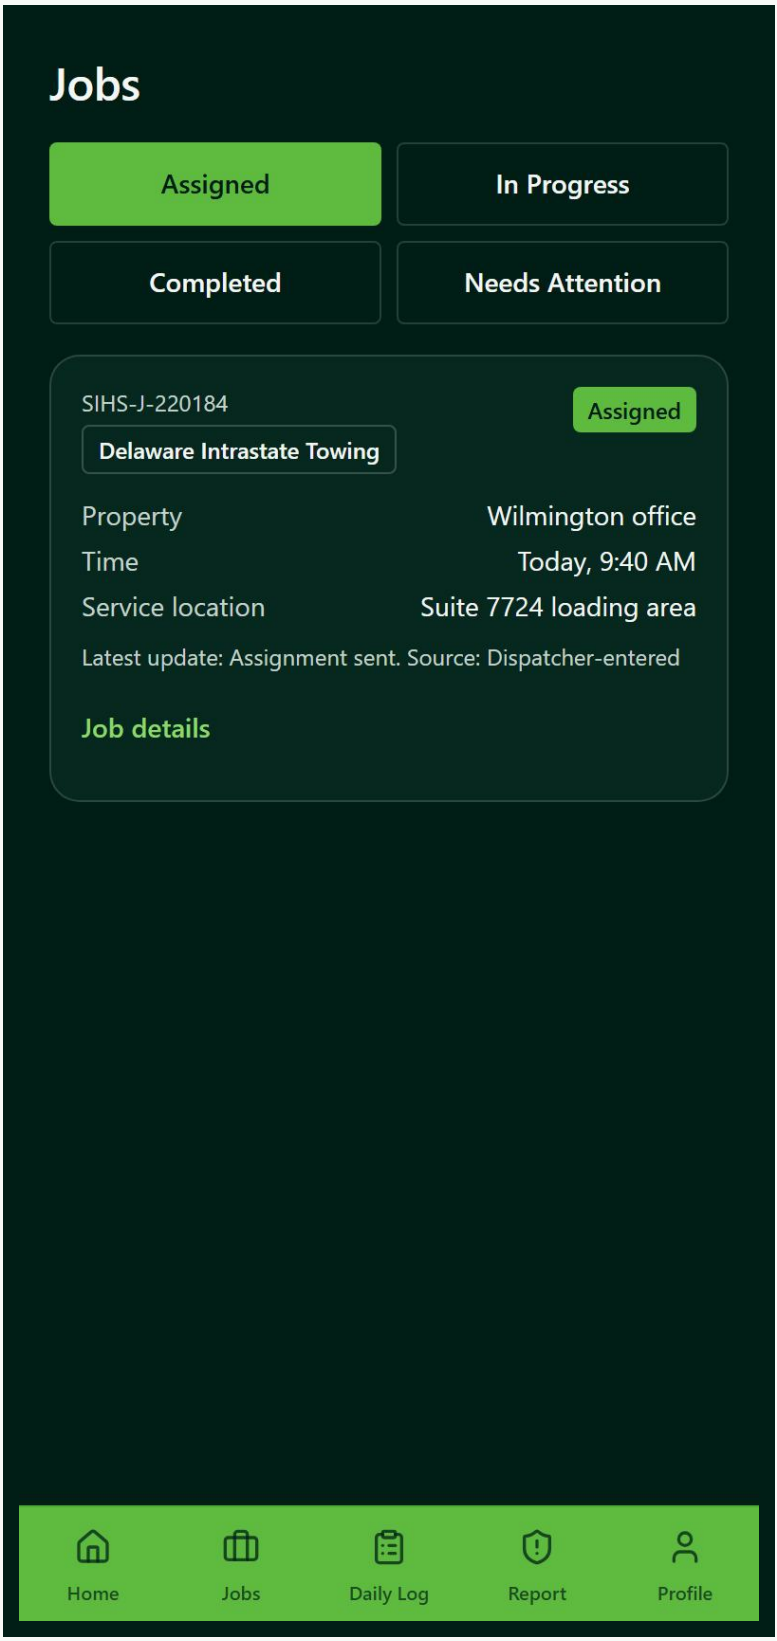

Job status

Update in order: On the way, I'm arrived, Job starts, Job end, then submit the report with an image and a video.

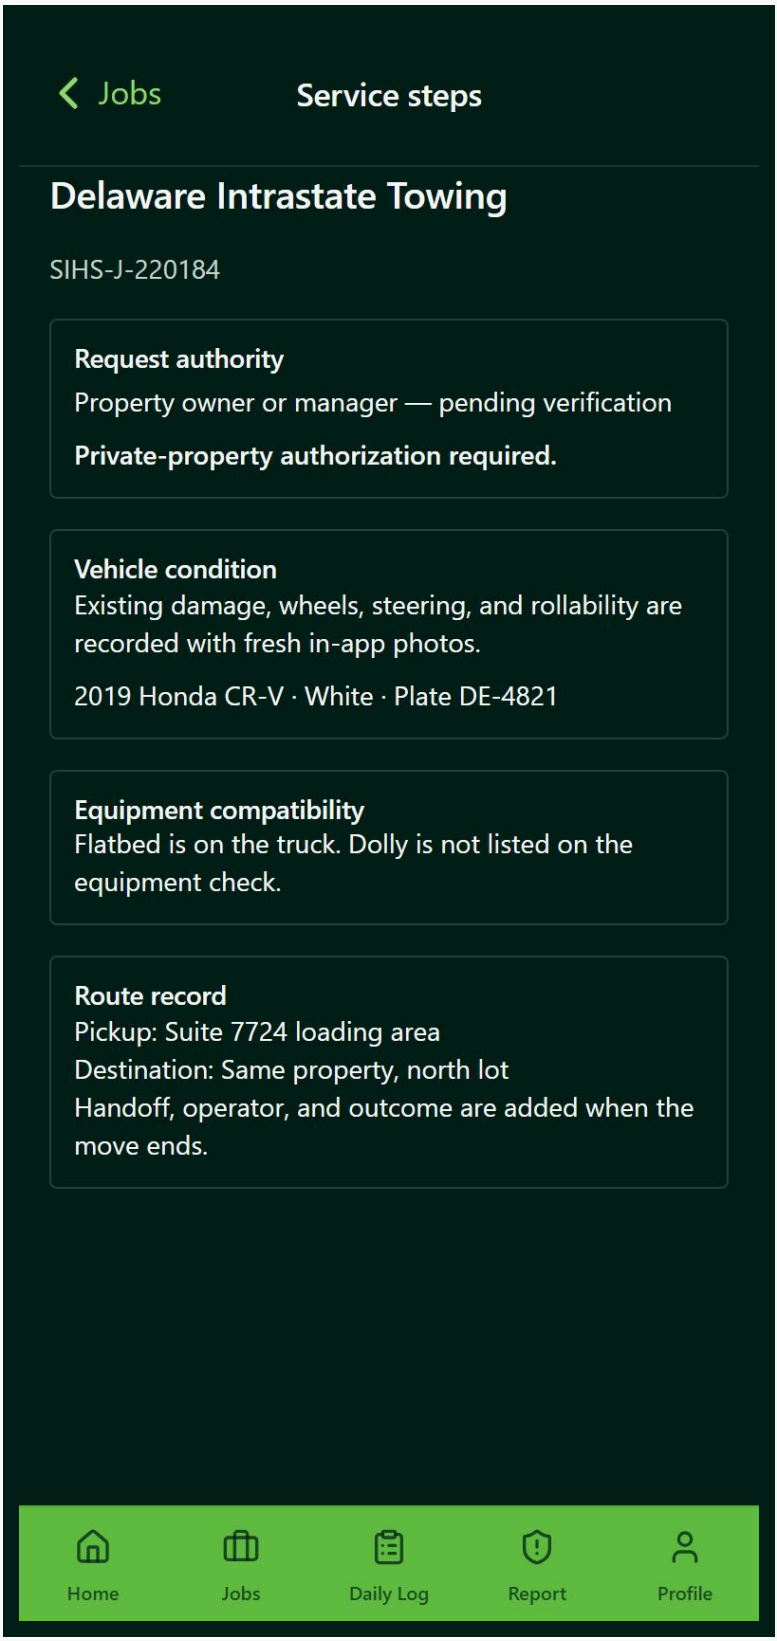

Job details - In progress

A jump-start job that is already underway. Update job status continues the same steps.

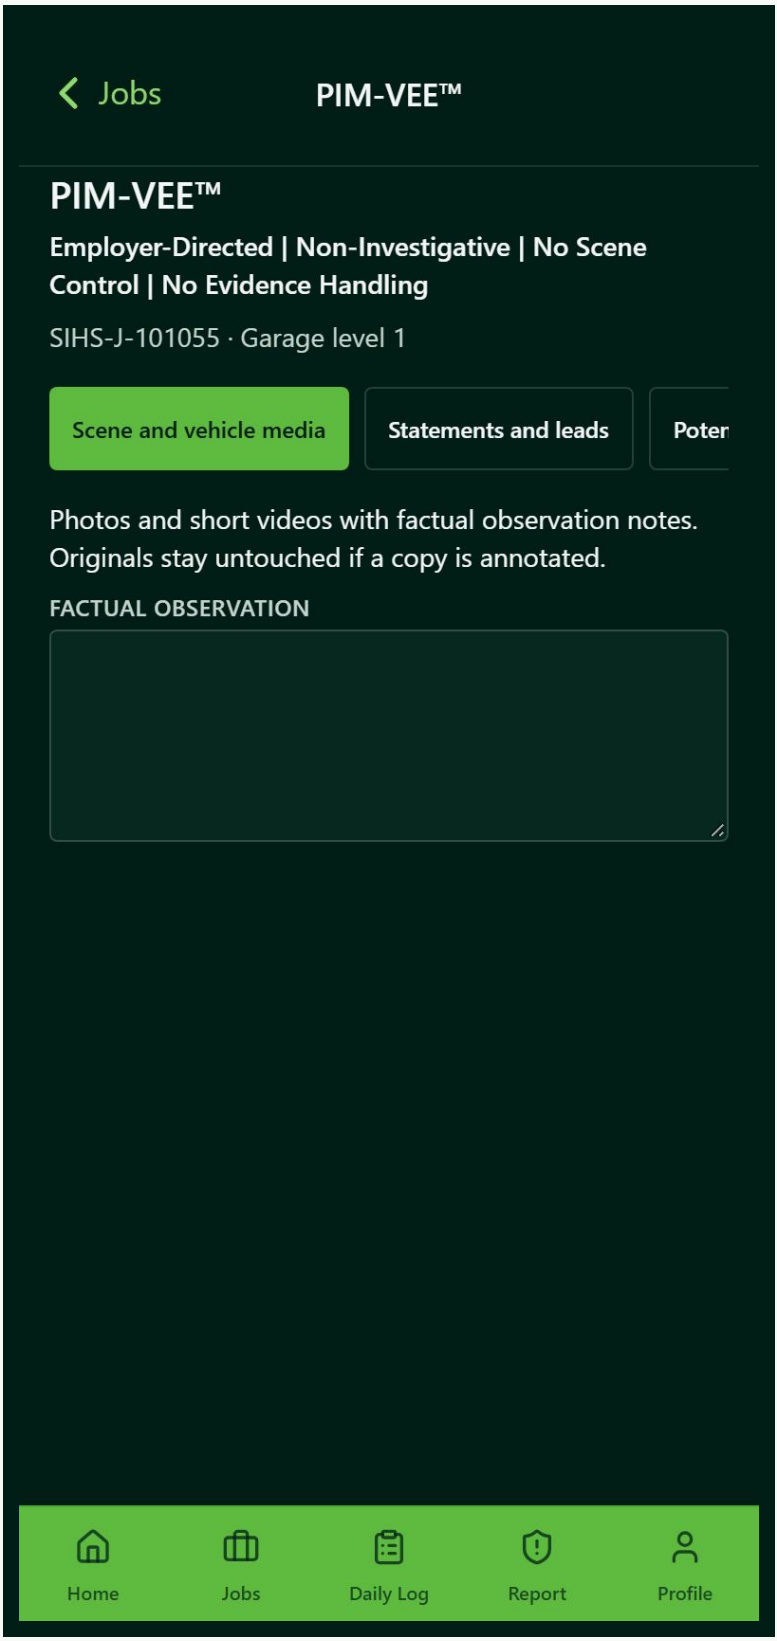

Service steps

Opened from job details for the service checklist.

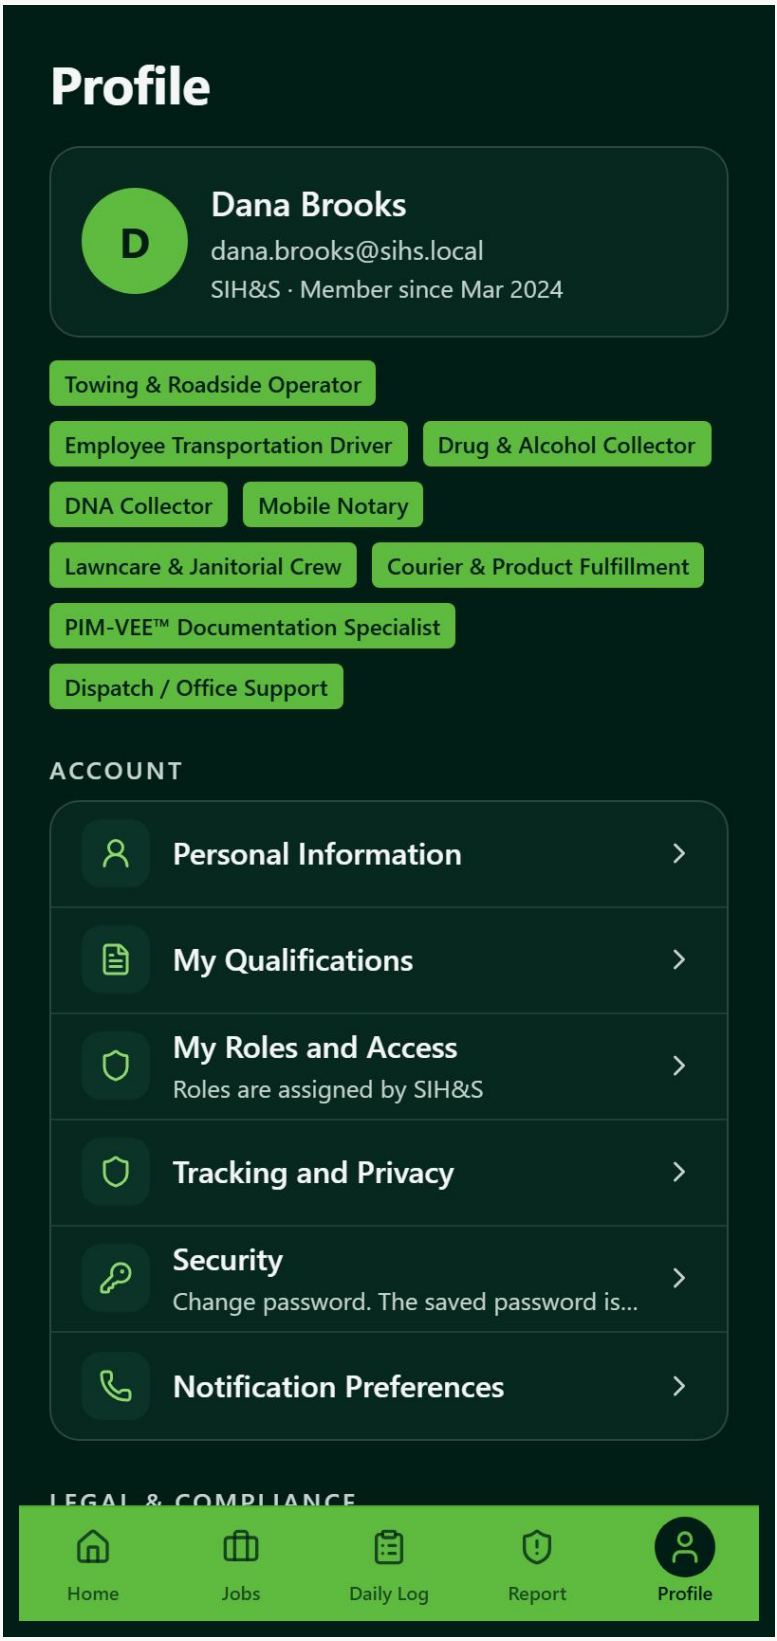

PIM-VEE workspace

Documentation workspace for a PIM-VEE assignment.

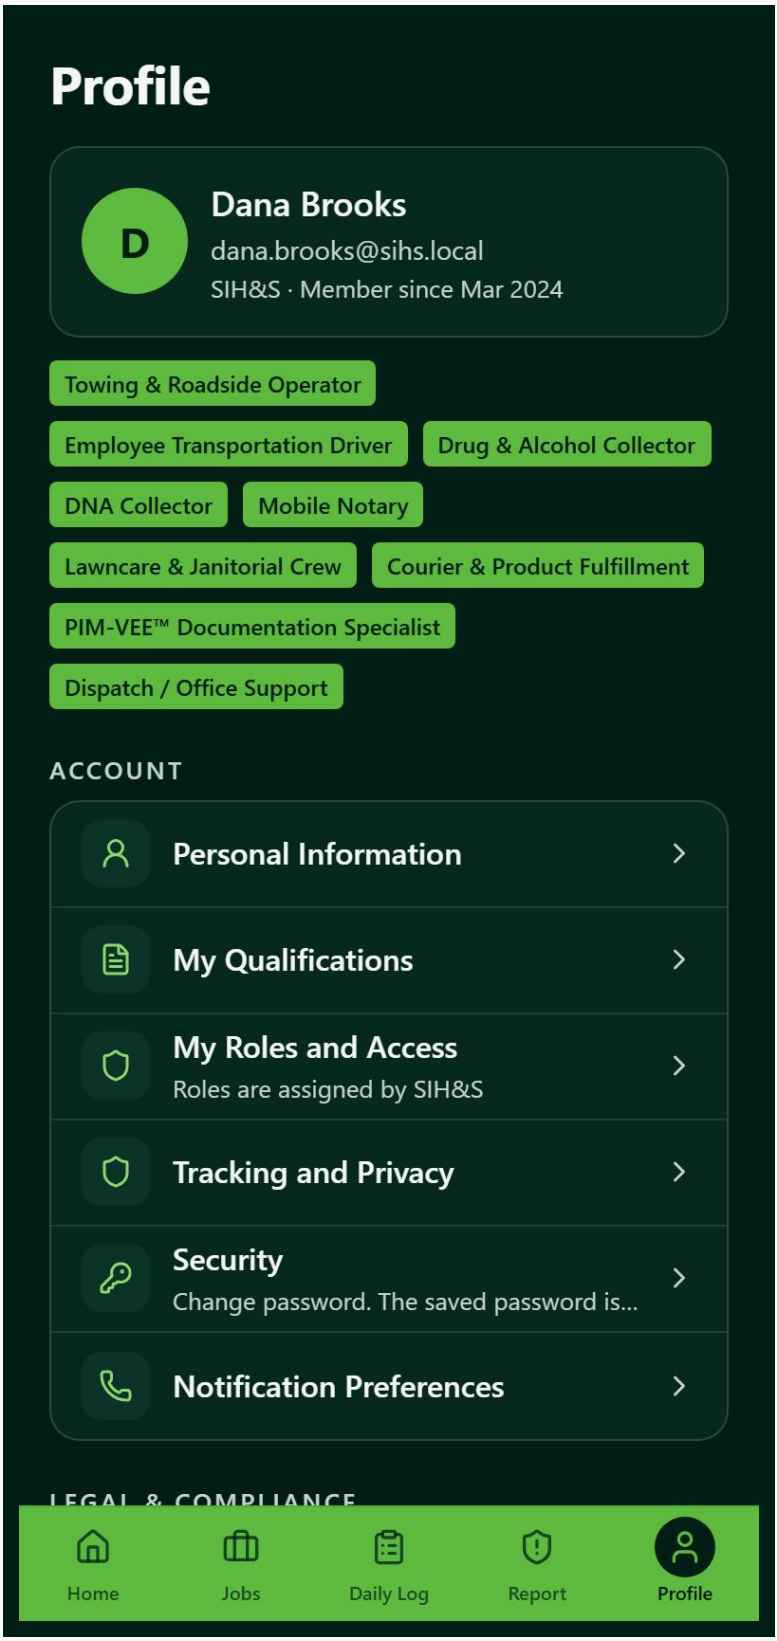

Profile 1 of 2

The Profile tab. Personal information, qualifications, roles, tracking, and security start here.

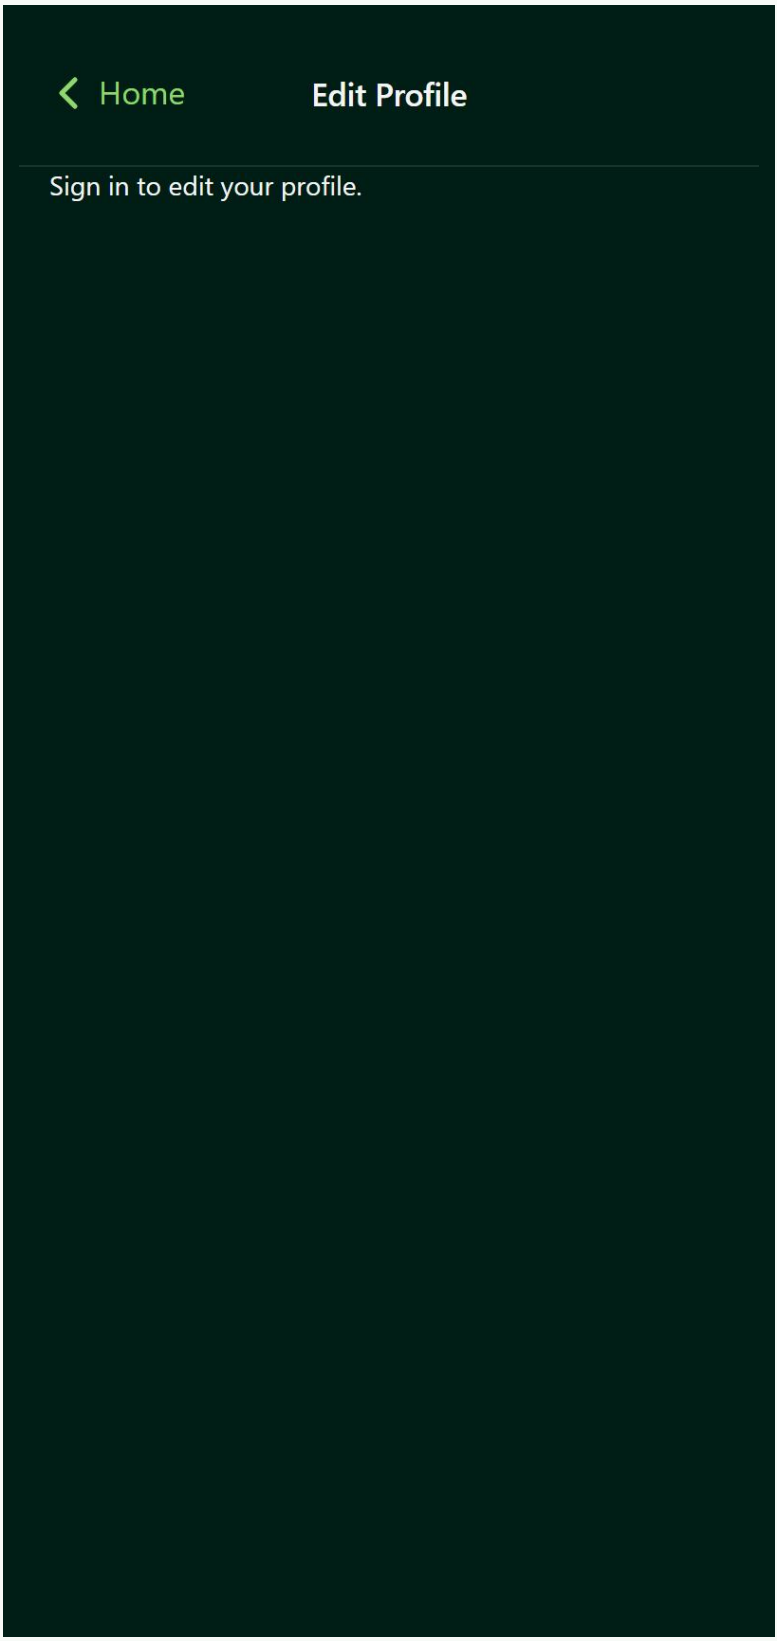

Profile 2 of 2

The Profile tab. Personal information, qualifications, roles, tracking, and security start here.

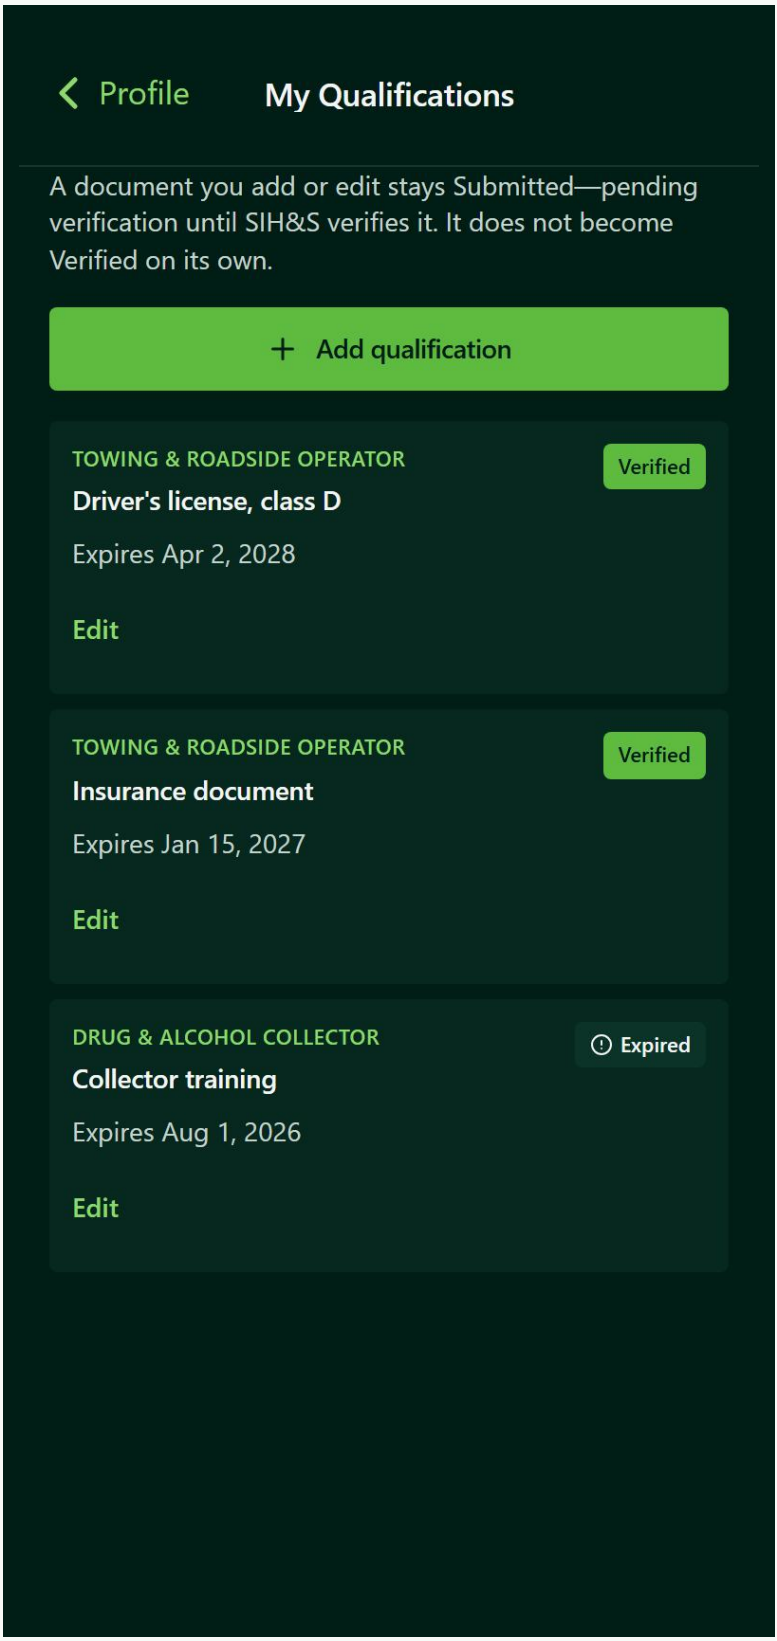

Personal information

Edit the name, email, phone, and address on the account.

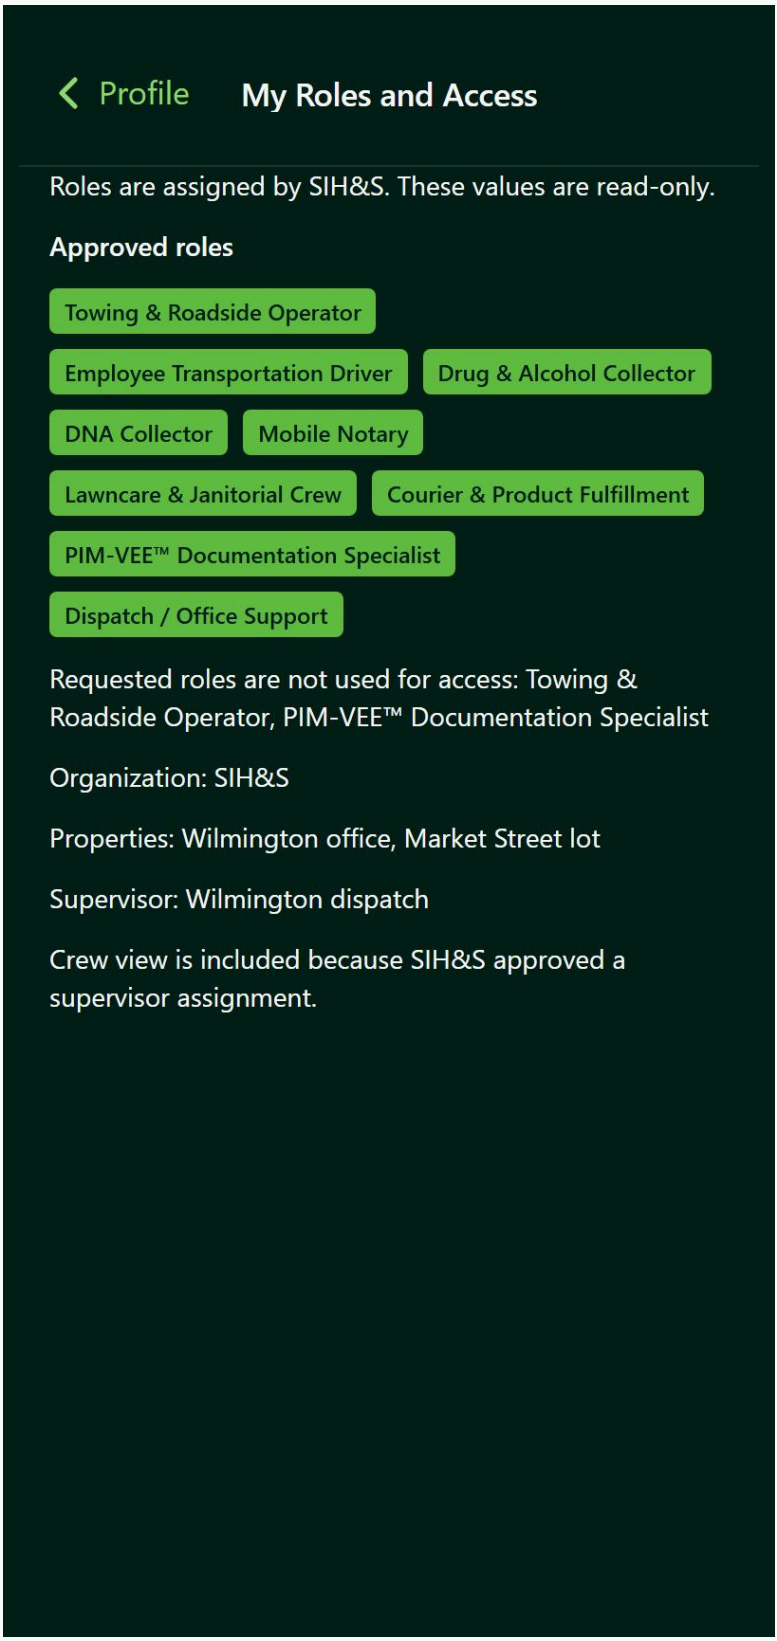

My Qualifications

Each record can be edited. Add qualification starts a new one.

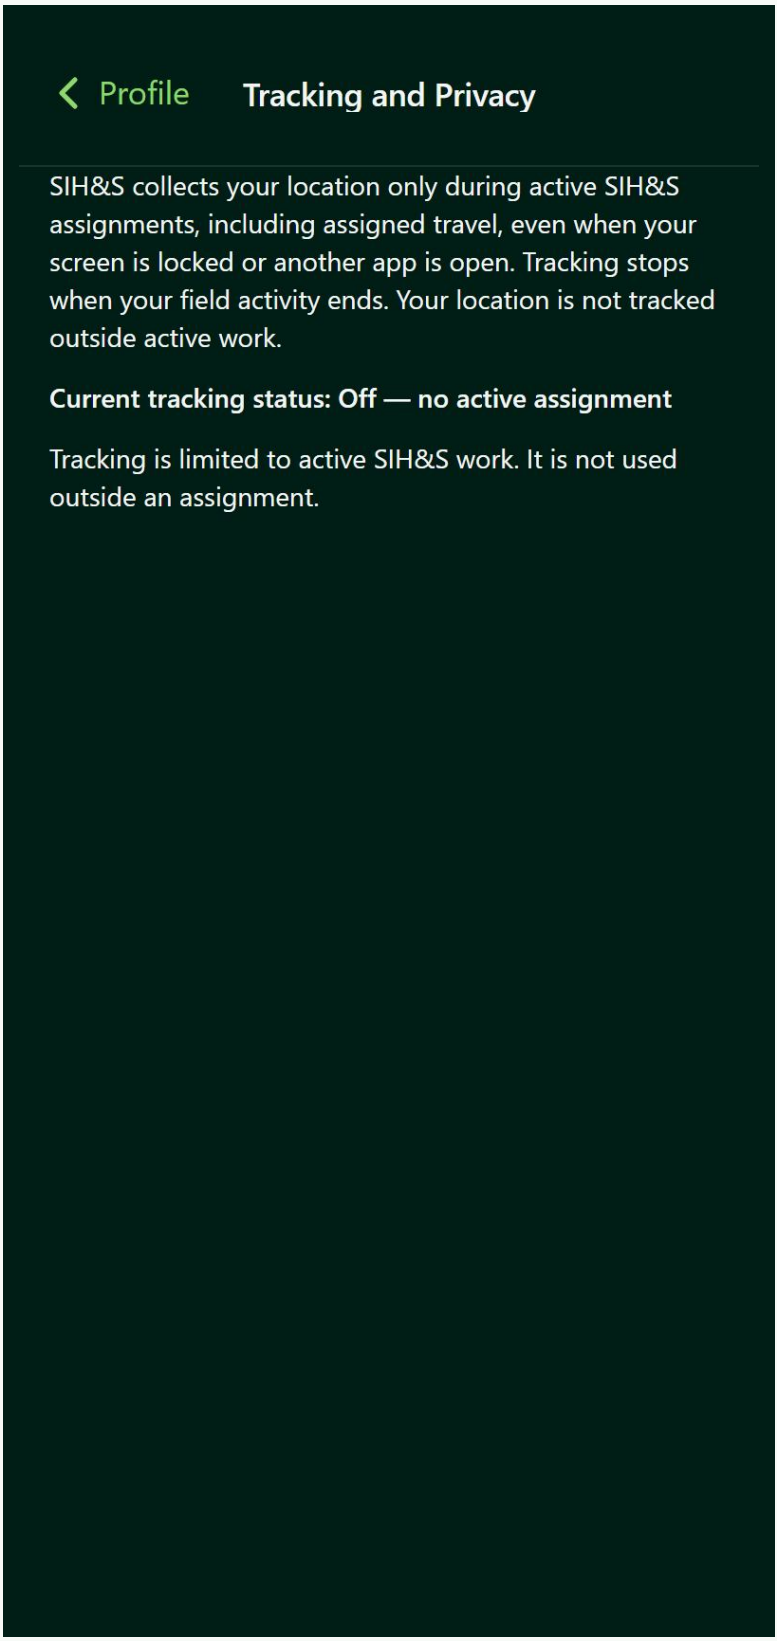

My Roles and Access

Approved roles are assigned by SIH&S.

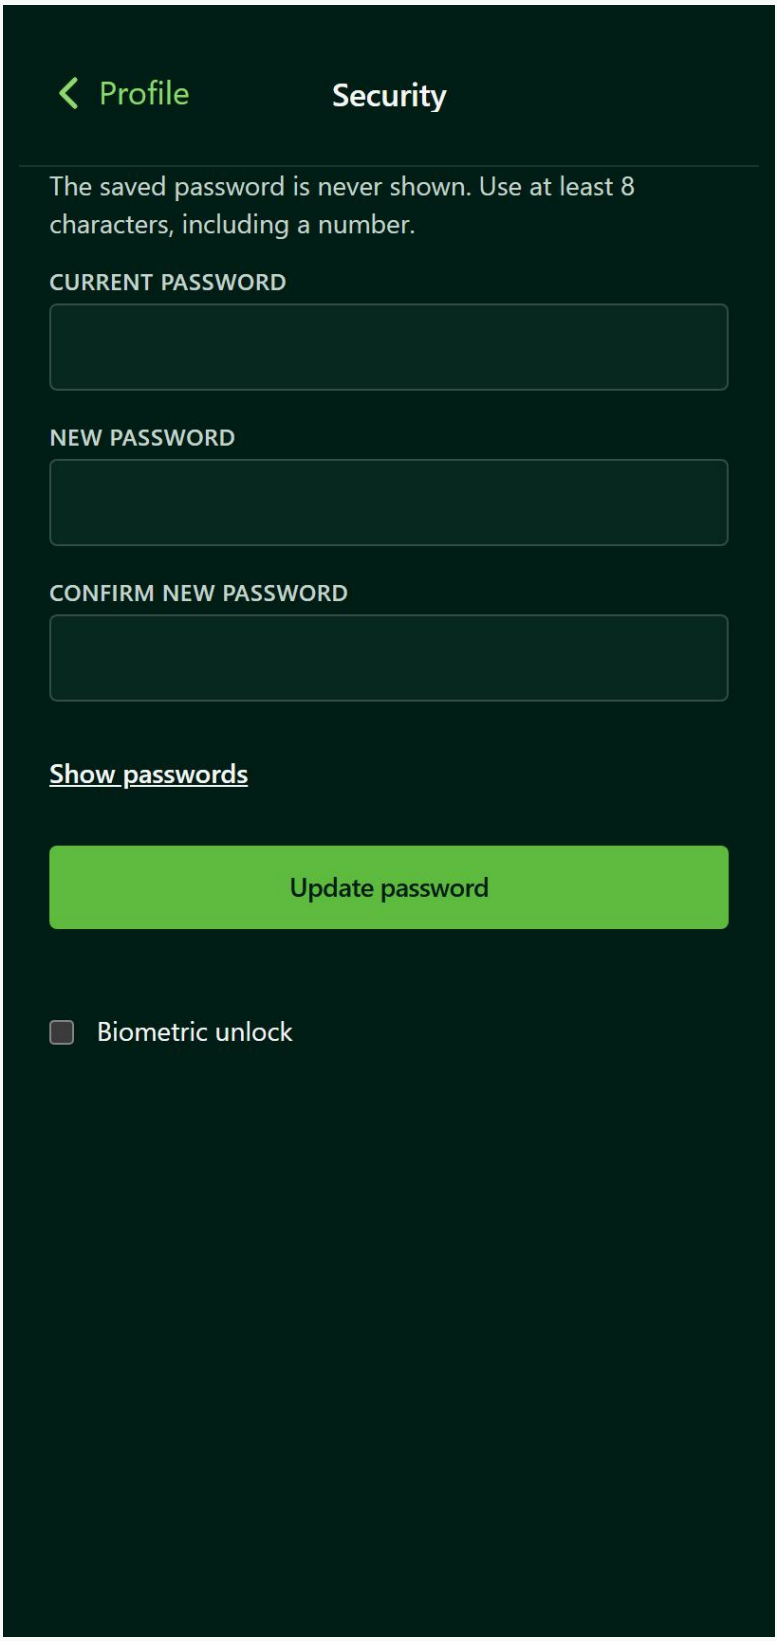

Tracking and Privacy

Location sharing for an active assignment.

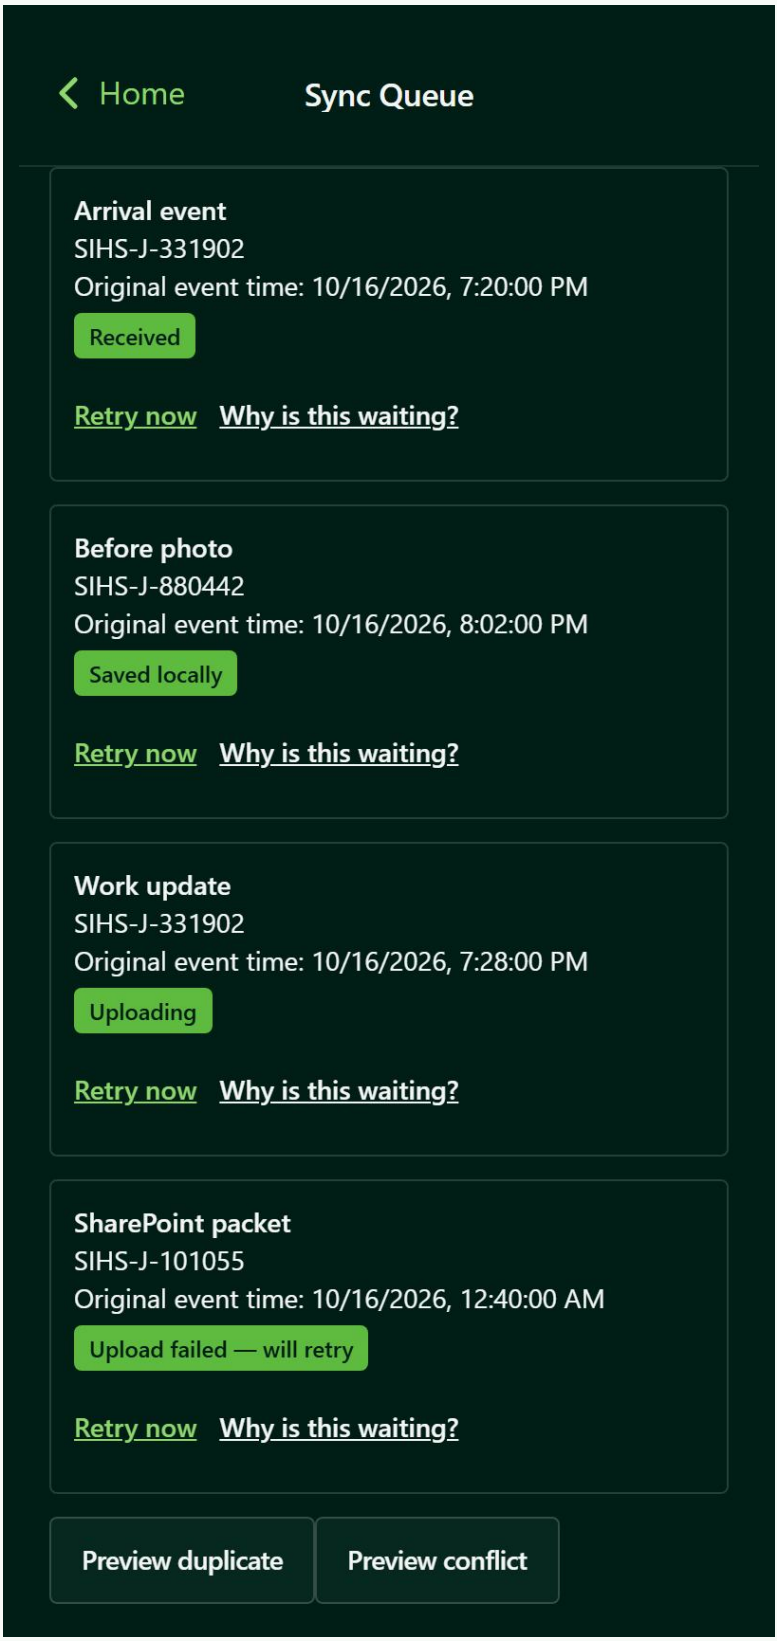

Security

Change password. The saved password is never shown.

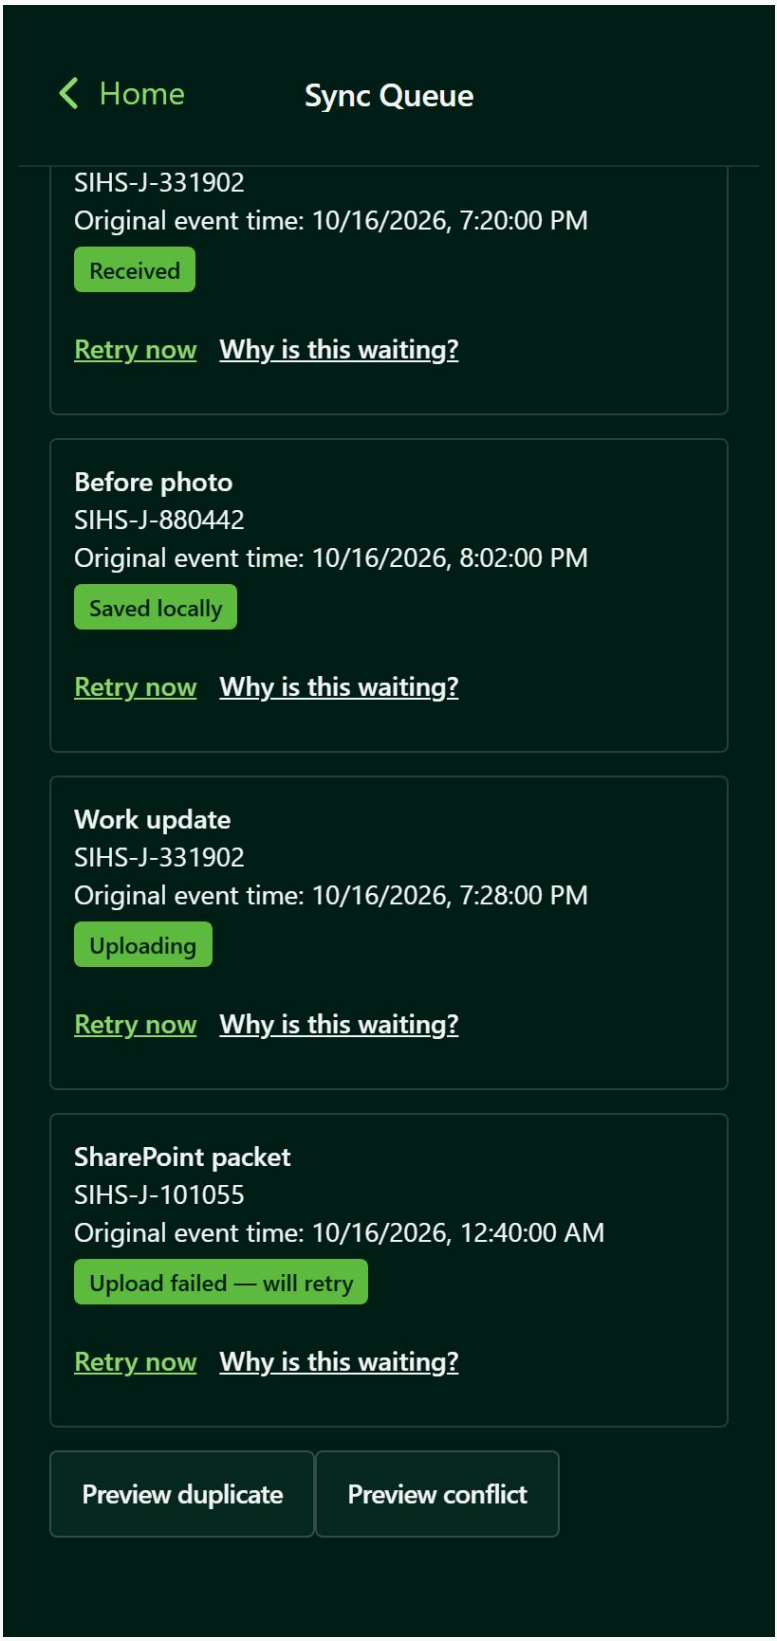

Sync queue 1 of 2

Opened from Home. Items stay saved until they are received.

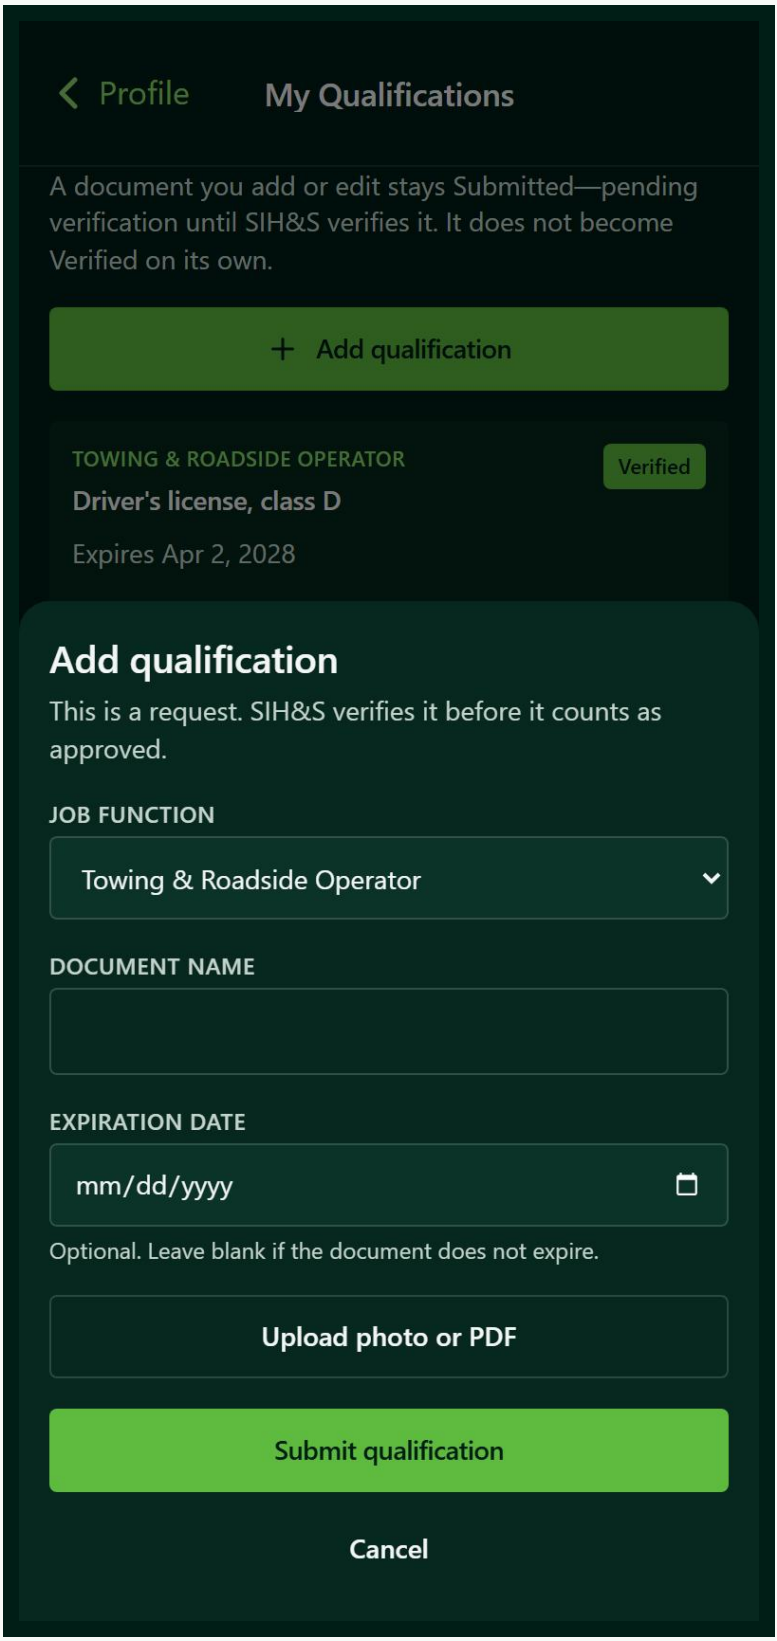

Sync queue 2 of 2

Opened from Home. Items stay saved until they are received.

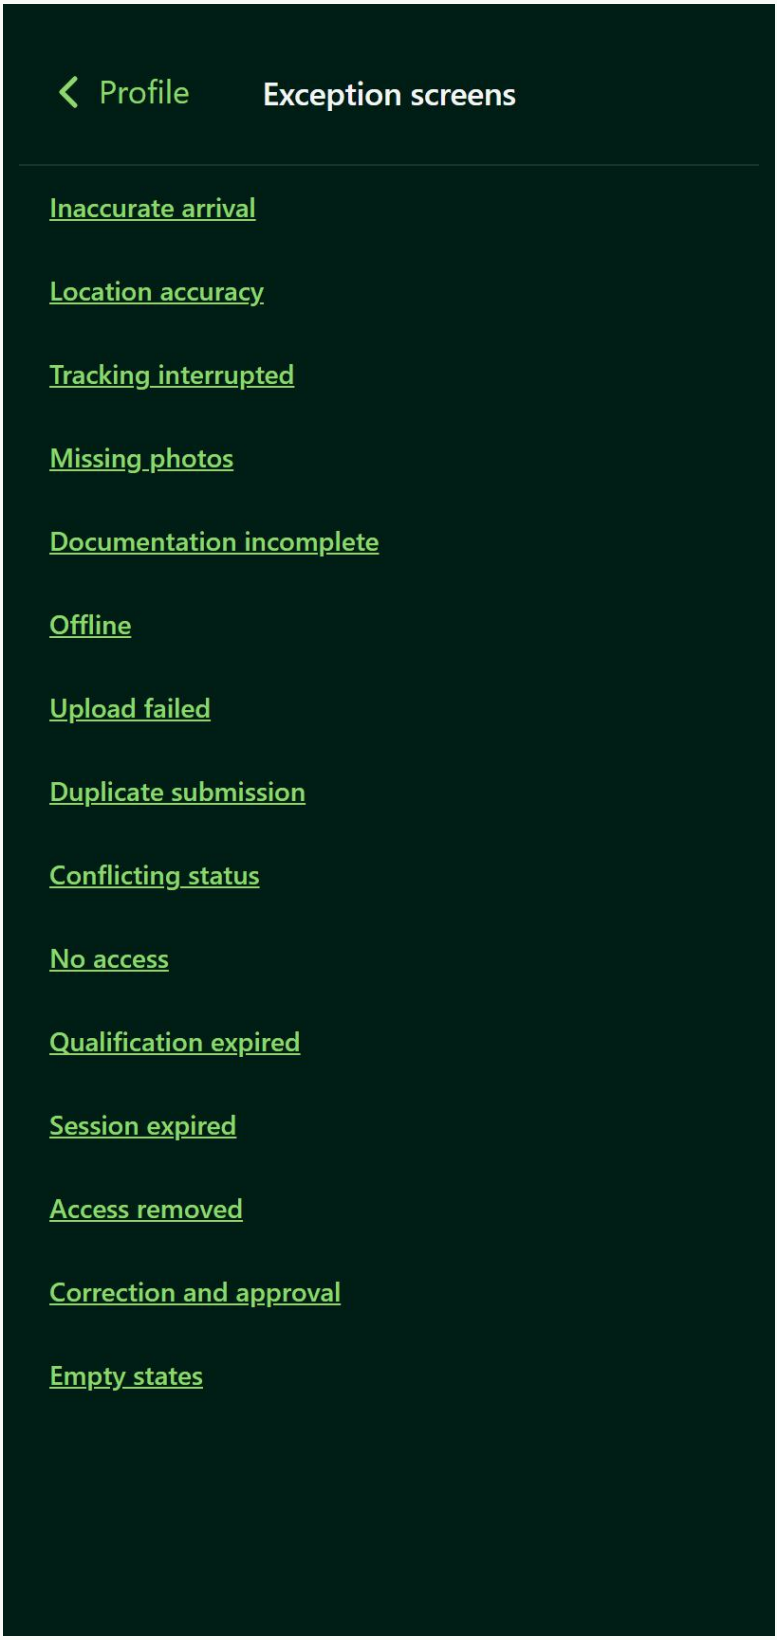

Add qualification

New qualification form. Saving keeps it Submitted-pending verification.

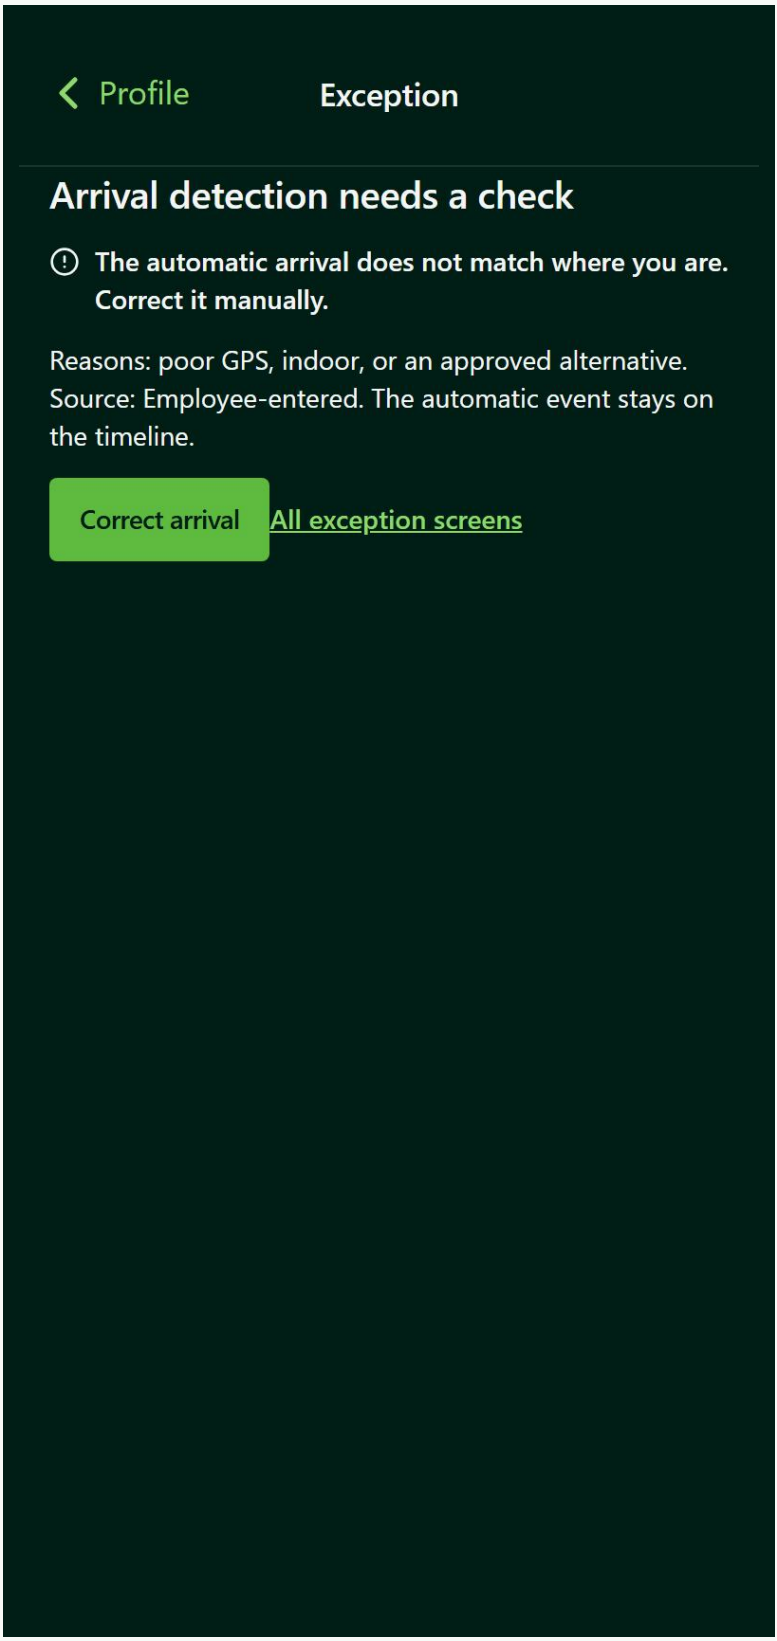

Exception screens

Opened from Profile. Each row is a separate state.

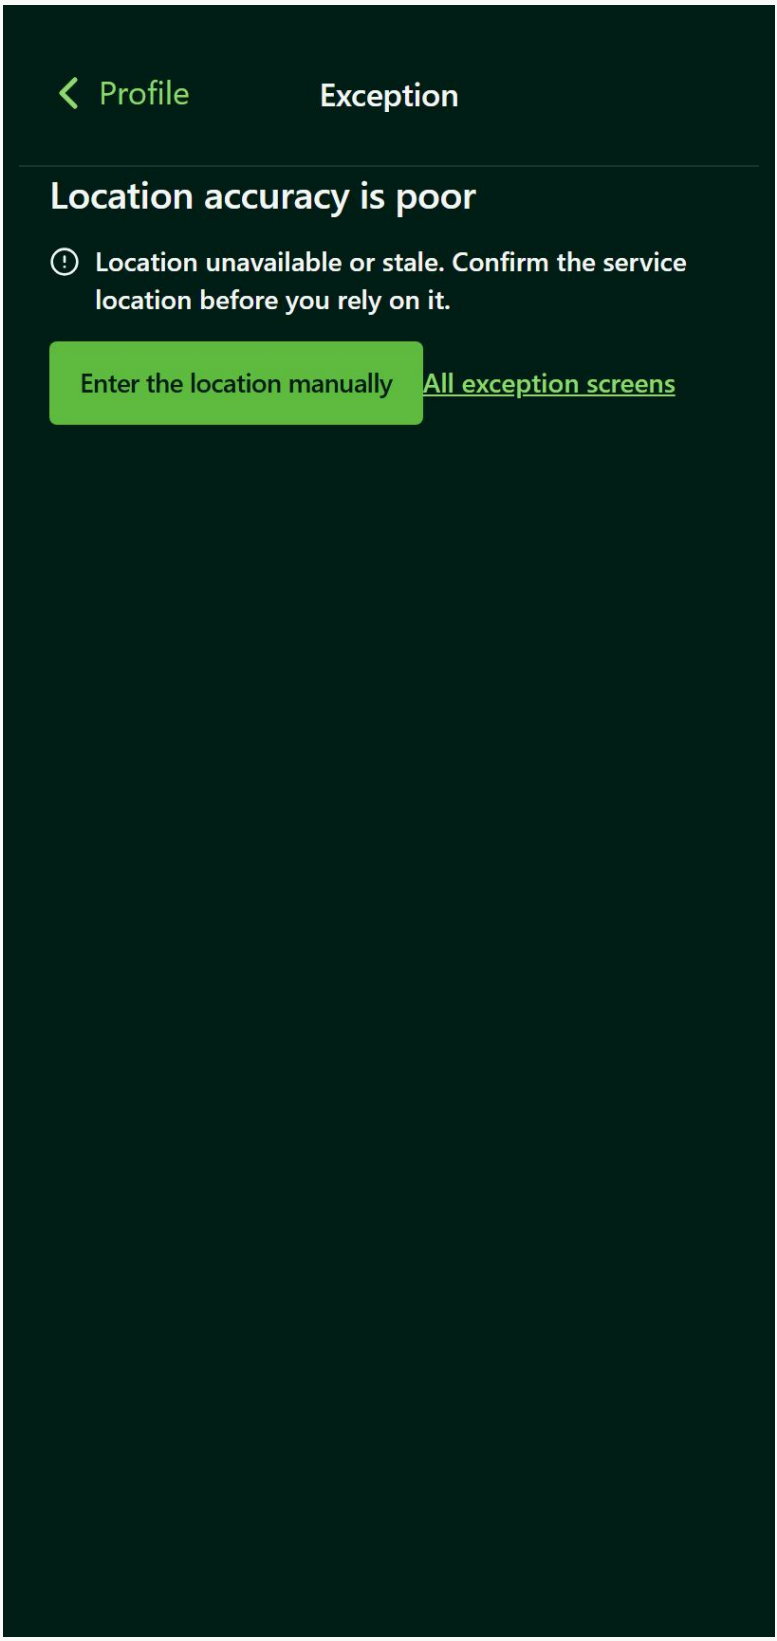

Inaccurate arrival

An exception state. It does not remove work that was already recorded.

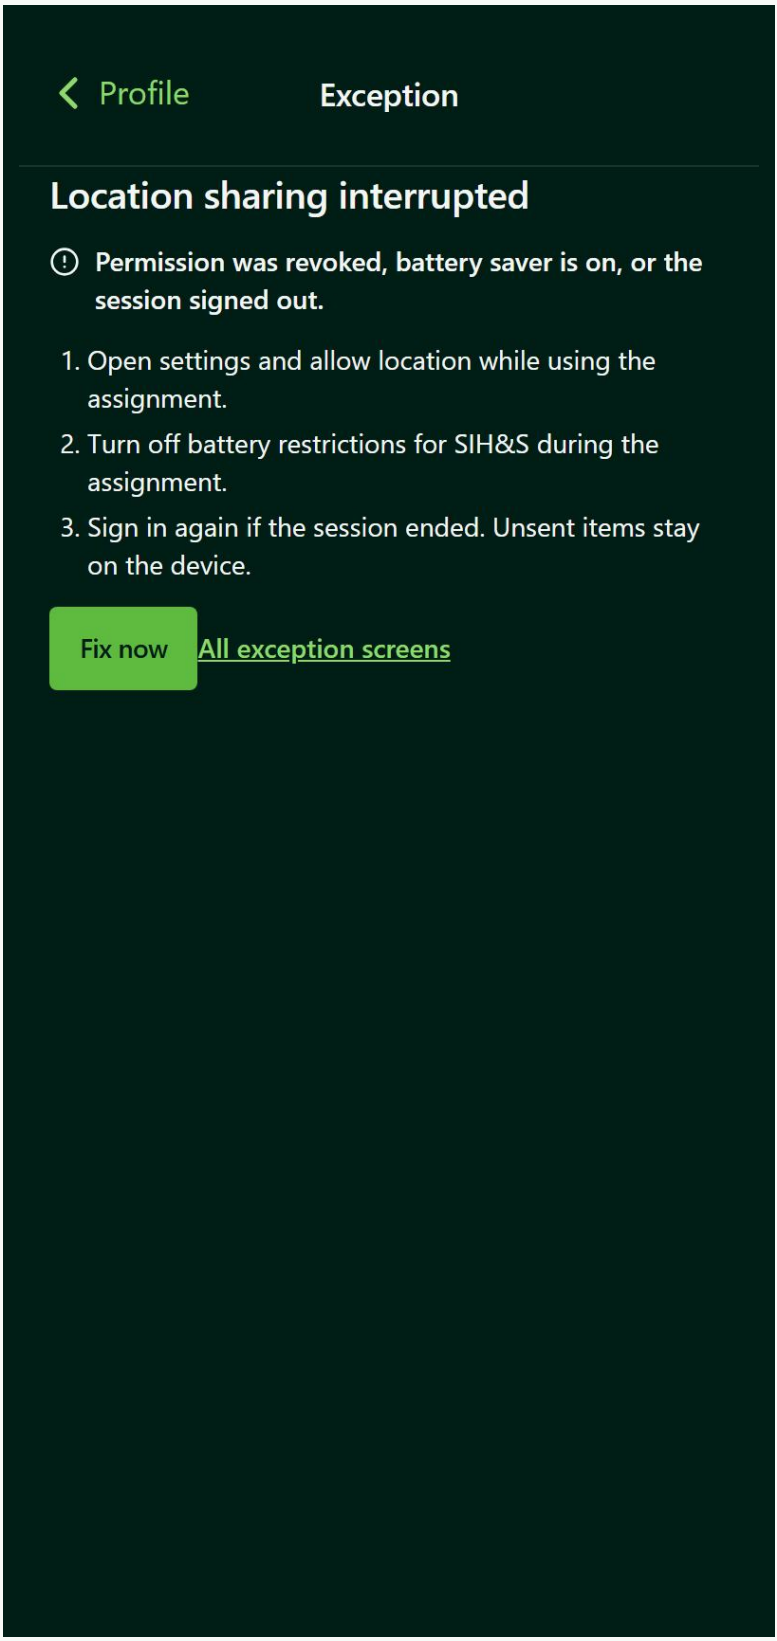

Location accuracy

An exception state. It does not remove work that was already recorded.

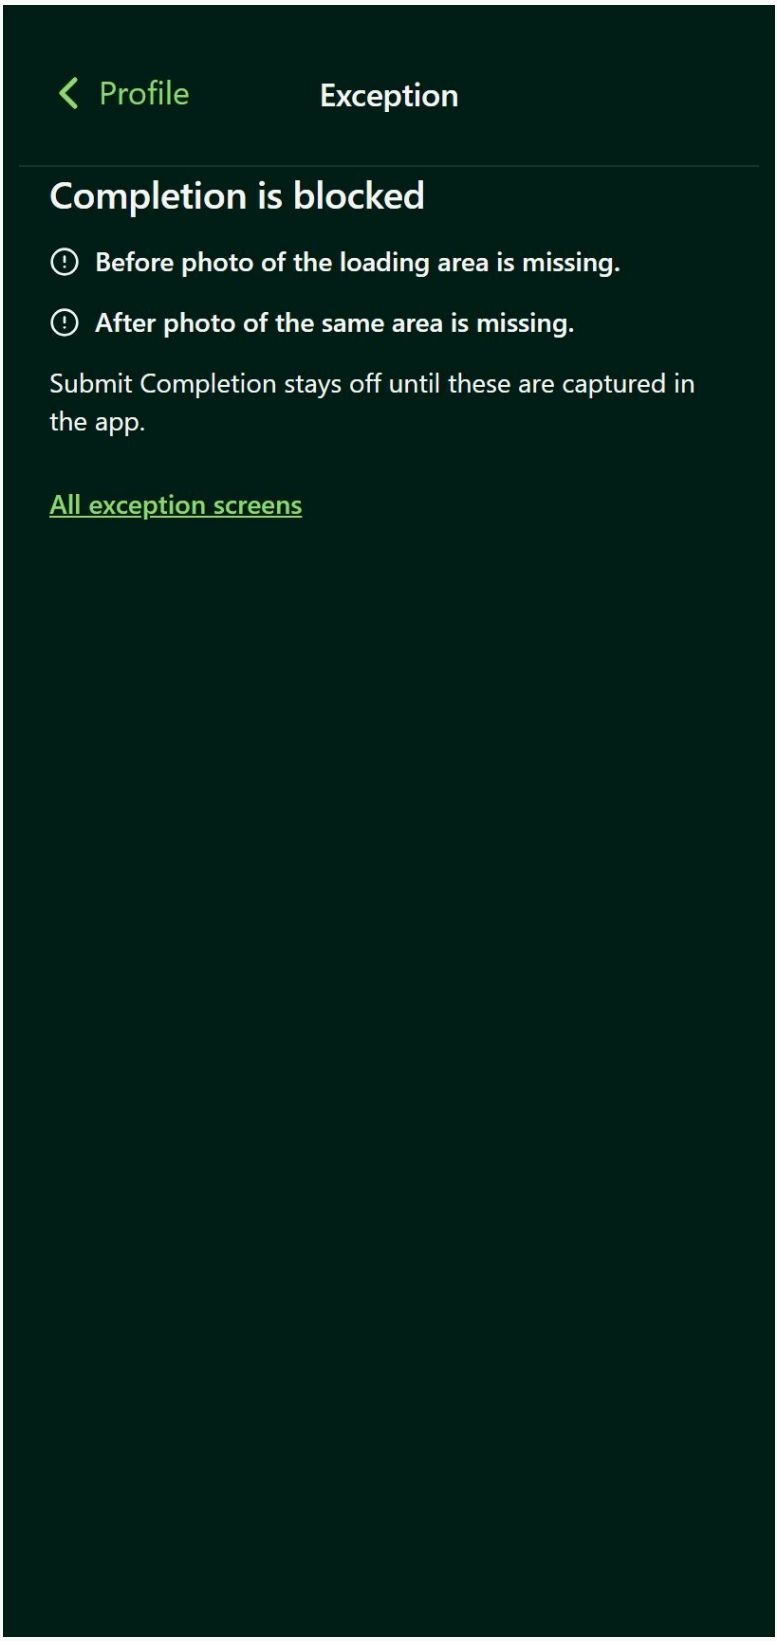

Tracking interrupted

An exception state. It does not remove work that was already recorded.

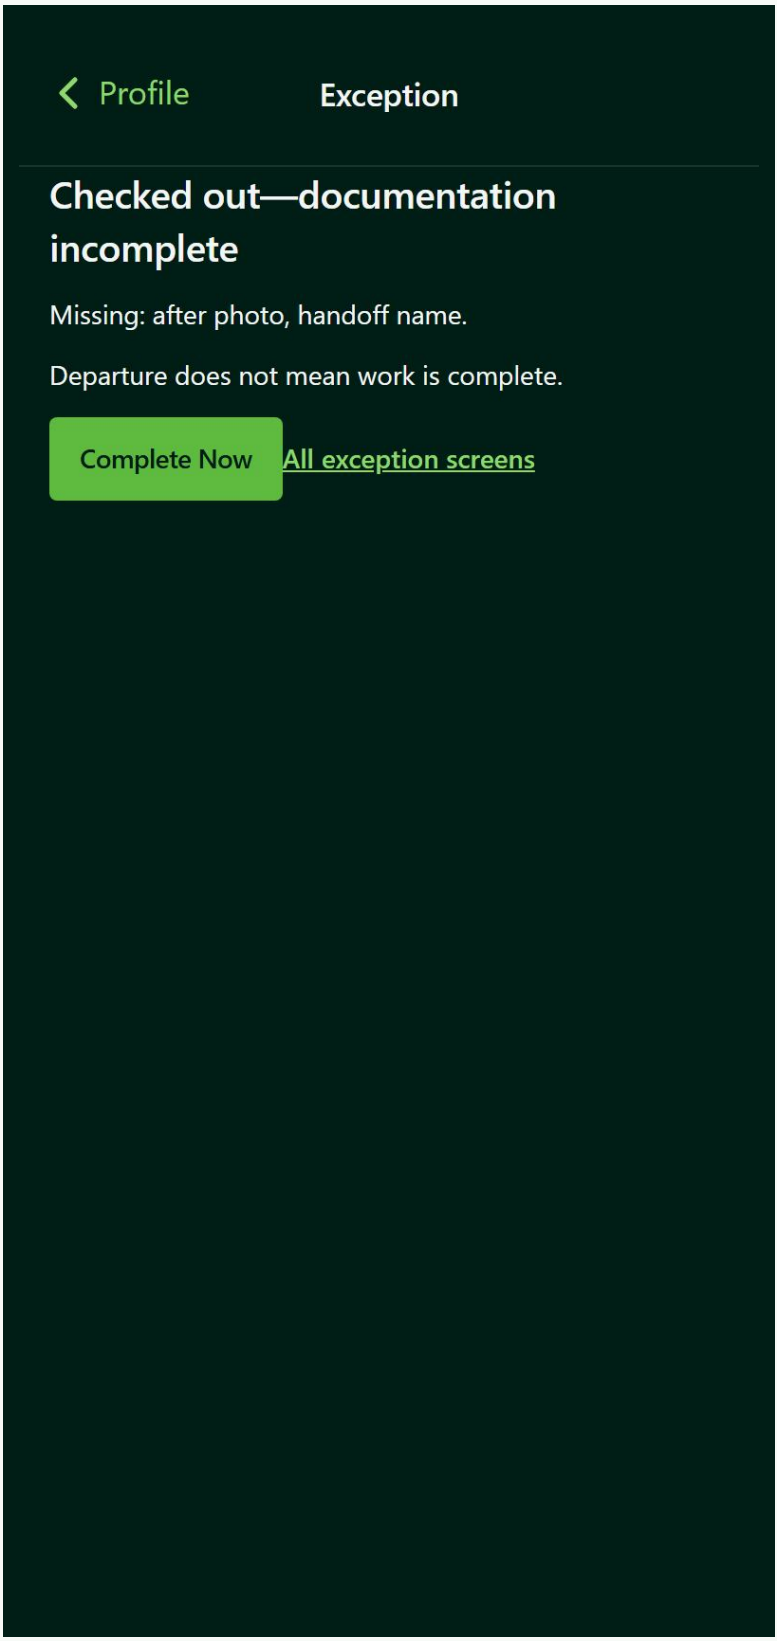

Missing photos

An exception state. It does not remove work that was already recorded.

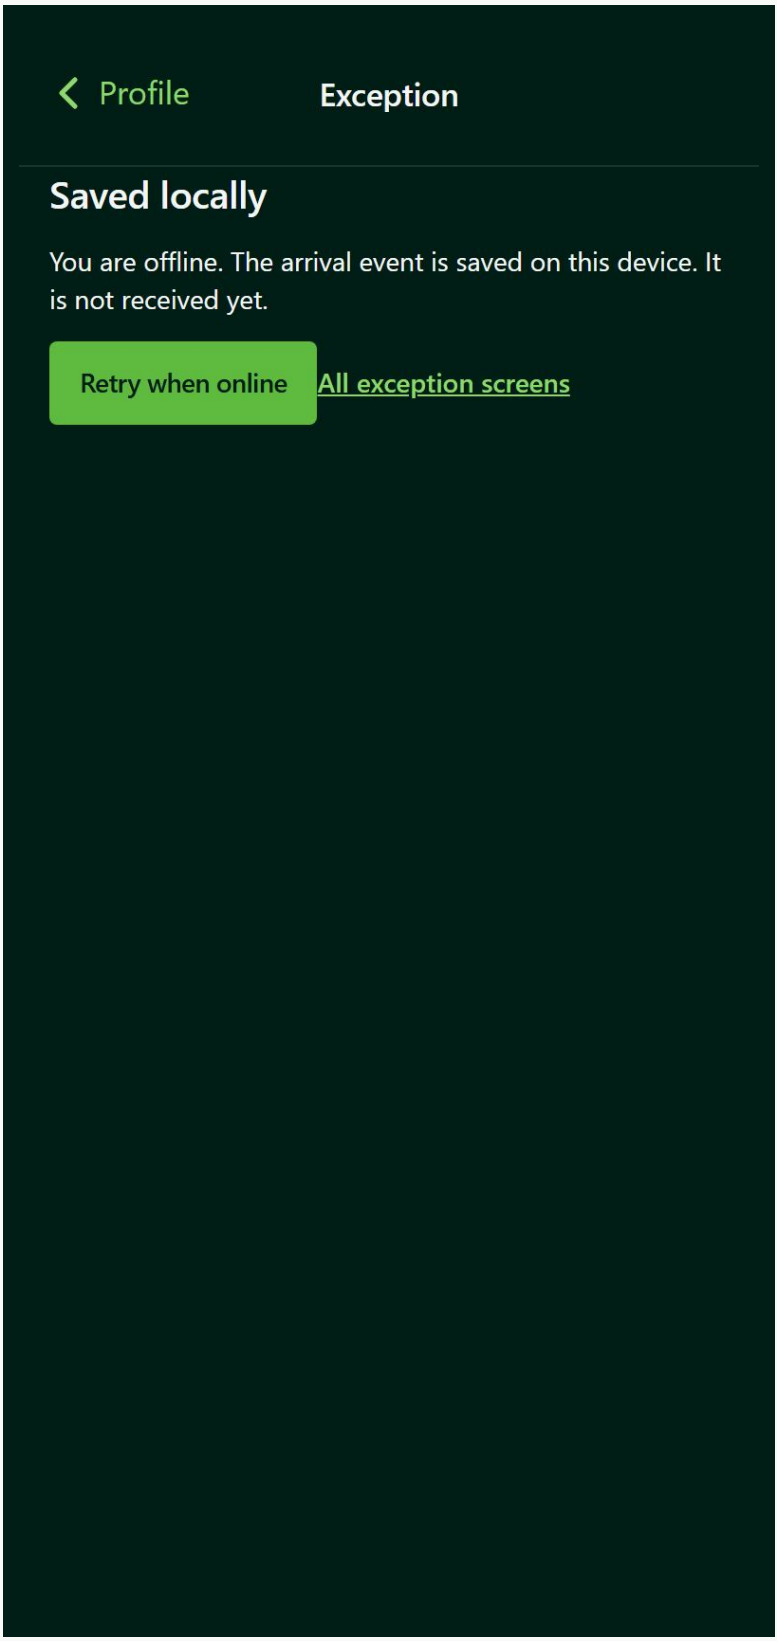

Documentation incomplete

An exception state. It does not remove work that was already recorded.

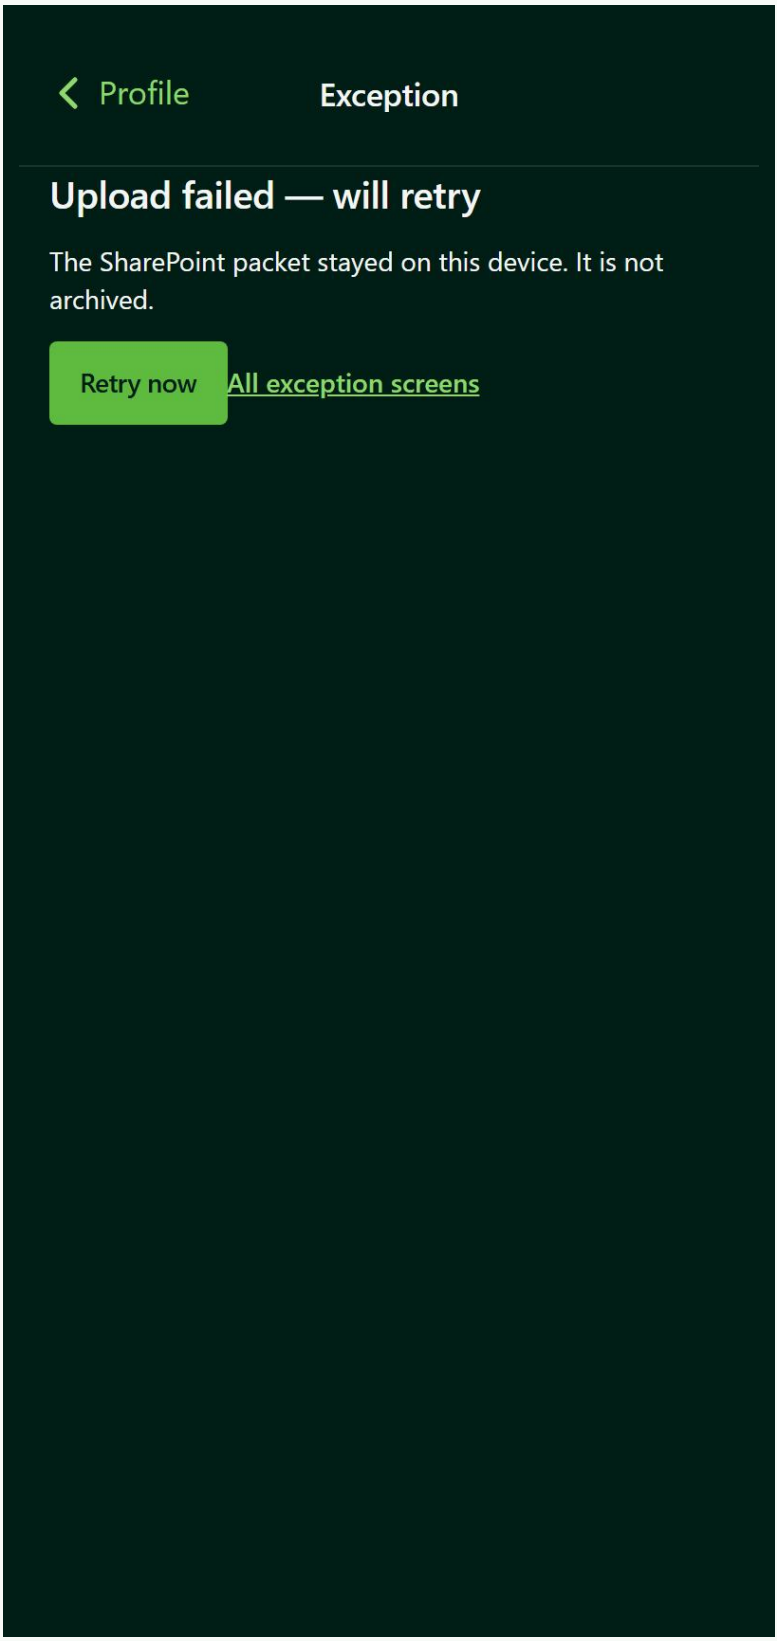

Offline

An exception state. It does not remove work that was already recorded.

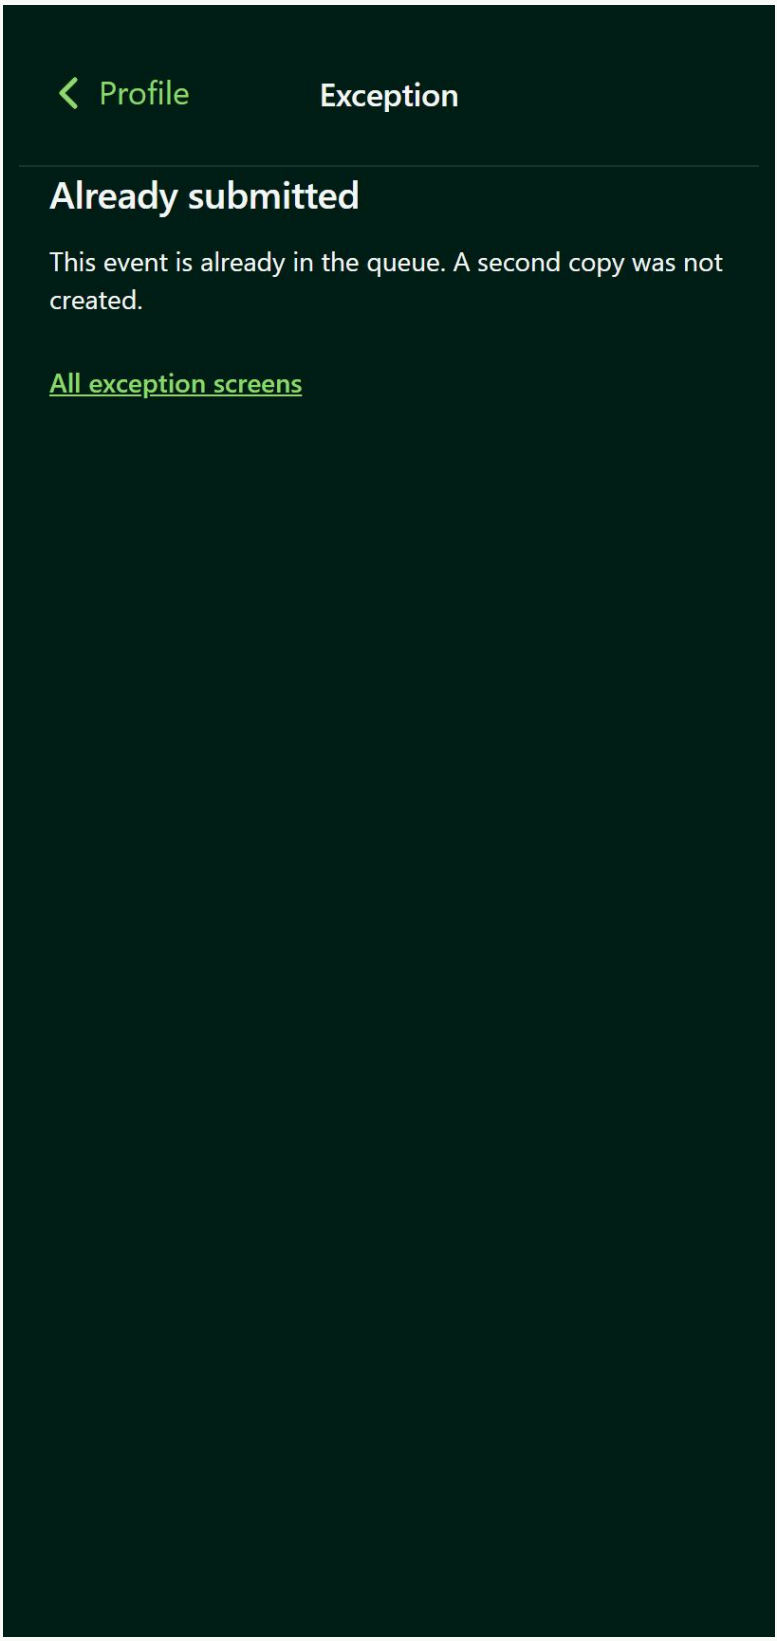

Upload failed

An exception state. It does not remove work that was already recorded.

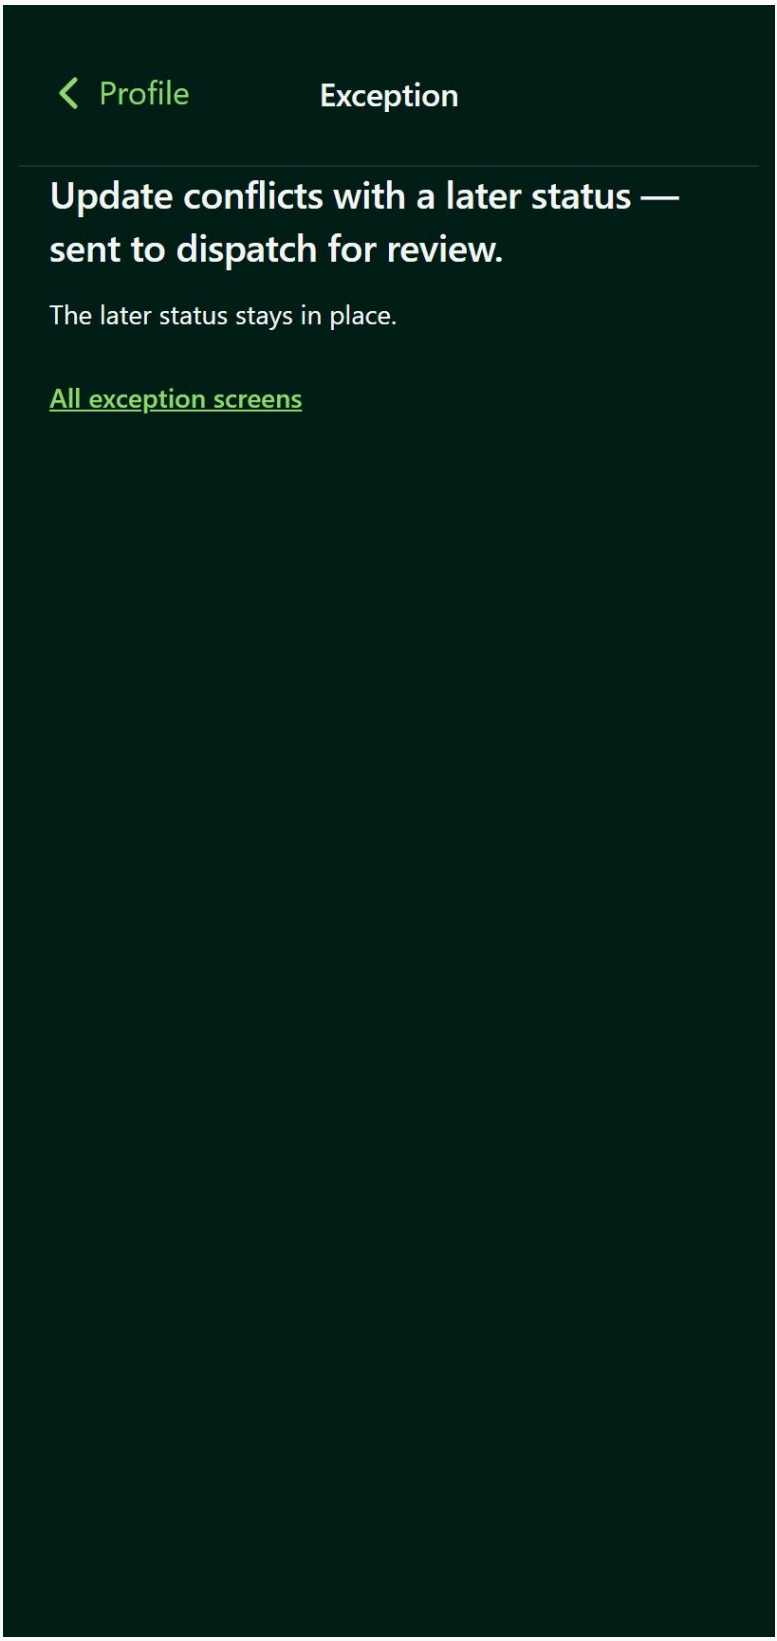

Duplicate submission

An exception state. It does not remove work that was already recorded.

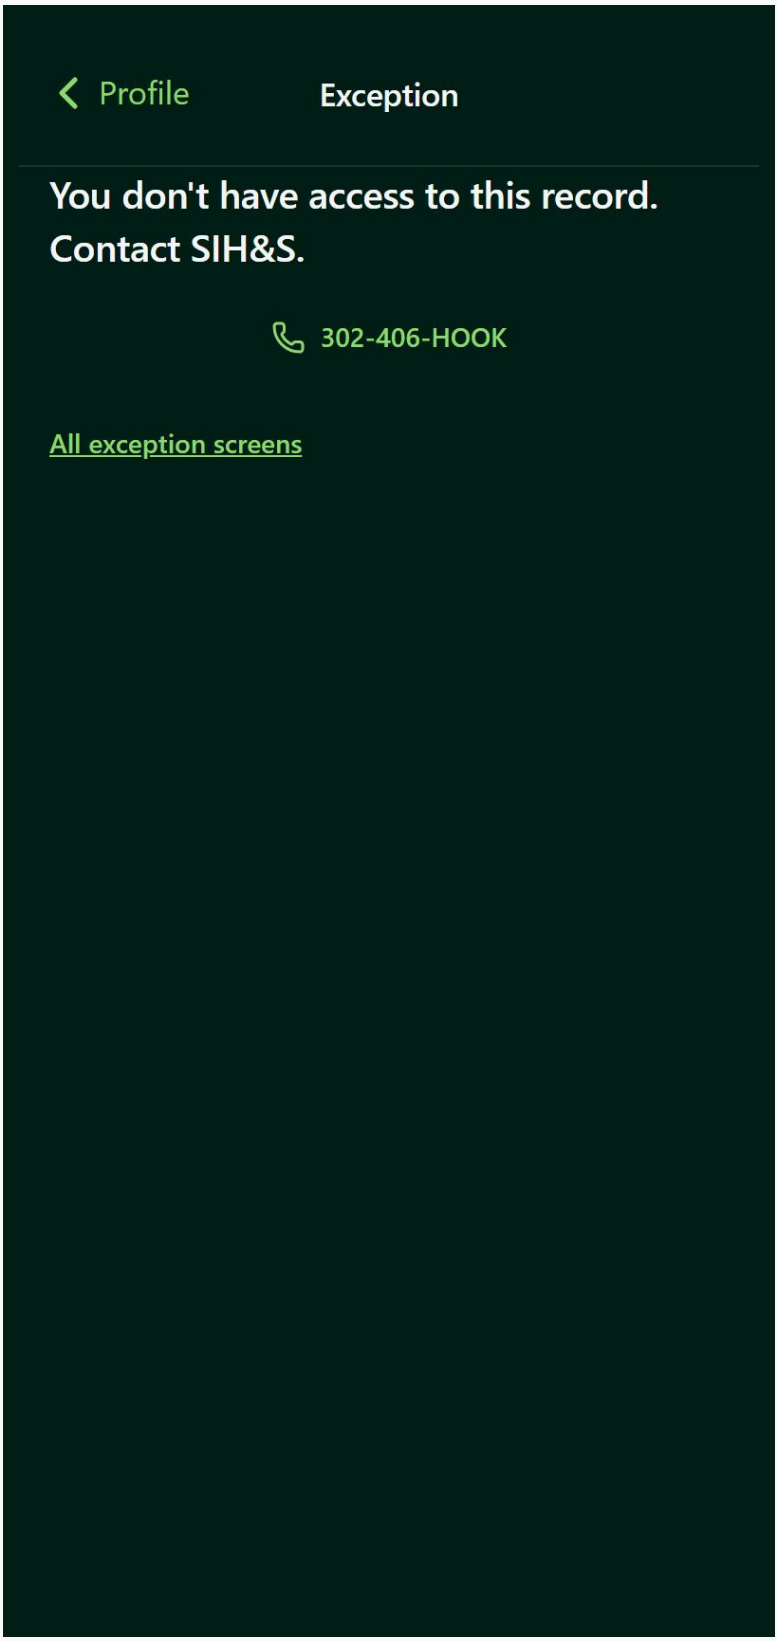

Conflicting status

An exception state. It does not remove work that was already recorded.

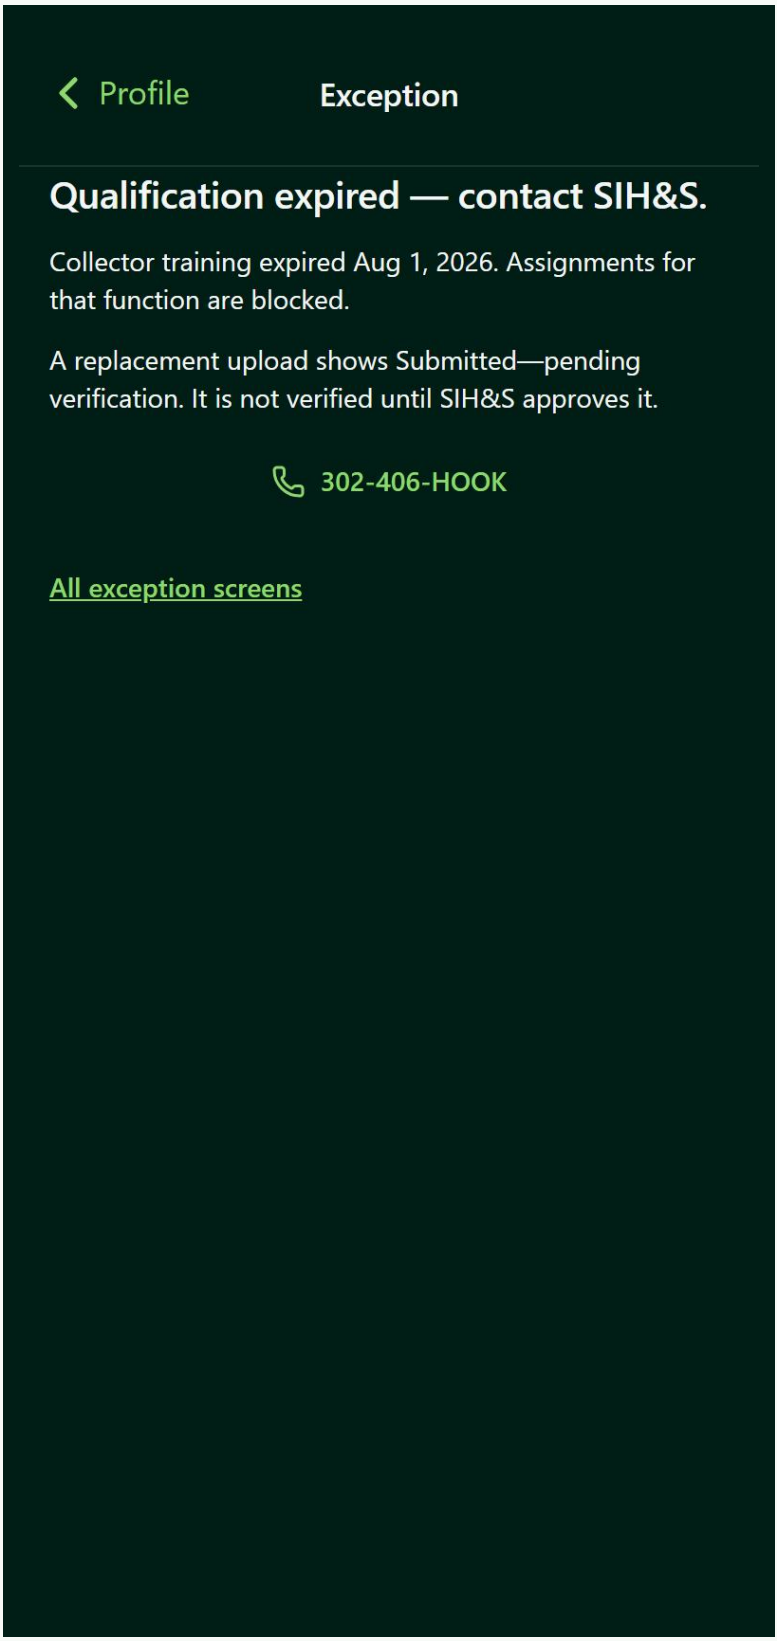

No access

An exception state. It does not remove work that was already recorded.

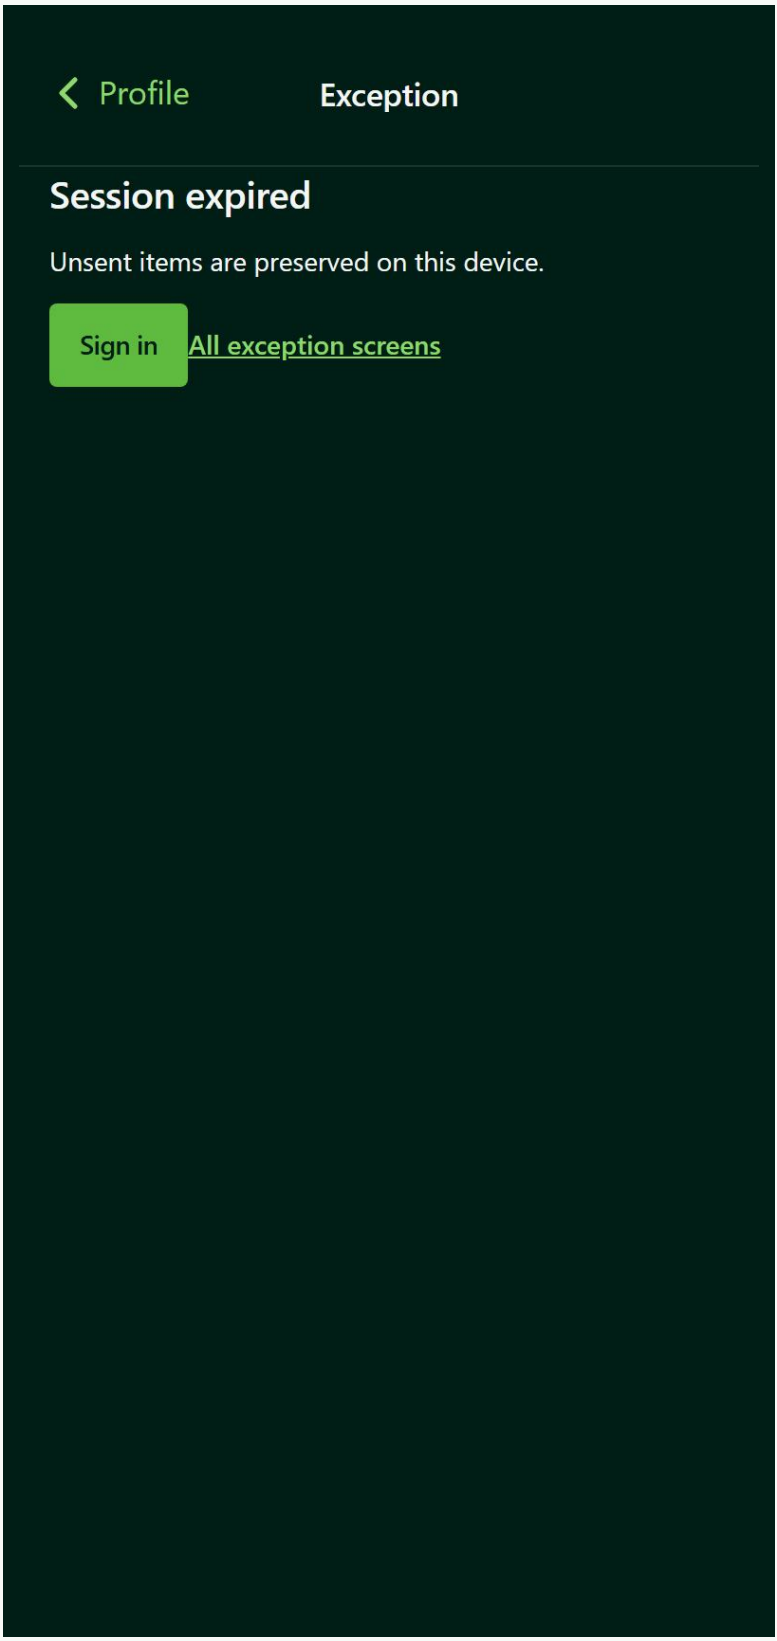

Qualification expired

An exception state. It does not remove work that was already recorded.

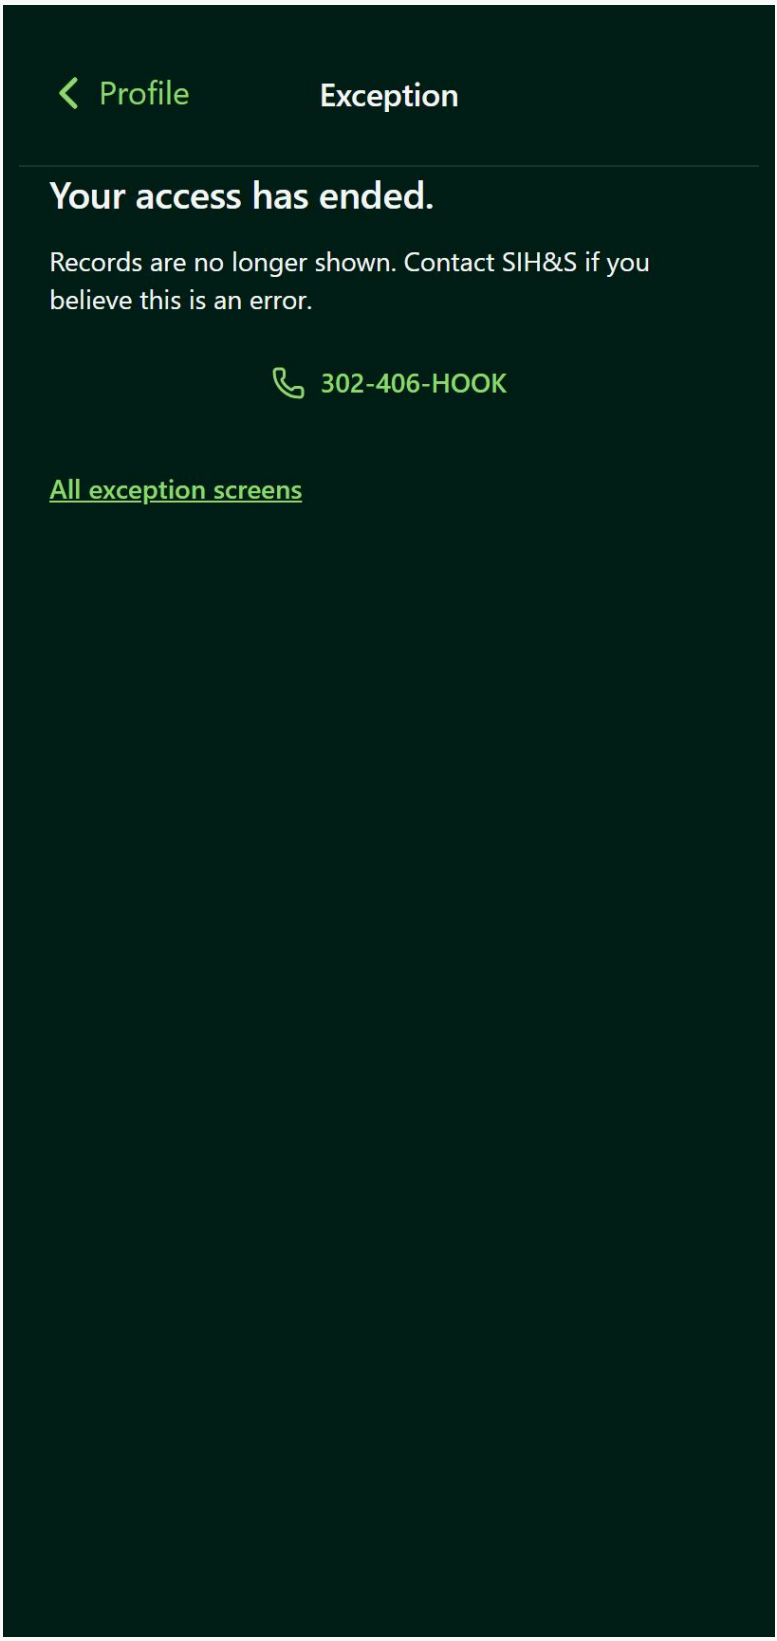

Session expired

An exception state. It does not remove work that was already recorded.

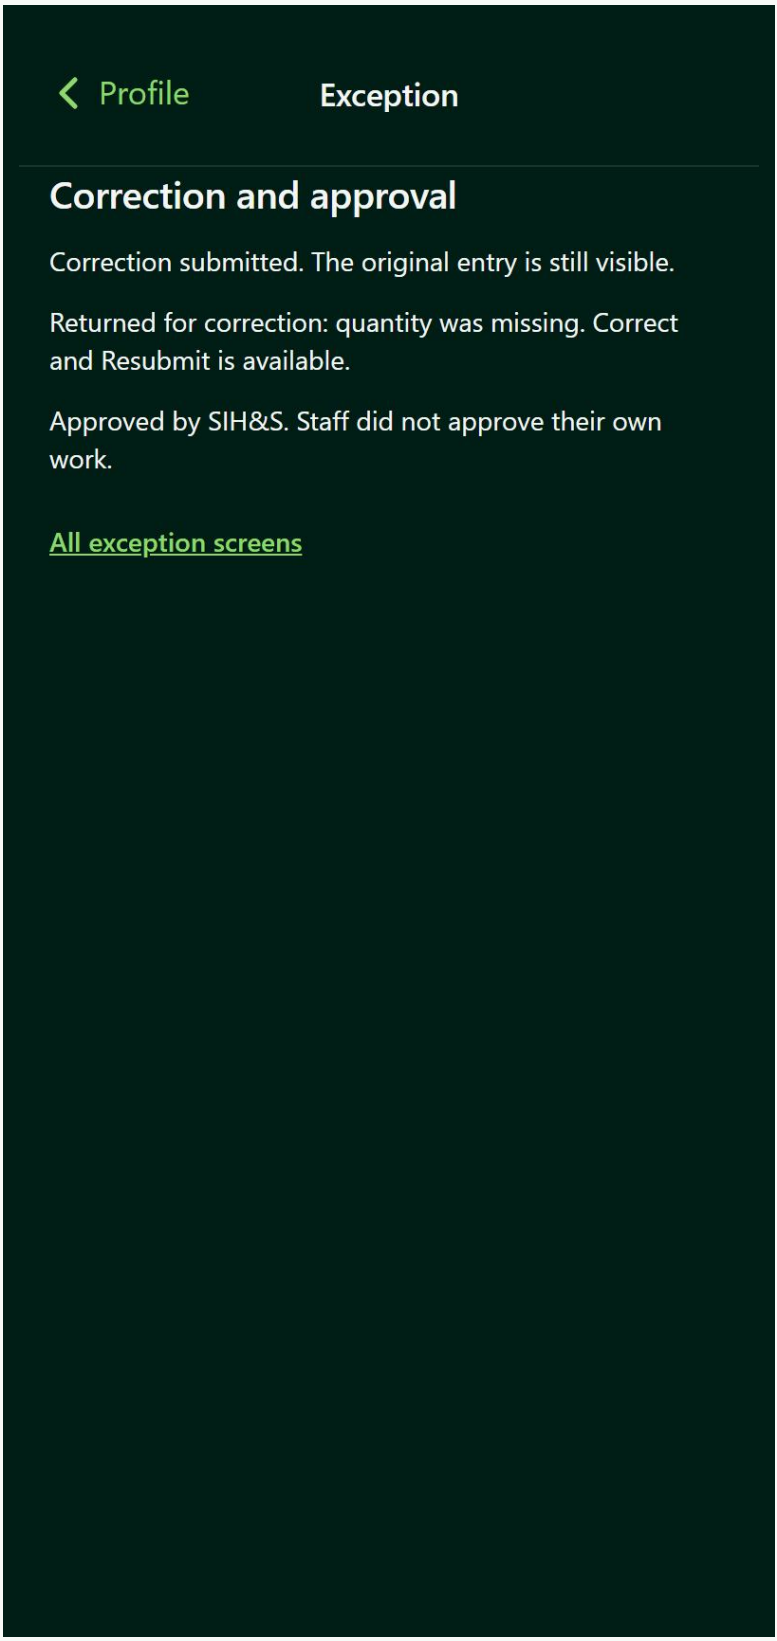

Access removed

An exception state. It does not remove work that was already recorded.

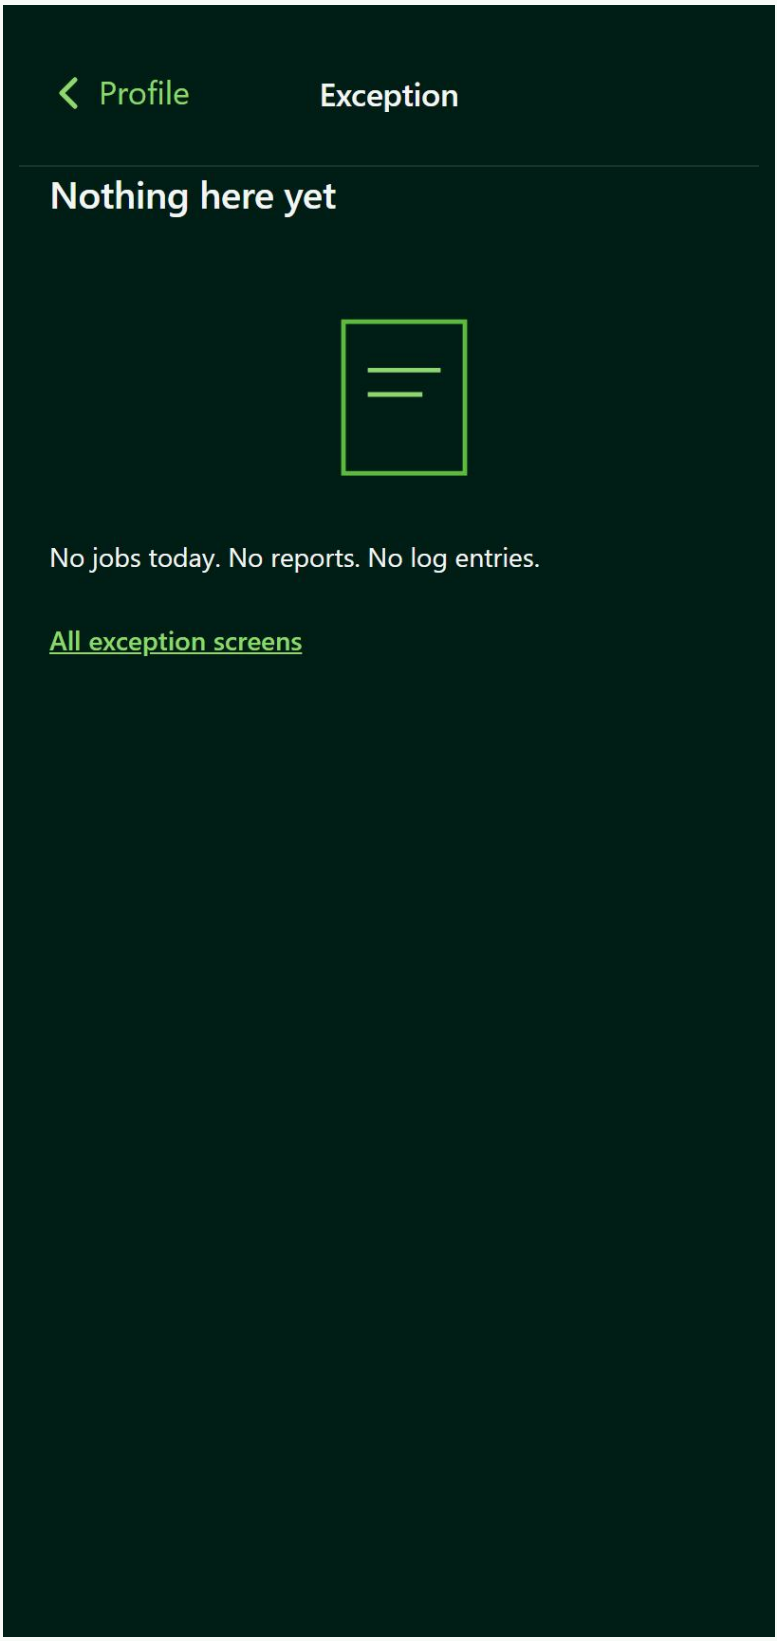

Correction and approval

An exception state. It does not remove work that was already recorded.

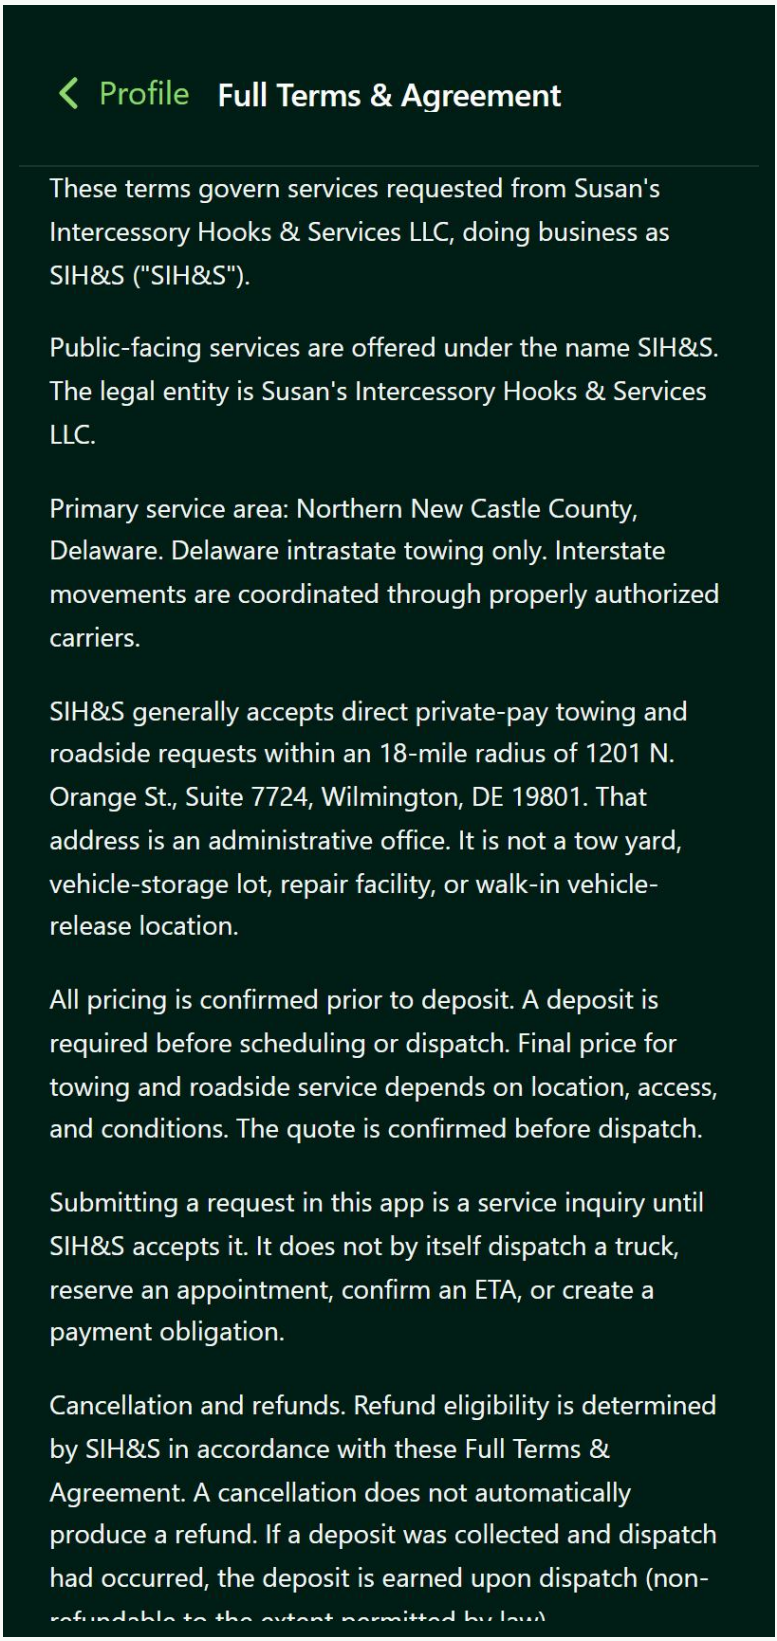

Empty states

An exception state. It does not remove work that was already recorded.

Full Terms & Agreement 1 of 3

Linked from apply, profile, and the other legal pages.

Profile **Full Terms & Agreement**

These terms govern services requested from Susan's Intercessory Hooks & Services LLC, doing business as SIH&S ("SIH&S").

Public-facing services are offered under the name SIH&S. The legal entity is Susan's Intercessory Hooks & Services LLC.

Primary service area: Northern New Castle County, Delaware. Delaware intrastate towing only. Interstate movements are coordinated through properly authorized carriers.

SIH&S generally accepts direct private-pay towing and roadside requests within an 18-mile radius of 1201 N. Orange St., Suite 7724, Wilmington, DE 19801. That address is an administrative office. It is not a tow yard, vehicle-storage lot, repair facility, or walk-in vehicle-release location.

All pricing is confirmed prior to deposit. A deposit is required before scheduling or dispatch. Final price for towing and roadside service depends on location, access, and conditions. The quote is confirmed before dispatch.

Submitting a request in this app is a service inquiry until SIH&S accepts it. It does not by itself dispatch a truck, reserve an appointment, confirm an ETA, or create a payment obligation.

Cancellation and refunds. Refund eligibility is determined by SIH&S in accordance with these Full Terms & Agreement. A cancellation does not automatically produce a refund. If a deposit was collected and dispatch had occurred, the deposit is earned upon dispatch (non-refundable to the extent permitted by law)

Full Terms & Agreement 2 of 3

Linked from apply, profile, and the other legal pages.

refundable to the extent permitted by law).

SIH&S performs specimen collection only for drug, alcohol, and DNA services. Laboratory analysis and MRO review are conducted by accredited third parties. No compliance guarantee is provided by SIH&S.

PIM-VEE™ means Post-Incident Motor Vehicle Coordination & Documentation Services ("PIMVCDS"). It is employer-directed, non-investigative, and does not include scene control or evidence handling. SIH&S does not provide accident investigation, fault determination, causation analysis, or accident reconstruction.

Where an integrated workflow is offered, the names are HOOK & TEST™ — U.S. Patent Pending and HOOK & PIM-VEE™ — U.S. Patent Pending. U.S. Patent Pending refers to pending U.S. patent application(s) related to integrated workflow controls and is not a guarantee of patent grant. Patent language does not apply to standalone Towing, standalone DNA, standalone Testing, or standalone PIM-VEE™.

Availability varies by service, staffing, location, and dispatch capacity. SIH&S is on call 24/7 to receive service requests, including nights, weekends, and holidays. Actual dispatch and appointment availability depend on operating conditions.

For towing or roadside service, call 302-406-HOOK (4665).

Disputes are subject to the Arbitration Notice, including binding arbitration, a jury-trial waiver, and a class-action waiver, except where applicable law does not permit those terms.

U.S. Patent Pending refers to pending U.S. patent application(s) related to integrated workflow controls and is not a guarantee of patent grant.
